

effectiveness of a peer counselor program; (3) the extent to which the agency or clinic has partnered with other entities to build a supportive breastfeeding environment for women participating in WIC; and (4) other criteria the Secretary considers appropriate after consultation with State and local program agencies. The information will be submitted voluntarily by WIC local agencies who will be applying for an award. FNS will use the information collected to evaluate the components of existing breastfeeding programs and support in WIC local agencies and make decisions about awards. This program is expected to provide models and motivate other local agencies and clinics to strengthen their breastfeeding promotion and support activities. Applications will be submitted online.

Affected Public: State, Local, Territories and Tribal Government. Respondent groups identified include the WIC local agencies who are applying for the award and the WIC State agencies who evaluate the applications.

Estimated Number of Respondents: The total estimated number of participants is 453: 363 local WIC agencies and 90 State WIC agencies.

A recent FNS study on WIC Breastfeeding Peer Counseling found that approximately two thirds of the local WIC agencies operate a “Loving Support Program.” The Loving Support Program is an FNS initiative that equips WIC programs with an implementation and management model—the “Loving Support Model”—that serves as a

framework for designing, building, and sustaining peer counseling programs; a requirement for award eligibility. Based on the findings of the study, it is estimated that approximately 1,210 of the 1,834 WIC local agencies will be eligible to apply for an award. Although the number of local agencies operating a Loving Support Program has increased, an average of only 16.4% of eligible respondents have applied over the past two years. In Fiscal Year (FY) 2014, 77 out of 607 eligible local agencies applied for an award (12.7%) and in FY 2015, 123 out of 607 eligible local agencies applied for an award (20.3%). Therefore, unlike the previous information collection request, the estimated number of respondents for local agency applications will not assume all eligible local WIC agencies will apply for an award. To better reflect the estimated number of respondents for subsequent years, FNS estimates that 30% (363) of eligible local agencies will respond annually. This reduces the total number of burden hours for the local WIC agencies from 1,214 to 907.5 hours. The estimated number of respondents for the State agency application evaluation is derived from the total number of State WIC agencies.

Estimated Number of Responses per Respondent: The estimated number of responses per respondent for the WIC local agency is one, as each eligible WIC local agency will submit one application. The estimated number of responses per respondent for the WIC State agency is 4.03, as each WIC State agency will evaluate approximately four

applications annually. The estimated number of responses per respondent for the WIC State agency application evaluation was derived by dividing the total number of respondents for the WIC local agency applications, 363, by the total number of WIC State agencies, 90. FNS estimates that the overall responses per respondent for the entire collection is 1.60, which was derived by dividing the number of total annual responses 725.7, by the estimated number of respondents, 453.

Estimated Total Annual Responses: 725.7.

Estimated Time per Response: FNS estimates the WIC local agency application response is 2.5 hours, and the WIC State agency response is 1.5 hours. The overall response for the entire collection is 2.0 hours, which was derived by dividing the number of estimated total hours, 1,451.6, by the number of total annual responses by all respondents, 725.7.

Estimated Total Annual Burden on Respondents: 1,451.6 hours. The time for the WIC local agency is an estimated time for the agency to voluntarily review the instructions, fill out the “Loving Support Award of Excellence” application, and attach supportive documentation. The time for the State WIC agency is an estimated time for the agency to review the instructions, evaluate the components of the local WIC agencies applications, and make a recommendation for an award.

See the table below for estimated total annual burden for each type of respondent.

Respondent	Estimated number of respondent	Responses annually per respondent	Total annual responses (Col. B × C)	Estimated average number of hours per response*	Estimated total hours (Col. D × E)
Reporting Burden:					
WIC Local Agency Application	363.0	1.00	363.0	2.5	907.5
WIC State Agency Evaluation	90.0	4.03	362.7	1.5	544.1
Total Reporting Burden	453.0	1.60	725.7	2.0	1,451.6

* Estimated average # of hours per response includes .5 hours for reviewing instructions

CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

Sunshine Act Meeting

TIME AND DATE: September 21, 2016, 1:00 p.m. EDT

PLACE: U.S. Chemical Safety Board, 1750 Pennsylvania Ave. NW., Suite 910, Washington, DC 20006.

STATUS: Open to the public.

MATTERS TO BE CONSIDERED: The Chemical Safety and Hazard Investigation Board (CSB) will convene a public meeting on September 21, 2016, starting at 1:00 p.m. EDT in Washington, DC, at the CSB offices located at 1750 Pennsylvania Avenue NW., Suite 910. The Board will provide an overview of: Fiscal Year 2016 accomplishments, the CSB’s 2017–2021 strategic plan, the status of open investigations, audits from the Office of

the Inspector General, financial and organizational updates, and the agency's action plan. An opportunity for public comment will be provided.

Additional Information

The meeting is free and open to the public. If you require a translator or interpreter, please notify the individual listed below as the "Contact Person for Further Information," at least three business days prior to the meeting.

