Overview of Information Collection

1. *Type of information collection:* New information collection.

2. *The title of the form/collection:* Requirement that Movie Theaters Provide Notice as to the Availability of Closed Movie Captioning and Audio Description.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* Form Number: None.

Component: The applicable component within the Department of Justice is the Disability Rights Section in the Civil Rights Division.

4. *Affected public who will be required to comply, as well as a brief abstract:*

Affected Public (Primary): Businesses and not-for-profit institutions that own, operate, or lease a movie theater that has one or more auditoriums showing movies with closed movie captioning and audio description, and that provide notice of movie showings and times. For purposes of the proposed rule and this notice, "movie theater" means a facility other than a drive-in theater that is used primarily for the purpose of showing movies to the public for a fee.

Affected Public (Other): None.

Abstract: The Department's Civil Rights Division, Disability Rights Section (DRS), is requesting PRA approval of a new collection that would require movie theaters to disclose information to the public regarding the availability of closed movie captioning and audio description for movies shown in their auditoriums. On August 1, 2014, the Department published a notice of proposed rulemaking amending its ADA title III regulation, 28 CFR part 36, to specifically require movie theaters to provide closed movie captioning and audio description for patrons with hearing and vision disabilities (NPRM). 79 FR 44976. The NPRM proposed a new information collection requirement that is the subject of this notice. Proposed § 36.303(g)(5) stated that "movie theaters shall ensure that communications and advertisements intended to inform potential patrons of movie showings and times, that are provided by the theater through Web sites, posters, marquees, newspapers, telephone, and other forms of communications, shall provide information regarding the availability of closed movie captioning and audio description for each movie." Movie theaters' disclosure of this information will enable individuals with hearing and vision disabilities to readily find out which theaters are showing movies with these features, and the times those movies are being shown. All public comments on the NPRM supported the inclusion of a notice requirement in some form.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimated 1,876 respondents will be required to disclose information concerning the availability of closed movie captioning and audio description in their existing communications concerning movie showings and times. However, this number includes movie theaters that show analog movies exclusively. In the NPRM, the Department sought public
