AUTHORITY: 44 U.S.C. 3507(a)(1)(D).
SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Registered Apprenticeship College Consortium (RACC) information collection that facilitates awarding a registered apprenticeship completion certificate towards college credit. RACC post-secondary educational institution members agree to accept apprentice graduates from member registered apprenticeship sponsors with the approximate amount of credit towards college that has been designated by a third party evaluator. The information collection includes three application forms to join the consortium; there are three types of membership and separate applications for each type of member. This information collection has been classified as a revision, because the ETA has decided not to pursue completion of an on-line registration system. National Apprenticeship Act section 1 authorizes this information collection. See 29 U.S.C. 50.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0521. The current approval is scheduled to expire on August 31, 2016; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 17, 2016 (81 FR 14486).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section by September 30, 2016. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205-0512. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
