

New Jersey Avenue SE., Washington, DC 20590.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995, before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning each proposed collection of information. The OMB has promulgated regulations describing what must be included in such a document. Under OMB's regulation (at 5 CFR 1320.8(d)), an agency must ask for public comment on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) How to enhance the quality, utility, and clarity of the information to be collected;

(4) How to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

In compliance with these requirements, NHTSA published a notice on March 2, 2016, in the **Federal Register** providing a 60-day comment period, and we received no public comments on the renewal of this information collection (81 FR 10952). Today's notice provides a 30-day comment period in which public comments on the renewal of this information collection may be submitted to OMB.

NHTSA asks for public comments on the following collection of information:

Title: Labeling of Motor Vehicle Brake Fluid Containers in 49 CFR 571.116.

OMB Control Number: 2127-0521.

Form Numbers: This collection of information uses no standard form.

Type of Request: Extension of a currently approved collection of information.

Summary of the Collection of Information: In 49 CFR 571.116, (Federal Motor Vehicle Safety Standard No. 116, "Motor Vehicle Brake Fluid") there are performance and design requirements for motor vehicle brake fluids and hydraulic system mineral

oils. In Section 5.2.2 of the standard, there are also labeling requirements for manufacturers and packagers of brake fluids, as well as packagers of hydraulic system mineral oils.

Description of the Need for the Information and the Use of the Information: Properties of these fluids and their use necessitate the package labeling information specified in this standard. The information on the label of a container of motor vehicle brake fluid or hydraulic system mineral oil is necessary to insure: The contents of the container are clearly stated; these fluids are used for their intended purpose only; and the containers are properly disposed of when empty. Without this labeling requirement, there could be improper use or storage of these brake fluids, which would have dire safety consequences for the operators of vehicles or equipment in which they are used.

Description of the Likely Respondents (Including Estimated Number and Proposed Frequency of Response to the Collection of Information): We estimate that the collection of information affects 200 respondents annually, which are manufacturers and packagers of brake fluids and hydraulic mineral oils.

Estimate of the Total Annual Reporting and Recordkeeping Burden Resulting from the Collection of Information: The estimated annual burden is as follows:

Estimated Number of Respondents: 200.

Estimated Number of Responses (labels): 70,000,000.

Estimated Total Annual Burden: 7,000 hours.

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.95.

Issued on: September 8, 2016.

Lori K. Summers,

Acting Associate Administrator for Rulemaking, National Highway Traffic Safety Administration.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[U.S. DOT Docket Number NHTSA-2016-0027]

Reports, Forms, and Record Keeping Requirements

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection Request (ICR) abstracted below is being forwarded to the Office of Management and Budget (OMB) for review and comments. A **Federal Register** notice (81 FR 13874) with a 60-day comment period soliciting comments on the proposed information collection for the agency's existing collection of vehicle safety information (OMB Control Number 2127-0629) was published on March 15, 2016. No comments were received.

DATES: Comments must be received on or before October 19, 2016.

ADDRESSES: Send comments regarding the burden estimate, including suggestions for reducing the burden, to the Office of Management and Budget, Attention: Desk Officer for the Office of the Secretary of Transportation, 725 17th Street NW., Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Complete copies of each request for collection of information may be obtained at no charge from Johanna Lowrie, U.S. Department of Transportation, NHTSA, Room W43-410, 1200 New Jersey Ave. SE., Washington, DC 20590. Ms. Lowrie's telephone number is (202) 366-5269. Please identify the relevant collection of information by referring to its OMB Control Number.

SUPPLEMENTARY INFORMATION:

National Highway Traffic Safety Administration

Title: Obtaining Vehicle Information for the General Public.

OMB Control Number: 2127-0629.

Type of Request: Information Collection Renewal.

Affected Public: Manufacturers that sell motor vehicles that have a Gross Vehicle Weight Rating (GVWR) of 10,000 pounds or less in the United States.

Abstract: NHTSA's mission is to save lives, prevent injury, and reduce motor

vehicle crashes. Consumer information programs are an important tool for improving vehicle safety through market forces. For over 30 years, under its New Car Assessment Program, NHTSA has been providing consumers with vehicle safety information such as frontal and side crash results, crash avoidance performance test results, rollover propensity, and the availability of a wide array of safety features provided on each vehicle model. In addition, the agency has been using this safety feature information when responding to consumer inquiries and analyzing rulemaking petitions that requested the agency to mandate certain safety features.

