

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Submission for OMB Review; Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Alaska American Fisheries Act (AFA) Permits.

OMB Control Number: 0648–0393.

Form Number(s): None.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 27.

Average Hours per Response: 30 minutes for Application for AFA Permit Application; Rebuild, Replace, or Remove Vessel; 2 hours for Application for AFA Inshore Catcher Vessel Cooperative Permit; 4 hours for Vessel Contract Fishing Notification; 8 hours for Application for Approval as an Entity Eligible to Receive Transferable Chinook Salmon PSC Allocation; 1 hour for Application to Transfer of Bering Sea Chinook Salmon PSC Allocation.

Burden Hours: 135.

Needs and Uses: This request is for extension of a currently approved information collection.

National Marine Fisheries Service (NMFS) and the North Pacific Fishery Management Council developed regulations under the Magnuson–Stevens Act and the American Fisheries Act (AFA) to govern commercial fishing for Bering Sea and Aleutian Islands Management Area (BSAI) pollock according to the requirements of the AFA. These regulations are necessary to achieve the AFA's objective of decapitalization and rationalization of the BSAI pollock fishery.

With exceptions noted below, all participants in the AFA pollock fishery are already permitted and the permits are issued with an indefinite expiration date. The permanent AFA permits are: AFA catcher vessel, AFA catcher/processor, AFA mothership, and AFA inshore processor. The permit exceptions are issued annually—the inshore vessel cooperative permit and inshore vessel contract fishing permit. In addition, the AFA vessel replacement application may be submitted to NMFS at any time.

Affected Public: Business or other for-profit organizations.

Frequency: Annually and on occasion.

Respondent's Obligation: Required to obtain or retain benefits.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *OIRA_Submission@omb.eop.gov* or fax to (202) 395–5806.

Dated: September 1, 2016.

Sarah Brabson,

NOAA PRA Clearance Officer.

SUPPLEMENTARY INFORMATION: As required by section 10(a)(2) of the Federal Advisory Committee Act, 5 U.S.C. App. (1982) and its implementing regulations, see 41 CFR 102–3.155, notice is hereby given of the meeting of ACCRES. ACCRES was established by the Secretary of Commerce (Secretary) on May 21, 2002, to advise the Secretary of Commerce through the Under Secretary of

Commerce for Oceans and Atmosphere on matters relating to the U.S. commercial remote sensing space industry and on [the National Oceanic and Atmospheric Administration's] activities to carry out the responsibilities of the Department of Commerce set forth in the National and Commercial Space Programs Act of 2010 (51 U.S.C. 60101 *et seq.*).

Exceptional Circumstances

Pursuant to 41 CFR 102–3.150, the notice for this meeting is being given fewer than 15 calendar days prior to the meeting due to the following exceptional circumstances: (i) The review and clearance process for the Notice of Determination to partially close the meeting, which is required under 41 CFR 102–3.155, involved administrative and timing limitations, including in this instance the additional delay resulting from the Labor Day holiday; and (ii) due to preexisting commitments and statutorily-established deadlines, delaying the September 21, 2016 meeting would make it substantially more difficult for ACCRES to complete its required consultation on the report mandated by Section 202 of the *U.S. Commercial Space Launch and Competitiveness Act*, Public Law 114–90.

Purpose of the Meeting and Matters To Be Considered

The first part of the meeting will be open to the public pursuant to Section 10(a)(1) of the Federal Advisory Committee Act, 5 U.S.C. App. 2 (FACA). During the open portion of the meeting, the Committee will receive updates on NOAA's Commercial Remote Sensing Regulatory Affairs activities. The Committee will also be available to receive public comments on its activities.

The second part of the meeting will be closed to the public pursuant to Section 10(d) of FACA as amended by Section 5(c) of the Government in Sunshine Act, Public Law 94–409 and in accordance with Section 552b(c)(1) of Title 5, United States Code, which authorizes closure of meetings likely to disclose matters that are “specifically authorized under criteria established by Executive order to be kept secret in the interests of national defense or foreign policy and . . . in fact properly classified pursuant to such Executive order.” The part of the meeting which will be closed will address the ongoing review and implementation of the 2015 U.S. Commercial Space Launch Competitiveness Act and related national security, foreign policy concerns and future technology

considerations for NOAA's licensing decisions. These discussions are likely to disclose matters that are specifically authorized under criteria established by Executive Order 13526 to be kept secret in the interest of national defense or foreign policy and are in fact properly classified pursuant to such Executive Order. In compliance with Section 10(d) of FACA and 41 CFR 102-3.155, ACCRES has obtained an agency determination of closure, and the notice of this determination is available upon request.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for special accommodations may be directed to ACCRES, NOAA/NESDIS/CRSRA, 1335 East West Highway, Room 8260, Silver Spring, Maryland 20910.

Additional Information and Public Comments

Any member of the public who plans to attend the open meeting should RSVP to Samira Patel at (301) 713-7077, samira.patel@noaa.gov by September 15, 2016. Any member of the public wishing further information concerning the meeting or who wishes to submit oral or written comments should contact Tahara Dawkins, Designated Federal Officer for ACCRES, NOAA/NESDIS/CRSRA, 1335 East West Highway, Room 8260, Silver Spring, Maryland 20910. Copies of the draft meeting agenda can be obtained from Samira Patel at (301) 713-7077, fax (301) 713-1249, or email samira.patel@noaa.gov.

ACCRES expects that public statements presented at its meetings will not be repetitive of previously-submitted oral or written statements. In general, each individual or group making an oral presentation may be limited to a total time of five minutes. Written comments (provide at least 20 copies) sent to NOAA/NESDIS/CRSRA on or before September 21, 2016 will be provided to Committee members in advance of the meeting. Comments received too close to the meeting date will normally be provided to Committee members at the meeting.
