

(preventive controls for animal food rule). In § 507.3, we included the definition of a qualified auditor. In the definition, we provided examples of qualified auditors. Paragraph 2 of the definition reads “An audit agent of a certification body that is accredited in accordance with regulations in part 1, subpart M of this chapter.” At the time the final rule published, paragraph 2 referred to a provision in a future final rule: “Accreditation of Third-Party Certification Bodies to Conduct Food Safety Audits to Issue Certifications” (third-party certification rule). In the preamble to the preventive controls for animal food rule, we stated that we would publish a document in the **Federal Register** announcing the effective date of paragraph (2) once we finalized the third-party certification rule (80 FR 55908 at 55954).

The final third-party certification rule (80 FR 74569) published in the **Federal Register** on November 27, 2015, with an effective date of January 26, 2016. This document announces that the effective date for paragraph 2 in the definition of qualified auditor in § 117.3 (80 FR 55098 at 56147) and § 507.3 (80 FR 56170 at 56339) is September 19, 2016.

Dated: September 14, 2016.

Qualification Standards for Enlistment, Appointment, and Induction

AGENCY: Office of the Under Secretary of Defense for Personnel and Readiness, DoD.

ACTION: Final rule.

SUMMARY: This rule updates policies and responsibilities for basic entrance qualification standards for enlistment, appointment, and induction into the Armed Forces and delegates the authority to specify certain standards to the Secretaries of the Military Departments. It establishes the age, aptitude, character/conduct, citizenship, dependents, education, medical, physical fitness, and other disqualifying conditions that are causes for rejection from military service. Other standards may be prescribed in the event of mobilization or national emergency. This rule sets standards designed to ensure that individuals under consideration for enlistment, appointment, and/or induction are able to perform military duties successfully, and to select those who are the most suitable for Service life.

DATES: *Effective Date:* This rule is effective on October 19, 2016.

FOR FURTHER INFORMATION CONTACT: Dennis J. Drogo, (703) 697-9268.

SUPPLEMENTARY INFORMATION:

Public Comments and Responses

On March 27, 2015 (80 FR 16269–16277), the Department of Defense published an interim final rule titled “Qualification Standards for Enlistment, Appointment, and Induction” for a 60-day public comment period. The comment period ended on May 26, 2015. Three public comments were received. This section addresses those comments.

Comment 1: “Abstain: the area where I live is not for emergency personnel conducting business that should be known as unwanted security.”

Response: The Department of Defense thanks the commenter for the comment. No changes were made to the final rule as a result.

Comment 2: A 16-year veteran of the Air Force is in favor of having a qualified Armed Service to serve our country but, the commenter thinks interviews should be a part of the

entrance process. The commenter says that being able to meet the proposed criteria does not guarantee a qualified member of the Armed Forces.

Response: Prospective recruits are thoroughly vetted, to include multiple interviews at various stages of the entrance process, prior to taking the oath of service. No changes were made to the final rule.

Comment 3: A male 40 years of age asked for help understanding why multiple recruiters in his area are stating that the current cut off age for non-prior service (NPS) is 39 for some Reserve and Guard branches. The commenter states that recruiters sent him away due to him being too old.

Response: This part as further implemented by Department of Defense Instruction 1304.26, “Qualification Standards for Enlistment, Appointment, and Induction,” provides the Department of Defense’s minimum acceptable standards for military Service. The Services can establish more restrictive standards based on the needs and requirements of that specific Service. The difference between these two sets of standards explains the challenges faced by the writer of this comment. No changes were made to the final rule.

Although no changes were made to the final rule based on public comments received, a few edits were made due to reorganization, to provide clarification in the definition of “Dependent” and the waiver process, and to fix some grammatical issues.

Executive Summary

I. Purpose of This Regulatory Action

This rule updates policies and responsibilities for basic entrance qualification standards for enlistment, appointment, and induction into the Armed Forces and delegates the authority to specify certain standards to the Secretaries of the Military Departments.

II. Summary of the Major Provisions of This Regulatory Action

This regulatory action establishes age, aptitude, character/conduct, citizenship, dependents, education, medical, physical fitness, and other disqualifying conditions that are causes for rejection from military service. Other standards may be prescribed in the event of mobilization or national emergency. This regulatory action also sets standards designed to ensure that individuals under consideration for enlistment, appointment, and/or induction are able to perform military duties successfully and to select those

who are the most suitable for Service life; and removes provisions related to homosexual conduct.

III. Costs and Benefits of This Regulatory Action

Administrative costs are negligible. The benefit of publishing this final rule is that it establishes standards to ensure that those who are enlisted, appointed, or inducted are the best qualified to complete their prescribed training and the best able to adapt to the military life. Failure to maintain these standards would result in a high attrition of personnel and would significantly increase training costs. The success of today’s All-volunteer military is dependent on this policy.

Regulatory Procedures

Executive Order 12866, “Regulatory Planning and Review” and Executive Order 13563, “Improving Regulation and Regulatory Review”

Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distribute impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This final rule has not been designated a “significant regulatory action” under section 3(f) of Executive Order 12866.

Public Law 104-4, “Unfunded Mandates Reform Act” (2 U.S.C. Ch. 25)

Section 1532 of title 2, United States Code requires agencies to assess anticipated costs and benefits before issuing any rule whose mandates require spending in any 1 year of \$100 million in 1995 dollars, updated annually for inflation. In 2014, that threshold is approximately \$141 million. This rule will not mandate any requirements for State, local, or tribal governments, nor will it affect private sector costs.

Public Law 96-354, “Regulatory Flexibility Act” (5 U.S.C. 601)

The Department of Defense certifies that this final rule is not subject to the Regulatory Flexibility Act (5 U.S.C. 601) because it would not, if promulgated, have a significant economic impact on a substantial number of small entities. Therefore, the Regulatory Flexibility Act, as amended, does not require us to prepare a regulatory flexibility analysis.

Public Law 96-511, “Paperwork Reduction Act” (44 U.S.C. Chapter 35)

It has been certified that 32 CFR part 66 does not impose additional reporting or recordkeeping requirements under the Paperwork Reduction Act of 1995. The following existing clearances will be utilized:

- 0701-0101—“Air Force ROTC College Scholarship Application”
- 0701-0150—“Air Force Recruiting Information Support System—Total Forces (AFRISS-TF)”
- 0702-0073—“U.S. Army ROTC 4-year College Scholarship Application”
- 0702-0111—“Army ROTC Referral Information”
- 0703-0020—“Enlistee Financial Statement”
- 0704-0006—“Request for Verification of Birth”
- 0704-0173—“Record of Military Processing—Armed Forces of the United States”
- 0704-0413—“Medical Screening of Military Personnel”
- 0704-0415, “Application for Department of Defense Common Access Card—DEERS Enrollment”

The Department will continue to review its processes to identify collection instruments and consider how these collection tools may be improved and make revisions accordingly. The Department welcomes comments on how you think we can improve on our information collection activities.

Executive Order 13132, “Federalism”

Executive Order 13132 establishes certain requirements that an agency must meet when it promulgates a proposed rule (and subsequent final rule) that imposes substantial direct requirement costs on State and local governments, preempts State law, or otherwise has Federalism implications. This final rule will not have a substantial effect on State and local governments.
