

### Solicitation of Comment Required by the PRA

In accordance with 5 CFR 1320.8(d)(1), HUD is specifically soliciting comment from members of the public and affected program participants on the Assessment Tool on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

(6) Whether the inclusion of the "inserts" for Qualified PHAs (QPHAs) and small program participants will facilitate collaboration between local governments and these program participants and whether these entities anticipate collaborating to conduct and submit a joint or regional AFH. Please note any changes to these inserts that (a) would better facilitate collaboration; (b) provide for a more robust and meaningful fair housing analysis; and (c) encourage collaboration among these program participants that do not anticipate collaborating at this time.

(7) Whether HUD's change to the structure and content of the questions in the Disparities in Access to Opportunity section with respect to the protected class groups that program participants must analyze is sufficiently clear and will yield a meaningful fair housing analysis. Additionally, HUD specifically solicits comment on whether an appropriate fair housing analysis can and will be conducted if the other protected class groups are assessed only in the "Additional Information" question at the end of the section, as opposed to in each subsection and question in the larger Disparities in Access to Opportunity section. HUD also requests comment on whether it would be most efficient for program participants to have the protected class groups specified in each question in this section. If so, please provide an explanation. Alternatively, HUD requests comment on whether each subsection within the Disparities in Access to Opportunity section should include an additional question related

to disparities in access to the particular opportunity assessed based on all of the protected classes under the Fair Housing Act.

(8) Whether HUD should include any other contributing factors or amend any of the descriptions of the contributing factors to more accurately assess fair housing issues affecting program participants' jurisdictions and regions. HUD encourages not only program participants but interested persons to submit comments regarding the information collection requirements in this proposal. Comments must be received by September 22, 2016 to [www.regulations.gov](http://www.regulations.gov) as provided under the **ADDRESSES** section of this notice. Comments must refer to the proposal by name and docket number (FR-5173-N-10-A).

HUD encourages interested parties to submit comment in response to these questions.

Dated: August 17, 2016.
