This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its

Abstract: In accordance with the regulations at 40 CFR 79, Subparts A, B, C, and D, Registration of Fuels and Fuel Additives, manufacturers (including importers) of motor-vehicle gasoline, motor-vehicle diesel fuel, and additives for those fuels are required to have these products registered by the EPA prior to their introduction into commerce. Registration involves providing a chemical description of the fuel or additive, and certain technical, marketing, and health-effects

information. The development of health-effects data, as required by 40 CFR 79, Subpart F, is the subject of this ICR. The information collection requirements for Subparts A through D, and the supplemental notification requirements of Subpart F (indicating how the manufacturer will satisfy the health-effects data requirements) are covered by a separate ICR (EPA ICR No. 0309.14, OMB Control No. 2060–0150). The health-effects data will be used to determine if there are any products which have evaporative or combustion emissions that may pose an unreasonable risk to public health, thus meriting further investigation and potential regulation. This information is required for specific groups of fuels and additives as defined in the regulations.

Form numbers: None.

Respondents/affected entities:

Manufacturers of motor-vehicle gasoline, motor-vehicle diesel fuel, and additives for those fuels.

Respondent's obligation to respond: Mandatory (40 CFR 79).

Estimated number of respondents: 2 (total).

Frequency of response: On occasion.

Total estimated burden: 17,600 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$2,053,800 (per year), includes \$597,000 annualized capital or operation & maintenance costs.

Changes in estimates: There is a decrease of 1,600 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease is due to a revision in the estimate for conducting the Tier 1 literature search.

Director, Regulatory Support Division.

Product Cancellation Order for Certain Pesticide Registrations and Amendment To Terminate a Certain Use

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations and amendment to terminate a certain use, voluntarily requested by the registrants and accepted by the Agency, of products containing the pesticides listed in Tables 1 and 2 of Unit II, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a July 21, 2016 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 3 of Unit II, to voluntarily cancel these product registrations, as well as to amend a registration to terminate a certain use of a product. In the July 21, 2016 Notice, EPA indicated that it would issue an order implementing the cancellations and amendment to terminate a certain use, unless the Agency received substantive comments within the 30 day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests within this period. The Agency received one comment on the notice from a registrant to withdraw one cancellation request. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations and amendment to terminate a certain use. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations are effective September 21, 2016.
