RIN 0648-XE829

Snapper-Grouper Fishery of the South Atlantic; 2016 Recreational Accountability Measure and Closure for South Atlantic Golden Tilefish

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS implements accountability measures (AMs) for the golden tilefish recreational sector in the exclusive economic zone (EEZ) of the South Atlantic for the 2016 fishing year through this temporary rule. NMFS estimates recreational landings of golden tilefish in 2016 have exceeded the recreational annual catch limit (ACL). Therefore, NMFS closes the golden tilefish recreational sector in the South Atlantic EEZ on August 27, 2016. This closure is necessary to protect the golden tilefish resource.

DATES: This rule is effective 12:01 a.m., local time, August 27, 2016, until 12:01 a.m., local time, January 1, 2017.

FOR FURTHER INFORMATION CONTACT: Mary Vara, NMFS Southeast Regional Office, telephone: 727-824-5305, email: mary.vara@noaa.gov.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery of the South Atlantic includes golden tilefish and is managed under the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP). The FMP was prepared by the South Atlantic Fishery Management Council and is implemented by NMFS under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) by regulations at 50 CFR part 622.

The recreational ACL for golden tilefish is 3,019 fish. In accordance with regulations at 50 CFR 622.193(a)(2)(i), if recreational landings of golden tilefish reach the recreational ACL, the Assistant Administrator for NOAA Fisheries (AA) will file a notification with the Office of the Federal Register to close the recreational sector for the remainder of the fishing year. Landings data from the NMFS Southeast Fisheries Science Center in 2016 indicate that the golden tilefish recreational ACL has been exceeded. Therefore, this temporary rule implements an AM to close the golden tilefish recreational sector of the snapper-grouper fishery for the remainder of the 2016 fishing year. As a result, the recreational sector for golden tilefish in the South Atlantic EEZ will be closed effective 12:01 a.m., local time August 27, 2016.

During the closure, the bag and possession limits for golden tilefish in or from the South Atlantic EEZ are zero. The recreational sector for golden tilefish will reopen on January 1, 2017, the beginning of the 2017 recreational fishing season.

Classification

The Regional Administrator for the NMFS Southeast Region has determined this temporary rule is necessary for the conservation and management of South Atlantic golden tilefish and is consistent with the Magnuson-Stevens Act and other applicable laws.

This action is taken under 50 CFR 622.193(a)(2)(i) and is exempt from review under Executive Order 12866.

These measures are exempt from the procedures of the Regulatory Flexibility Act because the temporary rule is issued without opportunity for prior notice and comment.

This action responds to the best scientific information available. The AA finds that the need to immediately implement this action to close the recreational sector for golden tilefish constitutes good cause to waive the requirements to provide prior notice and opportunity for public comment on this temporary rule pursuant to 5 U.S.C. 553(b)(B), because such procedures are unnecessary and contrary to the public interest. Such procedures are unnecessary because the AMs established by Regulatory Amendment 12 to the FMP (77 FR 61295, October 9, 2012) have already been subject to notice and comment. All that remains is to notify the public of the recreational closure for golden tilefish for the remainder of the 2016 fishing year. Prior notice and opportunity for comment are contrary to the public interest because of the need to immediately implement

this action to protect the golden tilefish resource. Time required for notice and public comment would allow for continued recreational harvest and further exceedance of the recreational ACL.

For the aforementioned reasons, the AA also finds good cause to waive the 30-day delay in the effectiveness of this action under 5 U.S.C. 553(d)(3).

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 22, 2016.

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Snapper-Grouper Resources of the South Atlantic; Trip Limit Reduction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; trip limit reduction.

SUMMARY: NMFS reduces the commercial trip limit for vermilion snapper in or from the exclusive economic zone (EEZ) of the South Atlantic to 500 lb (227 kg), gutted weight, 555 lb (252 kg), round weight. This trip limit reduction is necessary to protect the South Atlantic vermilion snapper resource.

DATES: This rule is effective 12:01 a.m., local time, August 28, 2016, until 12:01 a.m., local time, January 1, 2017.

FOR FURTHER INFORMATION CONTACT: Mary Vara, NMFS Southeast Regional Office, telephone: 727-824-5305, email: mary.vara@noaa.gov.

SUPPLEMENTARY INFORMATION: The snapper-grouper fishery in the South Atlantic includes vermilion snapper and is managed under the Fishery Management Plan for the Snapper-Grouper Fishery of the South Atlantic Region (FMP). The South Atlantic Fishery Management Council prepared the FMP. The FMP is implemented by NMFS under the authority of the Magnuson-Stevens Fishery
