

(4) Alternatives

In accordance with requirements of CEQ regulations 40 CFR 1502.14, and the provisions of Section 404(b)(1) of the Clean Water Act, the SEIS will evaluate all appropriate and reasonable alternatives to the proposed project. The SEIS will review all alternatives previously assessed in the FEIS and will include an analysis of reasonable alternatives consisting of the following:

- No Action Alternative,
- Development of a new water supply reservoir,
- Development of groundwater well systems with associated pump stations and pipelines,
- Use of other existing surface water reservoirs,
- Dredging of Lake Springfield.

Consideration of conservation measures is inherent in the City's ongoing objectives to optimize the efficiency of its water supply systems and is therefore inherent in each of the alternatives under evaluation.

(5) Scoping Process

The Corps is furnishing this notice to: (1) Advise other Federal and state agencies, affected Tribes, and the public of the proposed project; (2) announce the initiation of a 30-day scoping period; and (3) obtain suggestions and information on the scope of issues and alternatives to be included in the Draft SEIS. The Corps invites comments from all interested parties to ensure the full range of issues related to the permit request is addressed and that all significant issues are identified.

The SEIS will provide updated supporting data where needed, review the purpose and need, evaluate alternatives, and assess impacts of reasonable alternatives resulting from the development of a supplemental water supply system for the city. Potentially affected resources include: Agricultural land, threatened and endangered species, wildlife, water resources, wetlands and floodplains; forested areas, transportation, recreation and potentially historic properties. Preliminary measures to minimize harm will be developed as part of this study. The public's views on the scope of the alternatives that should be addressed in the SEIS will also be considered in the preparation of the SEIS.

(6) Public Participation

A public scoping meeting will be held on August 24, 2016 from 5:00–8:00 p.m. at the State Journal-Register, 1 Copley Plaza, Springfield, IL. The public is invited to submit comments on the scope of this SEIS no later than the date

identified in the **DATES** section of this notice. After the Corps prepares a draft of the SEIS, the Corps will release it for public comment. The Corps anticipates holding a public meeting in Springfield after release of the draft SEIS during the public comment period. Meeting details will be posted on the City of Springfield's Web site and published in local newspapers. The release of the Draft SEIS is anticipated for the first quarter of 2017.
