SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-78748; File No. SR-BatsEDGA-2016-20]

Self-Regulatory Organizations; Bats EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Related to Fees

September 1, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 19, 2016, Bats EDGA Exchange, Inc. (the "Exchange" or "EDGA") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Exchange has designated the proposed rule change as one establishing or changing a member due, fee, or other charge imposed by the Exchange under Section 19(b)(3)(A)(ii) of the Act³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposed rule change effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a rule change to amend the fee schedule applicable to Members and non-Members⁵ of the Exchange pursuant to Exchange Rules 15.1(a) and (c). Specifically, the Exchange proposes to adopt new fee code IX, which would be appended to all orders that are routed to the Investors Exchange, Inc. ("IEX") using the Destination Specific ("DIRC") routing strategy.⁶

The text of the proposed rule change is available at the Exchange's Web site at www.batstrading.com, at the

principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Commission has approved IEX as a registered national securities exchange,⁷ which is to begin a symbol-by-symbol roll out of symbols on August 19, 2016.⁸ As of that date, the Exchange will begin routing orders to IEX and Members may elect that their orders be routed directly to IEX using the DIRC routing strategy. The Exchange, therefore, proposes to amend its fee schedule to adopt new fee code IX, which would be appended to all orders that are routed to IEX using the DIRC routing strategy. Orders yielding fee code IX in securities priced at or above \$1.00 will be charged a fee of \$0.0010 per share. Orders yielding fee code IX in securities priced below \$1.00 will be charged 0.30% of the transaction's dollar value.

The proposed change would enable the Exchange to charge a rate reasonably related to the rate that Bats Trading, Inc. ("Bats Trading"), the Exchange's affiliated routing broker-dealer, would be charged for routing orders to IEX, when it does not qualify for a volume tier reduced fee.⁹ As a result, when Bats Trading routes an order to IEX which removes liquidity against a non-displayed order, it will be charged a standard rate of \$0.0009 per share in securities priced at or above \$1.00 and

⁷ See Securities Exchange Act Release No. 78101 (June 17, 2016), 81 FR 41141 (June 23, 2016) ("IEX Approval Order").

⁸ See Letter from Brad Katsuyama, CEO, IEX, to IEX's Sell-Side and Buy-Side Partners, dated June 17, 2016 (<https://www.iextrading.com/>) (stating that IEX will commence a symbol-by-symbol roll-out on August 19, 2016, concluding on September 2, 2016).

⁹ The Exchange notes that IEX does not currently offer volume tiered pricing.

0.30% of the transaction's dollar value in securities priced below \$1.00.¹⁰ Bats Trading will not be charged a fee for orders it routes to IEX which remove liquidity against a displayed order.¹¹ Bats Trading will pass through these rates to the Exchange and the Exchange, in turn, will charge a rate of \$0.0010 per share for orders in securities priced at or above \$1.00 and 0.30% of the transaction's dollar value for orders in securities less than \$1.00. The Exchange notes it would not be able to control whether the order it routes to IEX executes against displayed or non-displayed liquidity, and therefore, propose to charge a fee for orders that yield fee code IX based on IEX's rates for removing non-displayed liquidity. The proposed fee under fee code IX would enable the Exchange to equitably allocate its costs among all Members utilizing fee code IX.

The Exchange proposes to implement this amendment to its fee schedule on August 19, 2016.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the objectives of Section 6 of the Act,¹² in general, and furthers the objectives of Section 6(b)(4),¹³ in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities. The Exchange believes that by allowing customers to route specifically to IEX through Bats Trading, as it does with the other exchanges, fee code IX represents an equitable allocation of reasonable dues, fees, and other charges among Members and other persons using its facilities. As of August 19, 2016, IEX will charge a fee of \$0.0009 per share for orders which remove liquidity against non-displayed orders and no fee for orders that remove liquidity against displayed order.¹⁴ Because the Exchange would not be able to control whether the order it routes to IEX executes against displayed or non-displayed liquidity, it therefore, believes it is equitable and reasonable to charge a fee for orders that yield fee code IX based on IEX's rates for removing non-displayed interest. The Exchange further believes that its proposal to pass

through a fee of \$0.0010 per share is equitable and reasonable because it accounts for the prices charged by IEX plus the additional operation expenses that would be incurred by the Exchange in routing orders to IEX.¹⁵ Furthermore, the Exchange notes that routing through Bats Trading is voluntary and Members may utilize other avenues to route orders to IEX, such as connecting to IEX directly. Lastly, the Exchange also believes that the proposed fee code is non-discriminatory because it applies uniformly to all Members.

