

technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

1. *Type of Information Collection:* Extension and revision of a currently approved collection.

2. *The Title of the Form/Collection:* Attorney Student Loan Repayment Program Electronic Forms.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* Form Number: None. Office of Attorney Recruitment and Management, Justice Management Division, U.S. Department of Justice.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Individuals or households. Other: None.

The Department of Justice Attorney Student Loan Repayment Program (ASLRP) is an agency recruitment and retention incentive program based on 5 U.S.C. 5379, as amended, and 5 CFR part 537. Anyone currently employed as an attorney or hired to serve in an attorney position within the Department may request consideration for the ASLRP. The Department selects new participants during an annual open season each spring and renews current beneficiaries who remain qualified for these benefits, subject to availability of funds. There are two application forms—one for new requests, and the other for renewal requests. A justification form (applicable to new requests only) and a loan continuation form complete the collection.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The Department anticipates about 275 respondents annually will complete the new request form and justification form and apply for participation in the ASLRP. In addition, each year the Department expects to receive approximately 110 applications from attorneys requesting renewal of the benefits they received in previous years. It is estimated that each new request (including justification) will take two (2) hours to complete, and each renewal request approximately 20 minutes to complete.

6. *An estimate of the total public burden (in hours) associated with the collection:* The estimated public burden associated with this collection is 586 hours, 40 minutes. It is estimated that new applicants will take 2 hours to complete the request form and justification and that current recipients requesting continued funding will take

20 minutes to complete a renewal form. The burden hours for collecting respondent data, 586 hours, 40 minutes, are calculated as follows: 275 new respondents × 2 hours = 550 hours, plus 110 renewing respondents × 20 minutes = 36 hours, 40 minutes.

If additional information is required contact: Jerri Murray, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE., 3E.405B, Washington, DC 20530.

Dated: August 10, 2016.

Jerri Murray,
Department Clearance Officer for PRA, U.S.
Department of Justice.

BILLING CODE 4410-PB-P

DEPARTMENT OF JUSTICE

Notice of Lodging Proposed Consent Decree

In accordance with Departmental policy, 28 U.S.C. 50.7, notice is hereby given that a proposed Consent Decree in *United States v. Varca Ventures, Inc. and Wildcat Mining Corporation*, Civil Action No. 1:16-cv-02008-WYD, was lodged with the United States District Court for the District of Colorado on August 8, 2016.

The proposed Consent Decree concerns a complaint filed by the United States against Varca Ventures, Inc. and Wildcat Mining Corporation, pursuant to Sections 301, 309(b), and 404 of the Clean Water Act, 33 U.S.C. 1311, 1319(b), and 1344, to obtain injunctive relief from and impose civil penalties against the Defendants for violating the Clean Water Act by discharging pollutants without a permit into waters of the United States and for violation of a compliance order issued by the United States Environmental Protection Agency. The proposed Consent Decree resolves these allegations by requiring the Defendants to restore the impacted areas and to pay a civil penalty.

The Department of Justice will accept written comments relating to this proposed Consent Decree for thirty (30) days from the date of publication of this Notice. Please address comments to Daniel Pinkston, Senior Attorney, United States Department of Justice, Environment and Natural Resources Division, Environmental Defense Section, 999 18th Street, South Terrace—Suite 370, Denver, CO 80202, and refer to *United States v. Varca*

Ventures, Inc. and Wildcat Mining Corporation, DJ #90-5-1-1-20319.

The proposed Consent Decree may be examined at the Clerk's Office, United States District Court for the District of Colorado, 901 19th Street, Denver, CO 80294. In addition, the proposed Consent Decree may be examined electronically at <http://www.justice.gov/enrd/consent-decrees>.

Cherie L. Rogers,

Assistant Section Chief, Environmental Defense Section, Environment and Natural Resources Division.

BILLING CODE 4410-15-P

DEPARTMENT OF LABOR

Employment and Training Administration

Job Corps: Draft Finding of No Significant Impact Sacramento Job Corps Center, 3100 Meadowview Rd., Sacramento, CA 95832 for Sacramento Regional Transit District Power Line Easement Alignment Alteration

AGENCY: Employment and Training Administration (ETA), Department of Labor.

ACTION: Notice

SUMMARY: Pursuant to the Council on Environmental Quality Regulations (40 CFR part 1500-08) implementing procedural provisions of the National Environmental Policy Act (NEPA), the Department of Labor, ETA, in accordance with 29 CFR 11.11(d), gives notice that the alignment alteration of a proposed easement and transmission line on the Sacramento Job Corps Center, will not have a significant adverse impact on the environment.

DATES: *Effective Date:* These findings are effective as of July 29, 2016.

