United States District Court for the District of Columbia

United States of America, Plaintiff, v. Charter Communications, Inc., Time Warner Cable Inc, Advance/Newhouse Partnership, and Bright House Networks, LLC, Defendants. Civil Action No. 1:16-cv-00759 (RCL)

RESPONSE OF PLAINTIFF UNITED STATES TO PUBLIC COMMENT ON THE PROPOSED FINAL JUDGMENT

Pursuant to the requirements of the Antitrust Procedures and Penalties Act, 15 U.S.C. 16(b)-(h) ("APPA" or "Tunney Act"), the United States hereby files the single public comment received concerning the proposed Final Judgment in this case and the United States' response to the comment. After careful consideration of the submitted comment, the United States continues to believe that the proposed Final Judgment provides an effective and appropriate remedy for the antitrust violations alleged in the Complaint. The United States will move the Court for entry of the proposed Final Judgment after the public comment and this Response have been published in the **Federal Register** pursuant to 15 U.S.C. 16(d).

I. PROCEDURAL HISTORY

On May 23, 2015, Charter Communications, Inc. ("Charter") and Time Warner Cable, Inc. ("TWC"), two of the largest cable companies in the United States, agreed to merge in a deal valued at over \$78 billion. In addition, Charter and Advance/Newhouse Partnership, which owns Bright House Networks, LLC ("BHN"), announced that Charter would acquire BHN for \$10.4 billion, conditional on the sale of TWC to Charter. On April 25, 2015, the United States filed a civil antitrust Complaint seeking to enjoin Charter from acquiring TWC and BHN. The United States alleged in the Complaint that the proposed acquisition likely would substantially lessen 'competition in numerous local markets for the timely distribution of professional, full-length video programming to residential customers ("video programming distribution") throughout the United States in violation of Section 7 of the Clayton Act, 15 U.S.C. 18.

Simultaneously with the filing of the Complaint, the United States filed a proposed Final Judgment that would settle the case. On May 10, 2016, the United States filed a Competitive Impact Statement ("CIS") that explains how the

proposed Final Judgment is designed to remedy the likely anticompetitive effects of the proposed acquisition. As required by the Tunney Act, the United States published the proposed Final Judgment and CIS in the **Federal Register** on May 17, 2016. See 81 FR 30550. In addition, the United States ensured that a summary of the terms of the proposed Final Judgment and CIS, together with directions for the submission of written comments, were published in *The Washington Post* for seven days from May 13 through 19, 2016. The 60-day period for public comments ended on July 18, 2016. The United States received one comment, which is described below and attached as Exhibit 1.

II. THE INVESTIGATION AND THE PROPOSED SETTLEMENT

The proposed Final Judgment is the culmination of more than ten months of investigation by the Antitrust Division of the United States Department of Justice ("Department"). The Department opened an investigation soon after the transactions were announced, and conducted a comprehensive review of the potential implications of the transactions. The Department interviewed dozens of companies and individuals involved in the industry, obtained deposition testimony, required Defendants to provide the Department with extensive data and responses to numerous interrogatories, and collected millions of business documents from the Defendants and relevant third parties. The Department also consulted extensively with the Federal Communications Commission, which was conducting a separate statutory review of the acquisitions, to ensure that the agencies conducted their reviews in a coordinated and complementary fashion and created remedies that were both comprehensive and consistent.

Although Charter, TWC, and BHN do not compete to offer residential services in the same local geographic areas, the Department's investigation found that the proposed acquisitions were likely to substantially lessen competition because they would increase Charter's incentive and ability to use its bargaining leverage to make it more difficult for online video distributors to compete effectively. In particular, the Department alleged in its Complaint that the merger would give Charter greater incentive and ability to use restrictive clauses in its contracts with video programmers to prevent online video distributors from obtaining important video programming content.

The proposed Final Judgment is designed to address the anticompetitive
