#### **POLICY JUSTIFICATION**

##### *Afghanistan—Individual and Crew Served Weapons*

The Government of Afghanistan has requested a possible sale of:

*Major Defense Equipment (MDE):* Four thousand, eight hundred and ninety-one (4,891) M16A4 5.56mm Rifles, Four hundred and eighty-five (485) M240B 7.62mm Machine Guns, Eight hundred (800) M2 .50 caliber Machine Guns.

##### *Non-MDE:*

Also included with this request are M249 Light Automatic Machine Guns; M110 7.62mm Sniper Rifles; MK-19 40mm Grenade Launchers; MK-93 40mm Machine Gun Mounts; M3 Tripod

Machine Gun Mounts; Spare Barrels; spare and repair parts; lot validation; publications and technical documentation; personnel training and training equipment; Quality Assurance Team; U.S. Government and contractor technical and logistics support services; and other related elements of logistics and program support. The estimated cost is \$60 million.

The proposed sale will enhance the foreign policy and national security objectives of the United States by helping to improve the security of a strategic partner by providing weapons needed to maintain security and stability, as well as to conduct offensive operations against an ongoing insurgency. A stable and secure Afghanistan is vital to regional stability. This proposed sale will also demonstrate the U.S. commitment to Afghanistan's security.

Afghanistan has an urgent requirement to increase its stocks of crew-served weapons for ongoing counter-insurgency operations and enduring threats to its national sovereignty. These articles were determined to be necessary and are based on Afghanistan's force structure and operational requirements.

The Afghan National Army (ANA) will use these weapons and equipment in both offensive and defensive operations against insurgents and terrorists within their borders. Without these defense articles, the ANA will not have the military capabilities that are necessary to maintain security and stability. The ANA is thoroughly trained and prepared to use the proposed defense articles. Afghanistan will have no difficulty absorbing this equipment into its armed forces.

While equipment for the ANA is typically purchased with Title 10 Afghanistan Security Forces Fund (ASFF) appropriations and implemented by DSCA through pseudo-FMS cases, Afghanistan will use U.S. government grants to fund and support this proposed purchase.

The principal contractor for the M240B will be FN America, Colombia,

SC. The principal contractors for the M16A4, M2, and other weapons have not been identified pending open competition and contract award. Some items may be drawn from Army stocks to meet desired delivery dates. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this sale will require the assignment of approximately eight (8) additional U.S. Government and approximately six (6) contractor representatives to Afghanistan for approximately 5–6 weeks in support of the fielding, maintenance and personnel training.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

#### POLICY JUSTIFICATION

##### Qatar—Mk-V Fast Patrol Boat

The Government of Qatar has requested:

*Major Defense Equipment (MDE)*: Eight (8) M2HB .50 Caliber Machine Guns.

##### *Non-MDE*:

Also included are Mk-V Fast Patrol Boats, Forward Looking Infrared (FLIR) Systems, MLG 27mm Gun Systems, 27mm ammunition, 27mm target practice ammunition, .50 Caliber ammunition, support equipment, publications, technical documentation, personnel training, U.S. Government and contractor engineering, in-country support, technical and logistics support services.

The total estimated value of MDE is \$0.02 million. The total estimated value is \$124.02 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country. Qatar is an important force for political stability and economic progress in the Persian Gulf region. This proposed sale will provide Qatar with military capabilities to protect its critical sea-based infrastructure and maritime security. Qatar will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment, services, and support will not alter the basic military balance in the region.

The principal contractor will be United States Marine Incorporated (USMI) in Gulfport, Mississippi. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require multiple trips by U.S. Government and contractor representatives to participate in program and technical reviews, system integration, as well as training and maintenance support in country for a period of five (5) years.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 16–29

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

Annex Item No. vii

##### (vii) *Sensitivity of Technology*:

1. The Mk-V fast patrol boat is approximately twenty-eight meters (28) long with an approximate beam of six (6) meters powered by MTU diesel engines with a waterjet drive. It has a top speed of forty-five (45) knots. The MK-V is outfitted with a stern launchable inflatable boat. The MK-V is outfitted with unclassified commercial off-the-shelf navigation to include magnetic compass, fluxgate compass, gyro compass, Global Positioning System (GPS), electronic chart plotter, anemometer, navigation radar, navigation lights, navigation horn siren, and other electrical and non-electronic navigation aids. The MK-V utilizes commercial communications to include high frequency (HF), and very high frequency (VHF) communication radio systems, intercom system, boat horn and blue strobe Jaw enforcement lights. The overall classification level of the vessel is UNCLASSIFIED.

2. A determination has been made that the Government of Qatar can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of U.S. foreign policy and national security objectives outlined in the Policy Justification.

3. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Qatar.
