[Docket No. FD 36054]

Kokomo Rail Co., Inc.—Acquisition and Operation Exemption—Rail Line of Indian Creek Railroad Company

Kokomo Rail Co., Inc. (KRC), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to

acquire and operate approximately 4.55 miles of rail line (the Line), from Indian Creek Railroad Company (ICRK). According to KRC's notice, the Line extends between a point of connection to Norfolk Southern Railway Company at or near Florida Station and the end of track northwest of Anderson, Ind., a distance of 4.55 miles in Madison County, Ind. The Line does not have milepost designations. KRC states that the Line extends between Madison County Road 200 West and a point near the intersection of Madison County Roads 500 West and 700 North.

KRC certifies that its projected annual revenues as a result of this transaction will not result in the creation of a Class II or Class I rail carrier, that its projected annual revenue will not exceed \$5 million, and that the transaction does not involve any interchange commitments.

The earliest this transaction may be consummated is September 1, 2016, the effective date of the exemption (30 days after the exemption was filed).

If the notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction. Petitions for stay must be filed no later than August 25, 2016 (at least 7 days before the exemption becomes effective).

An original and 10 copies of all pleadings, referring to Docket No. FD 36054, must be filed with the Surface Transportation Board, 395 E Street SW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on Thomas F. McFarland, P.C., 208 South LaSalle Street, Suite 1666, Chicago, IL 60604.

Decided: August 15, 2016.

Federal Railroad Administration

[Docket Number FRA-2016-0076]

Petition for Waiver of Compliance

In accordance with part 211 of Title 49 Code of Federal Regulations (CFR),

this document provides the public notice that by a document dated June 27, 2016, the Southeastern Pennsylvania Transportation Authority (SEPTA) has petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR 238.135(b). FRA assigned the petition Docket Number FRA-2016-0076.

SEPTA is requesting special approval to operate its passenger train exterior side doors and trap doors differently than required by 49 CFR 238.135(b), which requires all such doors must be closed when a train is in motion between stations during specific times of day and type of operating schedule. SEPTA performed a hazard analysis regarding the operation of its trains in this manner and specific mitigations it will undertake to reduce risks.

SEPTA specifically requests special approval for the following:

- Operation of the Silverliner IV or push-pull passenger cars with the exterior side doors or trap doors, or both, in the open position when operating a weekday schedule with trains arriving or departing Suburban Station between the hours of 6:30 a.m. to 9:30 a.m. and 3:30 p.m. to 6:30 p.m.

- Operation of the Silverliner IV or push-pull passenger cars with the exterior side doors or trap doors, or both, in the open position during two designated 3-hour peak periods on holidays. SEPTA will formally declare these peak periods prior to the event and provide train crews with written notification of the same no less than 2 calendar days prior.

- Operation of the Silverliner IV or push-pull passenger cars with the exterior side doors or trap doors, or both, in the open position as "EXTRA" trains when necessitated during emergency exigent circumstances.

- Operation of the Silverliner V cars with the interior trap doors open at all times.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Avenue SE., W12-140, Washington, DC 20590.
