

Proposed Rules

Federal Register

Vol. 81, No. 183

Wednesday, September 21, 2016

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 923

[Doc. No. AMS-SC-16-0077; SC16-923-1 PR]

Cherries Grown in Designated Counties in Washington; Increased Assessment Rate

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Proposed rule.

SUMMARY: This proposed rule would implement a recommendation from the Washington Cherry Marketing Committee (Committee) to increase the assessment rate established for the 2016–2017 and subsequent fiscal periods from \$0.15 to \$0.25 per ton of Washington cherries handled. The Committee locally administers the marketing order and is comprised of growers and handlers of cherries operating within the production area. Assessments upon cherry handlers are used by the Committee to fund reasonable and necessary expenses of the marketing order. The fiscal period begins April 1 and ends March 31. The assessment rate would remain in effect indefinitely unless modified, suspended or terminated.

DATES: Comments must be received by October 6, 2016.

ADDRESSES: Interested persons are invited to submit written comments concerning this proposed rule. Comments must be sent to the Docket Clerk, Marketing Order and Agreement Division, Specialty Crops Program, AMS, USDA, 1400 Independence Avenue SW., STOP 0237, Washington, DC 20250–0237; Fax: (202) 720–8938; or internet: <http://www.regulations.gov>. Comments should reference the document number and the date and page number of this issue of the **Federal Register** and will be made available for public inspection in the Office of the Docket Clerk during regular business

hours, or can be viewed at: <http://www.regulations.gov>. All comments submitted in response to this proposed rule will be included in the record and will be made available to the public. Please be advised that the identity of the individuals or entities submitting the comments will be made public on the internet at the address provided above.

FOR FURTHER INFORMATION CONTACT: Teresa Hutchinson or Gary D. Olson, Northwest Marketing Field Office, Marketing Order and Agreement Division, Specialty Crops Program, AMS, USDA; Telephone: (503) 326–2724, Fax: (503) 326–7440, or Email: Teresa.Hutchinson@ams.usda.gov or GaryD.Olson@ams.usda.gov.

Small businesses may request information on complying with this regulation by contacting Richard Lower, Marketing Order and Agreement Division, Specialty Crops Program, AMS, USDA, 1400 Independence Avenue SW., STOP 0237, Washington, DC 20250–0237; Telephone: (202) 720–2491, Fax: (202) 720–8938, or Email: Richard.Lower@ams.usda.gov.

SUPPLEMENTARY INFORMATION: This proposed rule is issued under Marketing Order No. 923, as amended (7 CFR part 923), regulating the handling of cherries grown in designated counties in Washington, hereinafter referred to as the “order.” The order is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601–674), hereinafter referred to as the “Act.”

The Department of Agriculture (USDA) is issuing this proposed rule in conformance with Executive Orders 12866, 13563, and 13175.

This proposed rule has been reviewed under Executive Order 12988, Civil Justice Reform. Under the order now in effect, Washington cherry handlers are subject to assessments. Funds to administer the order are derived from such assessments. It is intended that the assessment rate, as proposed herein, would be applicable to all assessable Washington cherries beginning April 1, 2016, and continue until amended, suspended, or terminated.

The Act provides that administrative proceedings must be exhausted before parties may file suit in court. Under section 608c(15)(A) of the Act, any handler subject to an order may file with USDA a petition stating that the order, any provision of the order, or any

obligation imposed in connection with the order is not in accordance with law and request a modification of the order or to be exempted therefrom. Such handler is afforded the opportunity for a hearing on the petition. After the hearing, USDA would rule on the petition. The Act provides that the district court of the United States in any district in which the handler is an inhabitant, or has his or her principal place of business, has jurisdiction to review USDA’s ruling on the petition, provided an action is filed not later than 20 days after the date of the entry of the ruling.

This proposed rule would increase the assessment rate for the 2016–2017 and subsequent fiscal periods from \$0.15 to \$0.25 per ton of Washington cherries.

