County. The site is 7.5 miles northwest of Crystal River, Florida, and 90 miles north of St. Petersburg, Florida. CR–3 is situated on the Gulf of Mexico, within the Crystal River Energy Complex.

CR–3 has been shut down since September 26, 2009, and the final removal of fuel from the reactor vessel was completed on May 28, 2011. By letter dated February 20, 2013, the licensee submitted a certification to the U.S. NRC for the permanent cessation of power operations and the removal of fuel from the reactor vessel, pursuant to Sections 50.82(a)(1)(i) and 50.82(a)(1)(ii) of Title 10 of the Code of Federal Regulations (10 CFR). Upon docketing of this certification, the 10 CFR part 50 license for CR–3 no longer authorizes operation of the reactor or emplacement or retention of fuel into the reactor vessel, as specified in 10 CFR 50.82(a)(2).

II.

By application dated July 28, 2015, as supplemented by letter dated September 22, 2015 (collectively, the application), DEF requested that the NRC approve the direct transfer of control of Facility Operating License No. DPR–72 for CR–3, to the extent held by Seminole Electric Cooperative, Inc., to DEF. Seminole Electric Cooperative, Inc., currently owns 1.6994 percent of CR–3. As a result of the transaction, DEF will become the sole owner of CR–3.

The applicant also requested approval of a conforming administrative license amendment that would remove the references to Seminole Electric Cooperative, Inc., in the license. DEF did not propose any physical changes to the facilities or operational changes in the application. After completion of the proposed transfer, DEF will be the sole owner of CR–3, and DEF will remain the operator of the facility.

DEF requested approval of the direct transfer of the facility operating license and the conforming license amendment pursuant to 10 CFR 50.80, “Transfer of licenses,” and 10 CFR 50.90, “Application for amendment of license to permit or early site permit.” A notice entitled, "Crystal River Nuclear Generating Plant, Unit 3: Consideration of Approval of Transfer of License and Conforming Amendment," was published in the Federal Register on January 4, 2016 (81 FR 98). The NRC did not receive any public comments regarding the proposed license transfer.

Pursuant to 10 CFR 50.80, no license, or any right thereunder, shall be transferred, directly or indirectly, through transfer of control of the license, unless the Commission provides its consent in writing. Upon review of the information in the licensee’s application and other information before the Commission, and relying upon the representations and agreements contained in the application, the NRC staff has determined that DEF is qualified to hold the ownership interests in the facility previously held by Seminole Electric Cooperative, Inc. The NRC staff has also determined that the direct transfer of ownership interests in the facility to DEF, as described in the application, is otherwise consistent with applicable provisions of laws, regulations, and orders issued by the Commission, subject to the conditions set forth below. The NRC staff has further found that the application for the proposed license amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission’s rules and regulations set forth in 10 CFR Chapter I; the facility will operate in conformity with the applications, the provisions of the Act, and the rules and regulations of the Commission; there is reasonable assurance that the activities authorized by the proposed license amendment can be conducted without endangering the health and safety of the public and that such activities will be conducted in compliance with the Commission’s regulations; the issuance of the proposed license amendment will not be inimical to the common defense and security or to the health and safety of the public; and the issuance of the proposed amendment will be in accordance with 10 CFR part 51 of the Commission’s regulations and all applicable requirements have been satisfied.

The findings set forth above are supported by the NRC safety evaluation dated August 10, 2016.

III.

Accordingly, pursuant to Sections 161b, 161i, 161o and 184 of the Act, 42 U.S.C. Sections 2201(b), 2201(f), 2201(o) and 2234; and 10 CFR 50.80, IT IS HEREBY ORDERED that the direct transfer of the license, as described herein, to DEF is approved, subject to the following conditions:

1. DEF shall provide satisfactory documentary evidence to the Director of the Office of Nuclear Material Safety and Safeguards that it has obtained the insurance required of a licensee under 10 CFR part 140, “Financial Protection Requirements and Indemnity Agreements,” in the appropriate amount pursuant to the exemption to 10 CFR 140.11(a)(4) granted to DEF by NRC letter dated April 27, 2015 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML14183B338). It is further ordered that, consistent with 10 CFR 2.1315(b), the license amendment that makes changes, as indicated in Enclosure 2 to the cover letter forwarding this Order, to conform the license to reflect the subject direct license transfer is approved. The license amendment shall be issued and made effective at the time the proposed direct transfer is completed.

