

to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity, which is 159.64 percent; (5) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

These final results of review are issued and published in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: September 2, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

Agenda

The NTAP is a joint advisory panel of the Mid-Atlantic and New England Fishery Management Councils composed of Council members, fishing industry, academic, and government and non-government fisheries experts. The NTAP was established to bring commercial fishing, fisheries science, and fishery management professionals in the northeastern U.S. together to identify concerns about regional research survey performance and data, to identify methods to address or mitigate these concerns, and to promote mutual understanding and acceptance of the results of this work among their peers and in the broader community. Topics to be discussed at the meeting include membership changes; report of the NTAP Working Group meeting (August 2, 2016); results of witch flounder gear efficiency study and next steps for stock assessment; results of research on increasing the number of survey stations; group discussion on