The order provides authority for the Committee, with the approval of USDA, to formulate an annual budget of expenses and collect assessments from handlers to administer the program. The members of the Committee are growers and handlers of Washington cherries. They are familiar with the Committee’s needs, and with the costs for goods and services in their local area, and are thus in a position to formulate an appropriate budget and assessment rate. The assessment rate is formulated and discussed in a public meeting. Thus, all directly affected persons have an opportunity to participate and provide input.

For the 2013–2014 and subsequent fiscal periods, the Committee recommended, and the USDA approved, an assessment rate of \$0.15 per ton of Washington cherries that would continue in effect from fiscal period to fiscal period unless modified, suspended, or terminated by USDA upon recommendation and information submitted by the Committee or other information available to USDA.

The Committee met on May 18, 2016, and unanimously recommended expenditures of \$57,150 for the 2016–2017 fiscal period. In comparison, the previous fiscal period’s budgeted expenditures were \$59,750. The Committee also unanimously recommended an assessment rate of \$0.25 per ton of Washington cherries. The recommended assessment rate of \$0.25 is \$0.10 higher than the rate currently in effect.

The expenditures recommended by the Committee for the 2016–2017 fiscal period include \$25,000 for the management fee; \$7,000 for compliance; \$5,000 for the data management fee; \$5,000 for accounting administration; \$5,000 for research; \$4,000 for Committee travel; \$3,000 for an audit; and \$3,150 for miscellaneous other expenses. In comparison, expenditures for the 2015–2016 fiscal period were \$25,000 for the management fee; \$7,000 for compliance; \$5,000 for the data management fee; \$7,000 for accounting administration; \$5,000 for research; \$4,000 for Committee travel; \$4,000 for an audit; and \$2,750 for miscellaneous other expenses.

Committee members estimated the 2016 fresh cherry production to be approximately 150,000 tons, which would be less than the 2015 production of 165,358 tons by 15,358 tons. However, cherry production tends to fluctuate due to the effects of weather, pollination, and tree health. The Committee's recommended assessment rate was derived by dividing the 2016–2017 anticipated expenses by the expected shipments of Washington cherries, while also taking into account the Committee's monetary reserve. The recommended assessment rate of \$0.25 per ton, when multiplied by the 150,000 tons of estimated 2016 Washington cherry shipments, is expected to generate \$37,500 in handler assessments. The projected revenue from handler assessments, together with funds from the Committee's monetary reserve, would be adequate to cover the 2016–2017 budgeted expenses of \$57,150. The Committee expects its monetary reserve to decrease from \$49,661 at the beginning of the 2016–2017 fiscal period to approximately \$30,011 at the end of the 2016–2017 fiscal period. That amount would be within the provisions of the order and would provide the Committee with greater ability to absorb fluctuations in assessment income and expenses into the future.

The proposed assessment rate would continue in effect indefinitely unless modified, suspended, or terminated by USDA upon recommendation and information submitted by the Committee or other available information.

Although this assessment rate would be in effect for an indefinite period, the Committee would continue to meet prior to or during each fiscal period to recommend a budget of expenses and consider recommendations for modification of the assessment rate. The dates and times of the Committee meetings are available from the

Committee and USDA. Committee meetings are open to the public and interested persons may express their views at these meetings. USDA would evaluate Committee recommendations and other available information to determine whether modification of the assessment rate is needed. Further rulemaking would be undertaken as necessary. The Committee's 2016–2017 budget and those for subsequent fiscal periods would be reviewed and, as appropriate, approved by USDA.

Initial Regulatory Flexibility Analysis

Pursuant to requirements set forth in the Regulatory Flexibility Act (RFA) (5 U.S.C. 601–612), the Agricultural Marketing Service (AMS) has considered the economic impact of this proposed rule on small entities. Accordingly, AMS has prepared this initial regulatory flexibility analysis.

The purpose of the RFA is to fit regulatory actions to the scale of businesses subject to such actions in order that small businesses will not be unduly or disproportionately burdened. Marketing orders issued pursuant to the Act, and the rules issued thereunder, are unique in that they are brought about through group action of essentially small entities acting on their own behalf.