It is further ordered that after receipt of all required regulatory approvals of the proposed direct transfer action, DEF shall inform the Director of the Office of Nuclear Material Safety and Safeguards in writing of such receipt, and the date of closing of the transfer no later than one business day prior to the date of the closing of the direct transfer. Should the direct transfer not be completed within 1 year of this Order’s date of issue, this Order shall become null and void, provided, however, that upon written application and good cause shown, such date may be extended by Order.

This Order is effective upon issuance.

For further details with respect to this Order, see the initial application dated July 28, 2015 (ADAMS Accession No. ML15216A123), as supplemented by letter dated September 22, 2015 (ADAMS Accession No. ML15265A590), and the safety evaluation dated August 10, 2016 (ADAMS Accession No. ML16173A019), which are available for public inspection at the Commission’s Public Document Room (PDR), located at One White Flint North, 11550 Rockville Pike, Room O–1 F21 (First Floor), Rockville, Maryland, and accessible electronically through the ADAMS Public Electronic Reading Room on the Internet at the NRC Web site, http://www.nrc.gov/reading-rm/adams.html. Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS should contact the NRC PDR reference staff by telephone at 1–800–397–4209, 301–415–4737, or by email at pdr.resource@nrc.gov.

Dated at Rockville, Maryland, this 10th day of August 2016.

For the Nuclear Regulatory Commission.

Scott W. Moore,
Acting Director, Office of Nuclear Material Safety and Safeguards.

PEACE CORPS

Information Collection Request Submission for OMB Review

AGENCY: Peace Corps.

ACTION: 30-Day notice and request for comments.

SUMMARY: The Peace Corps will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval. The purpose of this notice is to allow 30 days for public comment in the Federal Register preceding submission to OMB. We are conducting this process in accordance with the Paperwork Reduction Act of 1995.

DATES: Submit comments on or before October 17, 2016.

ADDRESS: Comments should be addressed to Denora Miller, FOIA/Privacy Act Officer. Denora Miller can be contacted by telephone at 202–692–1236 or email at pcf@peacecorps.gov. Email comments must be made in text and not in attachments.

FURTHER INFORMATION CONTACT: Denora Miller at Peace Corps address above.

SUPPLEMENTARY INFORMATION: Title: Health History Form.

OMB Control Number: 0420–0510.

Type of Request: Revisions.

Affected Public: Individuals.

Respondents’ Obligation to Reply: Voluntary.
Information Collection Request; Submission for OMB Review

AGENCY: Peace Corps.

ACTION: 60-Day notice and request for comments.

SUMMARY: The Peace Corps will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval. The purpose of this notice is to allow 60 days for public comment in the Federal Register preceding submission to OMB. We are conducting this process in accordance with the Paperwork Reduction Act of 1995.

DATES: Submit comments on or before November 14, 2016.

ADDRESSES: Comments should be addressed to Denora Miller, FOIA/Privacy Act Officer. Denora Miller can be contacted by telephone at 202–692–1236 or email at pcf@peacecorps.gov. Email comments must be made in text and not in attachments.

FOR FURTHER INFORMATION CONTACT: Denora Miller at Peace Corps address above.

SUPPLEMENTARY INFORMATION:

Title: Report of Dental Examination.
OMB Control Number: 0420–0546.
Type of Request: Revision.
Affected Public: Individuals/Physicians.
Respondents Obligation to Reply: Voluntary.
Respondents: Potential and current volunteers.
Burden to the Public:
 a. Estimated number of respondents: 5,600.
b. Estimated average burden per response: 135 minutes.
c. Frequency of response: One time.
d. Annual reporting burden: 12,600 hours.

General Description of Collection: The Peace Corps Office of Medical Services is responsible for the collection of Applicant dental information, using the Report of Dental Exam “Dental Exam” form. The Dental Exam form is completed by the Applicant’s examining dentist. The results of the examinations are used to ensure that Applicants for Volunteer service will, with reasonable accommodation, be able to serve in the Peace Corps without jeopardizing their health.

Request for Comment: Peace Corps invites comments on whether the proposed collections of information are necessary for proper performance of the functions of the Peace Corps, including whether the information will have practical use; the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the information to be collected; and, ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques, when appropriate, and other forms of information technology.

This notice is issued in Washington, DC, on August 30, 2016.

Denora Miller,
FOIA/Privacy Act Officer, Management.
