SUPPLEMENTARY INFORMATION:

I. Abstract

The Patent Law Treaties Implementation Act of 2012 (PLTIA) amends the patent laws to implement the provisions of the Patent Law Treaty (PLT) in title II. The PLT harmonizes and streamlines formal procedures pertaining to the filing and processing of patent applications.

By a final rule titled “Changes to Implement the Patent Law Treaty” (RIN 0651–AC85) and published in the Federal Register on October 21, 2013, the USPTO revised the rules of practice for consistency with the changes in the PLT and title II of the PLTIA. One notable change pertains to the restoration of the right of priority to a foreign application or the benefit of a provisional application in a subsequent application filed within two months of the expiration of the twelve-month period (six-month period for design applications) for filing such a subsequent application. The information in this collection relates to the petitions for restoration that may be filed in accordance with the revised rules.

The information in this collection can be submitted electronically through EFS-Web, the USPTO’s Web-based electronic filing system, as well as on paper. The USPTO is therefore accounting for both electronic and paper submissions in this collection.

II. Method of Collection

Electronically if applicants submit the information using EFS-Web. By mail or hand delivery in paper form.
