

petition for review of an ALJ's decision at any time before that decision becomes final by filing a written withdrawal with the ARB. The ALJ or the ARB, as the case may be, will determine whether to approve the withdrawal of the objections or the petition for review. If the ALJ approves a request to withdraw objections to the Assistant Secretary's findings and/or order, and there are no other pending objections, the Assistant Secretary's findings and/or order will become the final order of the Secretary. If the ARB approves a request to withdraw a petition for review of an ALJ decision, and there are no other pending petitions for review of that decision, the ALJ's decision will become the final order of the Secretary. If objections or a petition for review are withdrawn because of settlement, the settlement must be submitted for approval in accordance with paragraph (d) of this section.

(d)(1) *Investigative settlements.* At any time after the filing of a SPA complaint and before the findings and/or order are objected to or become a final order by operation of law, the case may be settled if the Assistant Secretary, the complainant, and the respondent agree to a settlement. The Assistant Secretary's approval of a settlement reached by the respondent and the complainant demonstrates the Assistant Secretary's consent and achieves the consent of all three parties.

(2) *Adjudicatory settlements.* At any time after the filing of objections to the Assistant Secretary's findings and/or order, the case may be settled if the participating parties agree to a settlement and the settlement is approved by the ALJ if the case is before the ALJ or by the ARB, if the ARB has accepted the case for review. A copy of the settlement will be filed with the ALJ or the ARB as the case may be.

(e) Any settlement approved by the Assistant Secretary, the ALJ, or the ARB will constitute the final order of the Secretary and may be enforced in a United States district court pursuant to 49 U.S.C. 31105(e), as incorporated by 46 U.S.C. 2114(b).

#### § 1986.112 Judicial review.

(a) Within 60 days after the issuance of a final order under §§ 1986.109 and 1986.110, any person adversely affected or aggrieved by the order may file a petition for review of the order in the court of appeals of the United States for the circuit in which the violation allegedly occurred or the circuit in which the complainant resided on the date of the violation.

(b) A final order is not subject to judicial review in any criminal or other civil proceeding.

(c) If a timely petition for review is filed, the record of a case, including the record of proceedings before the ALJ, will be transmitted by the ARB, or the ALJ, as the case may be, to the appropriate court pursuant to the Federal Rules of Appellate Procedure and the local rules of such court.

#### § 1986.113 Judicial enforcement.

Whenever any person has failed to comply with a preliminary order of reinstatement or a final order, including one approving a settlement agreement issued under SPA, the Secretary may file a civil action seeking enforcement of the order in the United States district court for the district in which the violation was found to have occurred.

#### § 1986.114 District court jurisdiction of retaliation complaints under SPA.

(a) If there is no final order of the Secretary, 210 days have passed since the filing of the complaint, and there is no showing that there has been delay due to the bad faith of the complainant, the complainant may bring an action at law or equity for *de novo* review in the appropriate district court of the United States, which will have jurisdiction over such an action without regard to the amount in controversy. The action shall, at the request of either party to such action, be tried by the court with a jury.

(b) Within seven days after filing a complaint in federal court, a complainant must file with the Assistant Secretary, the ALJ, or the ARB, depending on where the proceeding is pending, a copy of the file-stamped complaint. A copy of the complaint also must be served on the OSHA official who issued the findings and/or preliminary order, the Assistant Secretary, and the Associate Solicitor, Division of Occupational Safety and Health, U.S. Department of Labor.

#### § 1986.115 Special circumstances; waiver of rules.

In special circumstances not contemplated by the provisions of the rules in this part, or for good cause shown, the ALJ or the ARB on review may, upon application, after three days notice to all parties, waive any rule or issue such orders as justice or the administration of SPA requires.

## PENSION BENEFIT GUARANTY CORPORATION

### 29 CFR Parts 4022 and 4044

#### Allocation of Assets in Single-Employer Plans; Benefits Payable in Terminated Single-Employer Plans; Interest Assumptions for Valuing and Paying Benefits

**AGENCY:** Pension Benefit Guaranty Corporation.

**ACTION:** Final rule.

**SUMMARY:** This final rule amends the Pension Benefit Guaranty Corporation's regulations on Benefits Payable in Terminated Single-Employer Plans and Allocation of Assets in Single-Employer Plans to prescribe interest assumptions under the benefit payments regulation for valuation dates in October 2016 and interest assumptions under the asset allocation regulation for valuation dates in the fourth quarter of 2016. The interest assumptions are used for valuing and paying benefits under terminating single-employer plans covered by the pension insurance system administered by PBGC.

**DATES:** Effective October 1, 2016.

**FOR FURTHER INFORMATION CONTACT:** Deborah C. Murphy ([Murphy.Deborah@PBGC.gov](mailto:Murphy.Deborah@PBGC.gov)), Assistant General Counsel for Regulatory Affairs, Pension Benefit Guaranty Corporation, 1200 K Street NW., Washington, DC 20005, 202-326-4400 ext. 3451. (TTY/TDD users may call the Federal relay service toll free at 1-800-877-8339 and ask to be connected to 202-326-4400 ext. 3451.)

