The assessment rate would return to \$0.03 for the 2019–20 and subsequent crop years, and the amount available for handler credit-back would return to \$0.018 per pound (60 percent).

USDA received a comment from an affected industry member requesting that the comment period be reopened to allow more time to comment on the proposed rule. This industry member expressed concern that while the proposed rule was published in the **Federal Register** on July 18, 2016, industry members did not receive the notification until July 28, 2016, which did not allow adequate time for interested persons to comment by the August 2, 2016, deadline.

After reviewing the request, USDA is reopening the comment period for 30 additional days. This will provide interested persons more time to review

Airworthiness Directives; Embraer S.A. Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Supplemental notice of proposed rulemaking (NPRM); reopening of comment period.

SUMMARY: We are revising an earlier proposed airworthiness directive (AD) for certain Embraer S.A. Model ERJ 170 airplanes. The NPRM proposed to supersede AD 2012–07–08, which requires revising the maintenance or inspection program to incorporate structural inspection requirements. The NPRM was prompted by a determination that more restrictive maintenance requirements and airworthiness limitations are necessary. Since the NPRM was issued, a new revision of the airworthiness limitations section (ALS) of the EMBRAER S.A. ERJ 170/175 Maintenance Review Board Report (MRBR) was issued, which contains more restrictive airworthiness limitations. This action revises the NPRM by proposing to require revising the maintenance or inspection program, as applicable, to incorporate the new ALS of the MRBR. This supplemental NPRM (SNPRM) would also remove certain airplanes from the applicability. In addition, we propose to supersede AD 2006–06–09, AD 2012–05–08, and AD 2012–07–08, which require tasks that are now included in the new revision of the MRBR. We are proposing