FOR FURTHER INFORMATION CONTACT: William A Dakshaw, Department of Labor, 200 Constitution Avenue NW., Room N-4460, Washington, DC 20210 (202) 693-2867 (this is not a toll free number).

SUPPLEMENTARY INFORMATION: The transmission line is being relocated to the Job Corps property as part of the South Sacramento Corridor Light Rail Phase 2 Extension project. The transmission line alignment has been evaluated for environmental issues by the Sacramento Regional Transit District in Initial Study/Proposed Mitigated Negative Declaration South Sacramento Corridor Phase 2 Extension 69 kV Transmission Line and Joint Pole

Facilities Relocation Project (Initial Study) October 2013.

Since the Initial Study, the transmission alignment has been altered to run closer to the east boundary on the Sacramento Job Corps property. The changes to the alignment of the Transmission Line are not substantial, and, with the mitigation specified in the re-evaluation materials, the changes will not cause significant environmental impacts that were not previously evaluated.

The Sacramento Regional Transit District has prepared a Modification to the Sacramento Regional Transit District's South Sacramento Corridor Phase 2 Light Rail Project—69 kW Transmission Line Relocation which included a Wetlands Assessment for Proposed SMUD 69-kv Relocation (October 15, 2015) to evaluate and propose mitigation actions regarding environmental impacts.

The previously evaluated environmental impacts are:

Removal of 12 eucalyptus trees: Removal of the trees may disturb nesting Swainson's hawks which are a California State threatened species. The proposed mitigation is that tree removal work will be completed outside of nesting season which runs from February 1 to September 15th in accordance with California Department of Fish and Wildlife guidelines.

Threatened vernal pool fairy shrimp and endangered vernal pool tadpole shrimp may be present in vernal pool habitat. The proposed mitigation is to provide a 200 ft buffer between vernal pools and the transmission poles and service roadway.

The Department of Labor is a Cooperating Agency with the U.S. Federal Transit Authority on this project. The Federal Transit Administration letter of May 17, 2016 from Leslie T Rogers, Regional Administrator Region IX, FTA, to Michael R Wiley, General Manager/CEO, Sacramento Regional Transit District stated that the project was previously the subject of a Record of Decision that was issued by FTA in December, 2008 and no further Environmental Impact Statement or Environmental Assessment are necessary. The Office of Job Corps concurs that neither the preparation of a Supplemental Environmental Impact Statement nor an Environmental Assessment are necessary.

Implementation of the selected alternative will not have significant impacts on the human environment. The determination is sustained by the analysis in the Initial Study, agency consultation, and the capability of mitigations to reduce or avoid impacts. Any adverse environmental impacts that

could occur are no more than minor in intensity, duration and context and less-than-significant. There are no previous, planned, or implemented actions, which in combination with the selected alternative would have significant effects on the human environment. Requirements of NEPA have been satisfied and preparation of an Environmental Impact Statement is not required. A public comment period was initiated with a notice in the Sacramento Bee on July 31, 2016. The comment period is for 30 days, ending on August 30, 2016.

Signed at Washington, DC, this 29th day of July, 2016.

Portia Wu,

Assistant Secretary for Employment and Training, Labor.

BILLING CODE 4510-FT-P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-2016-045]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when agencies no longer need them for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice in the **Federal Register** for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: NARA must receive requests for copies in writing by September 15, 2016. Once NARA finishes appraising the records, we will send you a copy of the schedule you requested. We usually prepare appraisal memoranda that

contain additional information concerning the records covered by a proposed schedule. You may also request these. If you do, we will also provide them once we have completed the appraisal. You have 30 days after we send to you these requested documents in which to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Appraisal and Agency Assistance (ACRA) using one of the following means:

Mail: NARA (ACRA); 8601 Adelphi Road; College Park, MD 20740-6001.

Email: request.schedule@nara.gov.

FAX: 301-837-3698.

You must cite the control number, which appears in parentheses after the name of the agency that submitted the schedule, and a mailing address. If you would like an appraisal report, please include that in your request.

FOR FURTHER INFORMATION CONTACT:

Margaret Hawkins, Director, by mail at Records Appraisal and Agency Assistance (ACRA); National Archives and Records Administration; 8601 Adelphi Road; College Park, MD 20740-6001, by phone at 301-837-1799, or by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: Each year, Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing records retention periods and submit these schedules for NARA's approval. These schedules provide for timely transfer into the National Archives of historically valuable records and authorize the agency to dispose of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless otherwise specified. An item in a schedule is media neutral when an agency may apply the disposition instructions to records regardless of the medium in which it creates or maintains the records. Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is expressly limited to a specific medium. (See 36 CFR 1225.12(e).)