The information collected annually by the agency includes the following:

- Vehicle make, model, body style, certification type, projected sales volume, availability date, etc.,
- Crashworthiness features (*i.e.*, adjustable upper belt anchorages, seat belt pretensioners, load limiters, etc.),
- Crash avoidance features (*i.e.*, lane departure warning, forward collision warning, blind spot detection, crash imminent braking, dynamic brake support systems, etc.),
- Automatic crash notification systems,
- Event data recorders,
- Automatic door locks (ADL),
- Anti-theft devices,
- Static Stability Factor (SSF) rating information,
- Lower Anchors and Tethers for Children (LATCH) restraint system, and
- Side air bag information that would include whether the side air bags meet the requirements from the Technical Working Group (TWG) on Out-of-Position occupants.

NHTSA has another information collection to obtain data related to motor vehicle compliance with the agency's Federal motor vehicle safety standards. Although the consumer information collection data is distinct and unique from the compliance data, respondents to both collections are the same. Thus, the consumer information collection is closely coordinated with the compliance collection to enable responders to assemble the data more efficiently. The burden is further made easier by sending out electronic files to the respondents in which the data is entered and electronically returned to the agency.

The consumer information collected will be used on the agency's Web site (www.safercar.gov), in the "Purchasing with Safety in Mind: What to look for when buying a new vehicle" and "Buying a Safer Car for Child Passengers" brochures, in other

consumer publications, as well as for internal agency analyses and responses to consumer inquiries.

Estimated Number of Respondents: 21.

Estimated Total Annual Burden: 800 hours.

Public Comments Invited: You are asked to comment on any aspects of this information collection, including (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (b) the accuracy of the Department's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Comments to OMB are most effective if OMB receives them within 30 days of publication.

Authority: 44 U.S.C. 3506(c); delegation of authority at 49 CFR 1.50.

Issued on: September 8, 2016.

Raymond R. Posten,

Associate Administrator for Rulemaking.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2016-0097]

Public Meeting Regarding NHTSA's Research Portfolio

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation.

ACTION: Announcement of public meeting.

SUMMARY: NHTSA is announcing a public meeting to present information describing our vehicle and behavioral safety research portfolio and outline the activities we plan to pursue over the next 12 to 16 months. Each year, NHTSA executes a broad array of research in the areas of crash avoidance, electronics systems safety, biomechanics, crashworthiness, and behavioral research. The purpose of this meeting is to present and describe research projects in these areas that the agency will be focusing on to enhance safety.

DATES: NHTSA will hold the public meeting on September 27, 2016, in Detroit, MI. The meeting will start at 10:00 a.m. and continue until 4:00 p.m., local time. Check-in (through security) will begin at 9 a.m.

ADDRESSES: The meeting will be held at the Patrick V. McNamara Federal Building located at 477 Michigan Avenue, Detroit, MI 48226, Bottom Floor. This facility is accessible to individuals with disabilities.

FOR FURTHER INFORMATION CONTACT: If you have questions about the public meeting, please contact Inez Finley at 937-666-3289, by email at Inez.finley@dot.gov, or by U.S. Mail at NHTSA's Vehicle Research & Test Center, P.O. Box B37, Building 60, 10820 State Route 347, East Liberty, Ohio 43319.

Registration is necessary for all attendees. Attendees should register at <https://goo.gl/forms/FEO6sf0tOQDBqlU2> by September 22, 2016. Please provide name, affiliation, email, and indicate whether you require accommodations such as a sign language interpreter. Space is limited, so advanced registration is highly encouraged.

Should it be necessary to cancel the meeting due to inclement weather or other emergency, NHTSA will take all available measures to notify registered participants.

NHTSA will conduct the public meeting informally, and technical rules of evidence will not apply. We will arrange for a written transcript of the meeting and keep the official record open for 30 days after the meeting to allow submission of public comments. You may make arrangements for copies of the transcripts directly with the court reporter, and the transcript will also be posted in the docket when it becomes available.

Written Comments: Attendees are welcome to submit written comments and other supporting information during the 30 day comment period. Please submit all written comments no later than October 27, 2016 by any of the following methods:

- *Federal Rulemaking Portal:* Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Mail:* Docket Management Facility: U.S. Department of Transportation, 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001.
- *Hand Delivery or Courier:* 1200 New Jersey Avenue SE., West Building Ground Floor, Room W12-140, Washington, DC 20590-0001, between 9 a.m. and 5 p.m. ET, Monday through Friday, except Federal Holidays.