**SUPPLEMENTARY INFORMATION:** PBGC's regulations on Allocation of Assets in Single-Employer Plans (29 CFR part 4044) and Benefits Payable in Terminated Single-Employer Plans (29 CFR part 4022) prescribe actuarial assumptions—including interest assumptions—for valuing and paying plan benefits under terminating single-employer plans covered by title IV of the Employee Retirement Income Security Act of 1974. The interest assumptions in the regulations are also published on PBGC's Web site (<http://www.pbgc.gov>).

The interest assumptions in Appendix B to Part 4044 are used to value benefits for allocation purposes under ERISA section 4044. PBGC uses the interest assumptions in Appendix B to Part 4022 to determine whether a benefit is payable as a lump sum and to determine the amount to pay. Appendix C to Part 4022 contains interest assumptions for private-sector pension practitioners to refer to if they wish to use lump-sum interest rates determined using PBGC's

historical methodology. Currently, the rates in Appendices B and C of the benefit payment regulation are the same.

The interest assumptions are intended to reflect current conditions in the financial and annuity markets. Assumptions under the asset allocation regulation are updated quarterly; assumptions under the benefit payments regulation are updated monthly. This final rule updates the benefit payments interest assumptions for October 2016 and updates the asset allocation interest assumptions for the fourth quarter (October through December) of 2016.

The fourth quarter 2016 interest assumptions under the allocation regulation will be 1.98 percent for the first 20 years following the valuation date and 2.67 percent thereafter. In comparison with the interest assumptions in effect for the third quarter of 2016, these interest assumptions represent no change in the select period (the period during which the select rate (the initial rate) applies), a decrease of 0.52 percent in the select rate, and a decrease of 0.18 percent in the ultimate rate (the final rate).

The October 2016 interest assumptions under the benefit payments regulation will be 0.50 percent for the

period during which a benefit is in pay status and 4.00 percent during any years preceding the benefit's placement in pay status. In comparison with the interest assumptions in effect for September 2016, these interest assumptions are unchanged.

PBGC has determined that notice and public comment on this amendment are impracticable and contrary to the public interest. This finding is based on the need to determine and issue new interest assumptions promptly so that the assumptions can reflect current market conditions as accurately as possible.

Because of the need to provide immediate guidance for the valuation and payment of benefits under plans with valuation dates during October 2016, PBGC finds that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication.

PBGC has determined that this action is not a "significant regulatory action" under the criteria set forth in Executive Order 12866.

Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility

Act of 1980 does not apply. See 5 U.S.C. 601(2).

**Special Local Regulation; Atchafalaya River, Morgan City, LA**

**AGENCY:** Coast Guard, DHS.  
**ACTION:** Temporary final rule.

**SUMMARY:** The Coast Guard is establishing a special local regulation for all navigable waters, near mile marker 4.5 of the Morgan City Port Allen route to extend north and south 1000 feet of Russo’s boat launch on the Atchafalaya River. The special local regulation is necessary to protect participants and spectators from the hazards associated with the Battle of the Basin power boat race. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port Morgan City or a designated representative.

**DATES:** This rule is effective from 10 a.m. on September 24, 2016 through 7 p.m. September 25, 2016.

**ADDRESSES:** To view documents mentioned in this preamble as being available in the docket, go to <http://www.regulations.gov>, type USCG–2016–0757 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

CFR Code of Federal Regulations

DHS Department of Homeland Security  
 FR Federal Register  
 NPRM Notice of proposed rulemaking  
 § Section  
 U.S.C. United States Code  
 MM Mile Marker

**II. Background Information and Regulatory History**

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the Coast Guard did not receive notice of the request until July 25, 2016. Completing the NPRM process would delay the immediate action needed to protect spectators and vessels from hazards associated with the boat races. It is impracticable to publish an NPRM because we must establish this special local regulation by September 24, 2016.

We are issuing this rule, and under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making it effective less than 30 days after publication in the **Federal Register**. Providing 30 days notice for this occurrence would unnecessarily delay the effective date and would be impracticable based on the limited time frame, as well as be contrary to public interest because immediate action is needed to protect spectators from the potential safety hazards associated with the high speed boat races.

**III. Legal Authority and Need for Rule**

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1233. The Captain of the Port Morgan City (COTP) has determined that potential hazards associated with the combination of recreational and commercial vessels and a high speed boat racing event starting at 10 a.m. and lasting until 7 p.m. on September 24, 2016 and September 25, 2016 is a safety concern for anyone

within this area. This rule is needed to help ensure the safety of persons and recreational boats during the event on the navigable waters within the special local regulation.

**IV. Discussion of the Rule**

This rule establishes a special local regulation that will be enforced from 10 a.m. until 7 p.m. on September 24, 2016 and September 25, 2016. The special local regulation will cover all navigable waters near mile marker 4.5 on the Morgan City Port Allen alternate route extending 1000 feet north and south from Russo’s boat launch in Morgan City. The duration of the zone is intended to protect spectators, vessels, and the marine environment in these navigable waters while the speed races occur. No vessel or person will be permitted to enter the special local regulation without obtaining permission from the COTP or a designated representative.

**V. Regulatory Analyses**

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive Orders, and we discuss First Amendment rights of protestors.

*A. Regulatory Planning and Review*

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, it has not been reviewed by the Office of Management and Budget.

This regulatory action determination is based on the size, location, duration, and specific times of enforcement for the special local regulation. The limited duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters while the high speed boat races