A conference call line will be provided for those who cannot attend in person. Please use the following dial-in number to join the conference:

Dial-In:

1 (888) 862-6557 U.S. Toll Free

1 (630) 691-2748 U.S. Toll

Confirmation Number: 43256576.

The CSB is an independent federal agency charged with investigating accidents and hazards that result, or may result, in the catastrophic release of extremely hazardous substances. The agency's Board Members are appointed by the President and confirmed by the Senate. CSB investigations look into all aspects of chemical accidents and hazards, including physical causes such as equipment failure as well as inadequacies in regulations, industry standards, and safety management systems.

Public Comment

The time provided for public statements will depend upon the number of people who wish to speak. Speakers should assume that their presentations will be limited to three minutes or less, but commenters may submit written statements for the record.

Contact Person for Further Information

Hillary Cohen, Communication Manager, at public@csb.gov or (202) 446-8094. Further information about this public meeting can be found on the CSB Web site at: www.csb.gov.

Dated: August 25, 2016.

Kara A. Wenzel,

Acting General Counsel, Chemical Safety and Hazard Investigation Board.

National Defense Stockpile Market Impact Committee Request for Public Comments on the Potential Market Impact of the Proposed Fiscal Year 2018 Annual Materials Plan

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Notice of inquiry; request for comments.

SUMMARY: The purpose of this notice is to advise the public that the National Defense Stockpile Market Impact Committee, co-chaired by the Departments of Commerce and State, is seeking public comments on the potential market impact of the proposed Fiscal Year 2018 National Defense Stockpile Annual Materials Plan. The role of the Market Impact Committee is to advise the National Defense Stockpile Manager on the projected domestic and foreign economic effects of all acquisitions, conversions, and disposals involving the stockpile and related material research and development projects. Public comments are an important element of the Committee's market impact review process.

DATES: To be considered, written comments must be received by September 28, 2016.

ADDRESSES: Address all comments concerning this notice to Eric Longnecker, U.S. Department of Commerce, Bureau of Industry and Security, Office of Strategic Industries and Economic Security, 1401 Constitution Avenue NW., Room 3876, Washington, DC 20230, fax: (202) 482-5650 (Attn: Eric Longnecker), email: MIC@bis.doc.gov; and Levi White, U.S. Department of State, Bureau of Energy Resources, 2201 C Street NW., Washington, DC 20520, fax: (202) 647-4037 (Attn: Levi White), email: WhiteLA2@state.gov.

FOR FURTHER INFORMATION CONTACT: Parya Milani, Office of Strategic Industries and Economic Security, Bureau of Industry and Security, U.S. Department of Commerce, telephone: (202) 482-8228, fax: (202) 482-5650 (Attn: Parya Milani), email: MIC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

Under the authority of the Strategic and Critical Materials Stock Piling Revision Act of 1979, as amended (the Stock Piling Act) (50 U.S.C. 98, *et seq.*),

the Department of Defense's Defense Logistics Agency (DLA), as National Defense Stockpile Manager, maintains a stockpile of strategic and critical materials to supply the military, industrial, and essential civilian needs of the United States for national defense. Section 9(b)(2)(G)(ii) of the Stock Piling Act (50 U.S.C. 98(h)(b)(2)(G)(ii)) authorizes the National Defense Stockpile Manager to fund material research and development projects to develop new materials for the stockpile.

Section 3314 of the Fiscal Year (FY) 1993 National Defense Authorization Act (NDAA) (50 U.S.C. 98h-1) formally established a Market Impact Committee (the Committee) to "advise the National Defense Stockpile Manager on the projected domestic and foreign economic effects of all acquisitions and disposals of materials from the stockpile. . . ." The Committee must also balance market impact concerns with the statutory requirement to protect the U.S. Government against avoidable loss.

The Committee is comprised of representatives from the Departments of Commerce, State, Agriculture, Defense, Energy, Interior, the Treasury, and Homeland Security, and is co-chaired by the Departments of Commerce and State. The FY 1993 NDAA directs the Committee to consult with industry representatives that produce, process, or consume the materials stored in or of interest to the National Defense Stockpile Manager.

As the National Defense Stockpile Manager, the DLA must produce an Annual Materials Plan proposing the maximum quantity of each listed material that may be acquired, disposed of, upgraded, converted, or sold by the DLA in a particular fiscal year. In Attachment 1, the DLA lists the quantities and type of activity (potential acquisition, potential disposal, potential upgrade, potential conversion, or potential sale) associated with each material in its proposed FY 2018 Annual Materials Plan ("AMP"). The quantities listed in Attachment 1 are not acquisition, disposal, upgrade, conversion or sales target quantities, but rather a statement of the proposed maximum quantity of each listed material that may be acquired, disposed of, upgraded, converted, or sold in a particular fiscal year by the DLA, as noted. The quantity of each material that will actually be acquired or offered for sale will depend on the market for the material at the time of the acquisition or offering, as well as on the quantity of each material approved for