B. Self-Regulatory Organization's Statement on Burden on Competition

This proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange does not believe that this change represents a significant departure from previous pricing offered by the Exchange or from pricing offered by the Exchange's competitors. The proposed rate would apply uniformly to all Members, and Members may opt to disfavor the Exchange's pricing if they believe that alternatives offer them better value. Accordingly, the Exchange does not believe that the proposed changes will impair the ability of Members or competing venues to maintain their competitive standing in the financial markets. The Exchange believes that its proposal to pass through a fee of \$0.0010 for Members' orders that yield fee code IX would increase intermarket competition by offering customers an alternative means to route to specifically to IEX. As stated above, routing through Bats Trading is voluntary and Members may utilize other avenues to route orders to IEX, such as connecting to IEX directly. The Exchange believes that its proposal would not burden intramarket competition because the proposed rate would apply uniformly to all Members.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from Members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁶ and paragraph (f) of Rule 19b-4 thereunder.¹⁷ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-78762; File No. SR-ICEEU-2016-010]

Self-Regulatory Organizations; ICE Clear Europe Limited; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Certain Default Management Requirements Under Applicable Law

September 2, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 30, 2016, ICE Clear Europe Limited (“ICE Clear Europe”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule changes described in Items I, II and III below, which Items have been prepared primarily by ICE Clear Europe. ICE Clear Europe filed the proposed rule changes pursuant to Section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(4)(i)⁴ thereunder, so that the proposal was effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule changes from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The principal purpose of the proposed changes is to modify the ICE Clear Europe Clearing Rules (“Clearing Rules”) in order to clarify the timing of certain default management procedures

in light of requirements under the European Market Infrastructure Regulation (“EMIR”)⁵ and relevant UK law.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule changes. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the rule amendments is to modify the ICE Clear Europe Clearing Rules to clarify the timing of certain default procedures in light of regulatory requirements under EMIR and UK law.

In particular, Rule 1604(c), which applies to defaults involving an FCM/BD Clearing Member, has been revised in light of EMIR Article 48(5)-(6) and Paragraph 34(2)(d) of the UK FSMA Recognition Requirements (SI 2001/995).⁶ These provisions require that the clearing house rules explicitly specify a pre-defined transfer period within which a transfer of customer positions carried by a defaulting clearing member to a new clearing member is to take place, if possible (and after which the clearing house would exercise default remedies to close out any such positions not transferred). The amendments to Rule 1604(c) specify that the clearing house will seek to transfer under the Default Portability Rules any customer positions carried by a defaulting FCM/BD Clearing Member within seven calendar days of the default, and if a transfer has not been effected within

⁵ Regulation (EU) No 648/2012 of the European Parliament and of the Council of 4 July 2012 on OTC Derivatives, Central Counterparties and Trade Repositories, as well as various implementing regulations and technical standards.

⁶ Paragraph 34(2)(d) of the UK Financial Services and Markets Act 2000 (Recognition Requirements for Investment Exchanges and Clearing Houses) Regulations 2001 (SI 2001/995), which was added by UK Financial Services and Markets Act 2000 (Over the Counter Derivatives, Central Counterparties and Trade Repositories) Regulations 2013 (SI 2013/504), Part 4, Paragraph 5(6). Citation has been added by SEC staff and confirmed by ICEEU’s outside counsel by telephone on August 31, 2016.

such period (or the clearing house otherwise deems it necessary for its protection), the clearing house will terminate or liquidate such contracts, subject to applicable law and its default rules. The transfer period is intended to be consistent with the timing set forth in CFTC Rule 190.03 for the transfer of customer positions carried by a defaulting FCM and for the liquidation of such contracts that have not been transferred. The amendments do not otherwise affect the rights or obligations of the clearing house or clearing members in respect of such a default. The amendments are also consistent with the general approach in place for non-FCM/BD Clearing Members in paragraph 6(f) of the applicable Standard Terms Annexes to the Rules.

2. Statutory Basis

ICE Clear Europe believes that the changes described herein are consistent with the requirements of Section 17A of the Act⁷ and the regulations thereunder applicable to it, and are consistent with the prompt and accurate clearance of and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts and transactions, the safeguarding of securities and funds in the custody or control of ICE Clear Europe or for which it is responsible and the protection of investors and the public interest, within the meaning of Section 17A(b)(3)(F) of the Act.⁸ The changes to the Rules clarify the timing of certain actions to be taken in the management of a default of an FCM/BD Clearing Member, in order to comply with requirements under EMIR and UK law, and do not limit the authority of the clearing house to act under its default management rules for its protection. As such, ICE Clear Europe believes that the changes will generally promote the prompt and accurate clearance and settlement of securities and derivatives transactions, and further the public interest in the safe and effective clearing of such transactions. ICE Clear Europe does not believe the amendments will adversely affect the safeguarding of securities and funds in its custody or control or for which it is responsible. The changes are thus consistent with the requirements of Section 17A of the Act.⁹

B. Self-Regulatory Organization’s Statement on Burden on Competition

ICE Clear Europe does not believe the proposed changes would have any impact, or impose any burden, on
