Order Declares JuBe Communications, LLC's International Section 214 Authorization Terminated

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this document, the International Bureau of the Federal Communications Commission (Commission) declares the international Section 214 authorization granted to JuBe Communications, LLC (JuBe) terminated given JuBe's inability to comply with the express condition for holding the authorization. It also concludes that JuBe failed to comply with those requirements of the Communications Act of 1934, as amended (the Act) and the Commission's rules that ensure that the Commission can contact and communicate with the authorization holder and verify JuBe is still providing service, which failures have prevented any way of addressing JuBe's inability to comply with the condition of its authorization.

FOR FURTHER INFORMATION CONTACT: Cara Grayer, Telecommunications and Analysis Division, International Bureau at (202) 418-2960 or Cara.Grayer@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Order, DA 16-720, adopted and released July 1, 2016.

Under Section 214(c) of the Act, the Commission "may attach to the issuance of the certificate such terms and conditions as in its judgment the public convenience and necessity may require." On July 27, 2007, the International Bureau granted JuBe an international Section 214 authorization to provide global or limited global facility-based service and global or limited global resale service in
