#### **SUPPLEMENTARY INFORMATION:**

**Purpose:** The purpose of the meeting is for the Task Force to consider the findings of systematic reviews and issue findings and recommendations. Task Force recommendations provide information about evidence-based options that decision makers and stakeholders can consider when determining what best meets the specific needs, preferences, available resources, and constraints of their jurisdictions and constituents.

**Matters to be discussed:** cardiovascular disease prevention and

control, diabetes prevention and control, health equity, and obesity prevention and control.

*Royal Campus Security Guidelines:* The Edward R. Royal Campus is the headquarters of the U.S. Centers for Disease Control and Prevention and is located at 1600 Clifton Road NE., Atlanta, Georgia. The meeting is being held in a Federal government building; therefore, Federal security measures are applicable.

All meeting attendees must RSVP by the dates outlined under *Meeting Accessibility*. In planning your arrival time, please take into account the need to park and clear security. All visitors must enter the Edward R. Royal Campus through the front entrance on Clifton Road. Your car may be searched, and the guard force will then direct visitors to the designated parking area. Upon arrival at the facility, visitors must present government issued photo identification (e.g., a valid federal identification badge, state driver's license, state non-driver's identification card, or passport). Non-United States citizens must complete the required security paperwork prior to the meeting date and must present a valid passport, visa, Permanent Resident Card, or other type of work authorization document upon arrival at the facility. All persons entering the building must pass through a metal detector. Visitors will be issued a visitor's ID badge at the entrance to Building 19 and may be escorted to the meeting room. All items brought to HHS/CDC are subject to inspection.

Dated: August 24, 2016.

#### Agency Information Collection Activities: Proposed Collection: Public Comment Request; the National Health Service Corps Loan Repayment Program

**AGENCY:** Health Resources and Services Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** In compliance with the requirement for opportunity for public comment on proposed data collection projects (Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995), the Health Resources and Services Administration (HRSA) announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the

ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

**DATES:** Comments on this ICR must be received no later than October 28, 2016.

**ADDRESSES:** Submit your comments to [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov) or mail the HRSA Information Collection Clearance Officer, 5600 Fishers Lane, Room 14N-39, Rockville, MD 20857.

**FOR FURTHER INFORMATION CONTACT:** To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email [paperwork@hrsa.gov](mailto:paperwork@hrsa.gov) or call the HRSA Information Collection Clearance Officer at (301) 443-1984.

**SUPPLEMENTARY INFORMATION:** When submitting comments or requesting information, please include the ICR title for reference.

*Information Collection Request Title:* The National Health Service Corps Loan Repayment Program.

*OMB No.:* 0915-0127—Revision.

*Abstract:* The National Health Service Corps (NHSC) Loan Repayment Program (LRP) was established to assure an adequate supply of trained primary care health professionals to provide services in the neediest Health Professional Shortage Areas (HPSAs) of the United States. Under this program, the Department of Health and Human Services agrees to repay the qualifying educational loans of selected primary care health professionals. In return, the health professionals agree to serve for a specified period of time in a NHSC-approved site located in a federally-designated HPSA approved by the Secretary for LRP participants. The forms utilized by the LRP include the following: The NHSC LRP Application, the Authorization for Disclosure of Loan Information form, the Privacy Act Release Authorization form, and if applicable, the Verification of Disadvantaged Background form and the Private Practice Option form. The first four of the aforementioned NHSC LRP forms collect information that is needed for selecting participants and repaying qualifying educational loans. The last referenced form, the Private Practice Option Form, is needed to collect information for all participants who have applied for that service option.

NHSC-approved sites are health care facilities that provide comprehensive outpatient, ambulatory, primary health care services to populations residing in HPSAs. Related in-patient services may be provided by NHSC-approved Critical Access Hospitals (CAHs). In order to become an NHSC-approved site, new sites must submit a Site Application for

review and approval. Existing NHSC-approved sites are required to complete a Site Recertification Application in order to maintain their NHSC-approved status. Both the NHSC Site Application and Site Recertification Application request information on the clinical service site, sponsoring agency, recruitment contact, staffing levels, service users, charges for services, employment policies, and fiscal management capabilities. Assistance in completing these applications may be obtained through the appropriate State Primary Care Offices and the NHSC. The information collected on the applications is used for determining the eligibility of sites for the assignment of NHSC health professionals and to verify the need for NHSC clinicians. NHSC service site approval is valid for 3 years. Sites wishing to remain eligible for the assignment of NHSC providers, must submit a Site Recertification Application every 3 years.

The proposed ICR is a revision to OMB control number 0915-0127 (NHSC LRP) by combining OMB control number 0915-0230 (NHSC Site Application) and adding a new form to the ICR entitled the NHSC Comprehensive Behavioral Health Services Checklist.

*Need and Proposed Use of the Information:* The need and purpose of this information collection is to obtain information that is used to assess an LRP applicant's eligibility and qualifications for the LRP and to obtain information for NHSC site applicants. Clinicians interested in participating in the NHSC LRP must submit an application to the NHSC to participate in the program, and health care facilities located in HPSAs must submit an NHSC Site Application and Site Recertification Application to determine the eligibility of sites to participate in the NHSC as an approved service site. The NHSC LRP participant application asks for personal, professional and financial information needed to determine the applicant's eligibility to participate in the NHSC LRP. In addition, applicants must provide information regarding the loans for which repayment is being requested. NHSC policy requires behavioral health providers to practice in a community-based setting that provides access to comprehensive behavioral health services. Accordingly, for those sites seeking to be assigned behavioral health NHSC participants, additional site information collected from an NHSC Comprehensive Behavioral Health Services Checklist will be used. NHSC sites that do not directly offer all required behavioral health services must demonstrate a