There are 53 handlers of Washington sweet cherries subject to regulation under the order and approximately 1,500 growers in the regulated production area. Small agricultural service firms are defined by the Small Business Administration (13 CFR 121.201) as those having annual receipts of less than \$7,500,000, and small agricultural growers are defined as those having annual receipts of less than \$750,000.

National Agricultural Statistics Service has prepared a preliminary report for the 2015 shipping season showing that prices for the 171,600 tons of sweet cherries that entered the fresh market averaged \$2,380 per ton. Based on the number of growers in the production area (1,500), the average grower revenue from the sale of sweet cherries in 2015 can therefore be estimated at approximately \$272,272 per year. In addition, the Committee reports that most of the industry's 53 handlers reported gross receipts of less than \$7,500,000 from the sale of fresh sweet cherries last fiscal period. Thus, the majority of growers and handlers of Washington sweet cherries may be classified as small entities.

This proposal would increase the assessment rate collected from handlers, for the 2016–2017 and subsequent fiscal periods from \$0.15 to \$0.25 per ton of

Washington cherries handled. The Committee unanimously recommended 2016–2017 expenditures of \$57,150 and an assessment rate of \$0.25 per ton. The proposed assessment rate of \$0.25 is \$0.10 higher than the rate established for the 2013–2014 fiscal period.

The 2016–2017 Washington cherry crop is estimated at 150,000 tons. At the proposed \$0.25 per ton assessment rate, the Committee anticipates that assessment income of approximately \$37,500, along with reserve funds, would be adequate to cover budgeted expenses for the 2016–2017 fiscal period. With the proposed assessment rate and budgeted expense level, the Committee anticipates that \$19,650 would need to be deducted from the monetary reserve. As such, reserve funds are estimated to be at \$30,011 on March 31, 2017. That reserve level is within the maximum permitted by the order of approximately one fiscal period's operational expenses (§ 923.42(a)(2)).

The expenditures recommended by the Committee for the 2016–2017 fiscal period include \$25,000 for the management fee; \$7,000 for compliance; \$5,000 for the data management fee; \$5,000 for accounting administration; \$5,000 for research; \$4,000 for Committee travel; \$3,000 for the audit; and \$3,150 for miscellaneous other expenses.

In comparison, expenditures for the 2015–2016 fiscal period were \$25,000 for the management fee; \$7,000 for compliance; \$5,000 for the data management fee; \$7,000 for accounting administration; \$5,000 for research; \$4,000 for Committee travel; \$4,000 for the audit; and \$2,750 for miscellaneous other expenses.

The Committee discussed alternatives to this action, including recommending alternative expenditure levels and assessment rates. Although lower assessment rates were considered, none were selected because they would not have generated sufficient income to administer the order.

A review of historical data and preliminary information pertaining to the upcoming fiscal period indicates that the grower price for the 2016–2017 fiscal period could average \$2,380 per ton of sweet cherries. Therefore, the estimated assessment revenue for the 2016–2017 fiscal period, as a percentage of total grower revenue, is approximately 0.01 percent.

This action would increase the assessment obligation imposed on handlers. While assessments impose some additional costs on handlers, the costs are minimal and uniform on all handlers. Some of the additional costs

may be passed on to growers. However, these costs would be offset by the benefits derived by the operation of the order.

In addition, the Committee's meeting was widely publicized throughout the Washington cherry industry and all interested persons were invited to attend the meeting and participate in Committee deliberations on all issues. Like all Committee meetings, the May 18, 2016, meeting was a public meeting and all entities, both large and small, were able to express views on this issue. Finally, interested persons are invited to submit comments on this proposed rule, including the regulatory and informational impacts of this action on small businesses.

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the order's information collection requirements have been previously approved by the Office of Management and Budget (OMB) and assigned OMB No. 0581-0189. No changes in those requirements are necessary as a result of this action. Should any changes become necessary, they would be submitted to OMB for approval.

This proposed rule would not impose any additional reporting or recordkeeping requirements on either small or large Washington cherry handlers. As with all Federal marketing order programs, reports and forms are periodically reviewed to reduce information requirements and duplication by industry and public sector agencies.

