II. What action is the Agency taking?

As directed in TSCA section 12(c)(7)(B), 15 U.S.C. 2611(c)(7)(B), EPA is publishing a list of mercury compounds prohibited from export under TSCA section 12(c), as amended. EPA must publish this list not later than 90 days after June 22, 2016 (15 U.S.C. 2611(c)(7)(B)). Effective January 1, 2020, the statute prohibits export of: Mercury (I) chloride or calomel; mercury (II) oxide; mercury (II) sulfate; mercury (II) nitrate; and cinnabar or mercury sulphide (15 U.S.C. 2611(c)(7)(A)(i)-(v)). The respective Chemical Abstracts Service Registry Numbers (CASRN) associated with the enumerated chemical substances are: 10112-91-1, 21908-53-2, 7783-35-9, 10045-94-0, and 1344-48-5. The statute also provides that EPA, on determining that exporting any additional mercury compound for the purpose of regenerating elemental mercury is technically feasible, may add by rule such mercury compound to the

published list (15 U.S.C. 2611(c)(7)(A)(vi)). In addition, any person may petition EPA to add a mercury compound to this published list (15 U.S.C. 2611(c)(7)(C)). The statute provides an exception to the export prohibition for export of listed mercury compounds to member countries of the Organization for Economic Co-operation and Development for environmentally sound disposal, on the condition that no mercury or mercury compounds so exported are to be recovered, recycled, or reclaimed for use, or directly reused, after such export (15 U.S.C. 2611(c)(7)(D)). EPA is not soliciting comments on this notice.

I. Additional Information About the Proposed Settlement Agreement

The proposed settlement agreement would settle Petitioners’ petitions for review in the United States Court of Appeals for the Ninth Circuit challenging, under CAA section 307(b)(1), the CAA provisions of the Amended Order. The proposed settlement agreement would require Petitioners to voluntarily dismiss their petitions for review of the Amended Order, with prejudice, in exchange for EPA’s agreement that EPA will not seek administrative or civil penalties from the Petitioners for the CAA violations alleged in the Amended Order. The proposed settlement agreement also provides for each party to bear its own litigation costs.

For a period of 30 days following the date of publication of this notice, the Agency will receive written comments relating to the proposed settlement agreement from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed settlement agreement if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department

of Justice determines that consent to the agreement should be withdrawn, the terms of the agreement will be affirmed.

II. Additional Information About Commenting on the Proposed Settlement Agreement

The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. An electronic version of the public docket is available through www.regulations.gov. You may use the www.regulations.gov to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, key in the appropriate docket identification number then select "search".

It is important to note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing online at www.regulations.gov without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, email address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (email) system is not an "anonymous access" system. If you send an email comment directly to the Docket without going through www.regulations.gov, your email address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.
