

information. The development of health-effects data, as required by 40 CFR 79, Subpart F, is the subject of this ICR. The information collection requirements for Subparts A through D, and the supplemental notification requirements of Subpart F (indicating how the manufacturer will satisfy the health-effects data requirements) are covered by a separate ICR (EPA ICR No. 0309.14, OMB Control No. 2060-0150). The health-effects data will be used to determine if there are any products which have evaporative or combustion emissions that may pose an unreasonable risk to public health, thus meriting further investigation and potential regulation. This information is required for specific groups of fuels and additives as defined in the regulations.

*Form numbers:* None.

*Respondents/affected entities:*

Manufacturers of motor-vehicle gasoline, motor-vehicle diesel fuel, and additives for those fuels.

*Respondent's obligation to respond:* Mandatory (40 CFR 79).

*Estimated number of respondents:* 2 (total).

*Frequency of response:* On occasion.

*Total estimated burden:* 17,600 hours (per year). Burden is defined at 5 CFR 1320.3(b).

*Total estimated cost:* \$2,053,800 (per year), includes \$597,000 annualized capital or operation & maintenance costs.

*Changes in estimates:* There is a decrease of 1,600 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease is due to a revision in the estimate for conducting the Tier 1 literature search.

**Product Cancellation Order for Certain Pesticide Registrations and Amendment To Terminate a Certain Use**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces EPA's order for the cancellations and amendment to terminate a certain use, voluntarily requested by the registrants and accepted by the Agency, of products containing the pesticides listed in Tables 1 and 2 of Unit II, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a July 21, 2016 **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 3 of Unit II. to voluntarily cancel these product registrations, as well as to amend a registration to terminate a certain use of a product. In the July 21, 2016 Notice, EPA indicated that it would issue an order implementing the cancellations and amendment to terminate a certain use, unless the Agency received substantive comments within the 30 day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests within this period. The Agency received one comment on the notice from a registrant to withdraw one cancellation request. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations and amendment to terminate a certain use. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

**DATES:** The cancellations are effective September 21, 2016.

### III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period, EPA received one comment. The comment was from Lonza Inc. on behalf of H&S Chemicals Division requesting that EPA Reg. No. 47371–58 be retained because the voluntary cancellation request was made in error. As a result of this comment, the Agency is retaining the registration of EPA Reg. No. 47371–58.

### IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations and amendment to terminate a certain use of dodecylguanidine hydrochloride (DGH) registration identified in Tables 1 and 2 of Unit II. Accordingly, the Agency orders that the product registrations identified in Tables 1 and 2 of Unit II. are hereby cancelled and amended to terminate the affected use. Any distribution, sale, or use of existing stocks of the products identified in Tables 1 and 2 of Unit II. in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth in Unit VI. will be considered a violation of FIFRA.

### V. What is the agency's authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be cancelled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of July 21, 2016 (81 FR 47381) (FRL–9948–85). The comment period closed on August 22, 2016.

### VI. Provisions for Disposition of Existing Stocks

EPA's existing stocks policy published in the **Federal Register** of June 26, 1991 (56 FR 29362) provides

that: "If a registrant requests to voluntarily cancel a registration where the Agency has identified no particular risk concerns, the registrant has complied with all applicable conditions of reregistration, conditional registration, and data call ins, and the registration is not subject to a Registration Standard, Label Improvement Program, or reregistration decision, the Agency will generally permit a registrant to sell or distribute existing stocks for 1 year after the cancellation request was received. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted."

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action.

*A. For Products 10324–64, 10324–73, 10324–79, 10324–82, 10324–83, 10324–84, 10324–86, 10324–109, 10324–131, 10324–134, 10324–144, 10324–146, 10324–147, 10324–163, 10324–168, 10324–179, 10324–180, 10324–181, 10324–189, 10324–190, 10324–191, 10324–192, 10324–213, 10324–215, and 10324–216*

The registrant has requested to the Agency via letter to sell existing stocks for an 18-month period for products 10324–64, 10324–73, 10324–79, 10324–82, 10324–83, 10324–84, 10324–86, 10324–109, 10324–131, 10324–134, 10324–144, 10324–146, 10324–147, 10324–163, 10324–168, 10324–179, 10324–180, 10324–181, 10324–189, 10324–190, 10324–191, 10324–192, 10324–213, 10324–215, and 10324–216. The effective date of this cancellation is September 21, 2016. Because the Agency has identified no significant potential risk concerns associated with these pesticide products, upon cancellation, EPA anticipates allowing registrants to sell and distribute existing stocks of these products until March 21, 2018. Thereafter, registrants will be prohibited from selling or distributing the pesticides identified in Table 1 of Unit II., except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal. Persons other

than registrants may sell, distribute, or use existing stocks of these products until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

### *B. For All Other Products Identified in Table 1 and Table 2 of Unit II*

Because the Agency has identified no significant potential risk concerns associated with these pesticide products, upon cancellation of the products or uses identified in Table 1 and Table 2 of Unit II., EPA anticipates allowing registrants to sell and distribute existing stocks of these products until September 21, 2017. Thereafter, registrants will be prohibited from selling or distributing the pesticides identified in Table 1 and Table 2 of Unit II., except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.