AMS is committed to complying with the E-Government Act, to promote the use of the internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

USDA has not identified any relevant Federal rules that duplicate, overlap or conflict with this action.

A small business guide on complying with fruit, vegetable, and specialty crop marketing agreements and orders may be viewed at: <http://www.ams.usda.gov/rules-regulations/moa/small-businesses>. Any questions about the compliance guide should be sent to Richard Lower at the previously mentioned address in the **FOR FURTHER INFORMATION CONTACT** section.

A 15-day comment period is provided to allow interested persons to respond to this proposed rule. Fifteen days is deemed appropriate because: (1) The 2016-2017 fiscal period began on April 1, 2016, and the order requires that the assessment rate for each fiscal period apply to all assessable Washington

cherries handled during such fiscal period; (2) the Committee needs to have sufficient funds to pay its expenses, which are incurred on a continuous basis; (3) handlers are already shipping Washington cherries from the 2016 crop; and (4) handlers are aware of this action, which was unanimously recommended by the Committee at a public meeting and is similar to other assessment rate actions issued in past years.

List of Subjects in 7 CFR Part 923

Cherries, Marketing agreements, Reporting and recordkeeping requirements.

For the reasons set forth in the preamble, 7 CFR part 923 is proposed to be amended as follows:

PART 923—CHERRIES GROWN IN DESIGNATED COUNTIES IN WASHINGTON

■ 1. The authority citation for 7 CFR part 923 continues to read as follows:

Authority: 7 U.S.C. 601-674.

■ 2. Section 923.236 is revised to read as follows:

§ 923.236 Assessment rate.

On and after April 1, 2016, an assessment rate of \$0.25 per ton is established for the Washington Cherry Marketing Committee.

Dated: September 16, 2016.

Elanor Starmer,

Administrator, Agricultural Marketing Service.

Innovative Technologies in Manufacturing Loan Guarantee Program

AGENCY: Economic Development Administration, U.S. Department of Commerce.

ACTION: Notice of proposed rulemaking; request for public comment.

SUMMARY: Through this notice of proposed rulemaking ("NPRM"), the Economic Development Administration ("EDA," or "the Agency"), U.S. Department of Commerce ("DOC"),

proposes and requests comments on the Agency's implementation of section 26 of the Stevenson-Wydler Technology Innovation Act of 1980 (the "Stevenson-Wydler Act"), enacted as part of the America COMPETES Reauthorization Act of 2010 ("COMPETES Act"). The Stevenson-Wydler Act authorizes EDA to provide loan guarantees for obligations to small- and medium-sized manufacturers for the use or production of innovative technologies. These guarantees will enable innovative technology manufacturers to obtain capital otherwise unavailable to them.

DATES: Written comments on this NPRM must be received by EDA's Office of the Chief Counsel no later than 5 p.m. eastern time on December 20, 2016.

ADDRESSES: Comments on the NPRM may be submitted through any of the following methods:

- *Federal Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments. EDA will accept anonymous comments (enter "N/A" in the required fields if you wish to remain anonymous).

- *Agency Web site:* <http://www.eda.gov/>. EDA has created an online feature for submitting comments. Follow the instructions at <http://www.eda.gov/>.

- *Mail:* Economic Development Administration, Office of the Chief Counsel, U.S. Department of Commerce, 1401 Constitution Avenue NW., Suite 72023, Washington, DC 20230. Please indicate "Comments on EDA's regulations" and Docket No. 150826785-5785-01 on the envelope.

All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible.

FOR FURTHER INFORMATION CONTACT: Rachel A. Wallace, Attorney-Advisor, Office of the Chief Counsel, Economic Development Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Suite 72023, Washington, DC 20230; telephone: (202) 482-5443.

SUPPLEMENTARY INFORMATION:

Background

Established under the Public Works and Economic Development Act of 1965, as amended (42 U.S.C. 3121 *et seq.*) ("PWEDA"), EDA's mission is to lead the Federal economic development agenda by promoting innovation and
