

TABLE 3—REGISTRANTS OF CANCELLED AND AMENDED REGISTRATION—Continued

| EPA company No. | Company name and address |
|-----------------|---------------------------------------------------------------------------------|
| 60061 | Kop-Coat, Inc, 436 Seventh Avenue, Pittsburgh, PA 15219. |
| 67619 | Clorox Professional Products Co, C/O PS&RC, P.O. Box 493, Pleasanton, CA 94566. |
| 70627 | Diversey, Inc., 8310 16th Street, MS 707, Sturtevant, WI 53177. |
| 74655 | Solenis, LLC., 7910 Baymeadows Way, Suite 100, Jacksonville, FL 32256. |

III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period, EPA received one comment. The comment was from Lonza Inc. on behalf of H&S Chemicals Division requesting that EPA Reg. No. 47371–58 be retained because the voluntary cancellation request was made in error. As a result of this comment, the Agency is retaining the registration of EPA Reg. No. 47371–58.

IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations and amendment to terminate a certain use of dodecylguanidine hydrochloride (DGH) registration identified in Tables 1 and 2 of Unit II. Accordingly, the Agency orders that the product registrations identified in Tables 1 and 2 of Unit II. are hereby cancelled and amended to terminate the affected use. Any distribution, sale, or use of existing stocks of the products identified in Tables 1 and 2 of Unit II. in a manner inconsistent with any of the Provisions for Disposition of Existing Stocks set forth in Unit VI. will be considered a violation of FIFRA.

V. What is the agency's authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be cancelled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of July 21, 2016 (81 FR 47381) (FRL–9948–85). The comment period closed on August 22, 2016.

VI. Provisions for Disposition of Existing Stocks

EPA's existing stocks policy published in the **Federal Register** of June 26, 1991 (56 FR 29362) provides

that: "If a registrant requests to voluntarily cancel a registration where the Agency has identified no particular risk concerns, the registrant has complied with all applicable conditions of reregistration, conditional registration, and data call ins, and the registration is not subject to a Registration Standard, Label Improvement Program, or reregistration decision, the Agency will generally permit a registrant to sell or distribute existing stocks for 1 year after the cancellation request was received. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted."

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action.

A. For Products 10324–64, 10324–73, 10324–79, 10324–82, 10324–83, 10324–84, 10324–86, 10324–109, 10324–131, 10324–134, 10324–144, 10324–146, 10324–147, 10324–163, 10324–168, 10324–179, 10324–180, 10324–181, 10324–189, 10324–190, 10324–191, 10324–192, 10324–213, 10324–215, and 10324–216

The registrant has requested to the Agency via letter to sell existing stocks for an 18-month period for products 10324–64, 10324–73, 10324–79, 10324–82, 10324–83, 10324–84, 10324–86, 10324–109, 10324–131, 10324–134, 10324–144, 10324–146, 10324–147, 10324–163, 10324–168, 10324–179, 10324–180, 10324–181, 10324–189, 10324–190, 10324–191, 10324–192, 10324–213, 10324–215, and 10324–216. The effective date of this cancellation is September 21, 2016. Because the Agency has identified no significant potential risk concerns associated with these pesticide products, upon cancellation, EPA anticipates allowing registrants to sell and distribute existing stocks of these products until March 21, 2018. Thereafter, registrants will be prohibited from selling or distributing the pesticides identified in Table 1 of Unit II., except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal. Persons other

than registrants may sell, distribute, or use existing stocks of these products until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

B. For All Other Products Identified in Table 1 and Table 2 of Unit II

Because the Agency has identified no significant potential risk concerns associated with these pesticide products, upon cancellation of the products or uses identified in Table 1 and Table 2 of Unit II., EPA anticipates allowing registrants to sell and distribute existing stocks of these products until September 21, 2017. Thereafter, registrants will be prohibited from selling or distributing the pesticides identified in Table 1 and Table 2 of Unit II., except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

Authority: 7 U.S.C. 136 *et seq.*

Dated: September 14, 2016.

Steve Knizner,

Director, Antimicrobials Division, Office of Pesticide Programs.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OAR–2011–0901; FRL–952–70–OAR]

Proposed Information Collection Request; Comment Request; Prevention of Significant Deterioration and Nonattainment New Source Review (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) is planning to submit an

information collection request (ICR), “Prevention of Significant Deterioration and Nonattainment New Source Review” (EPA ICR No. 1230.32, OMB Control No. 2060–0003) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3501 *et seq.*). Before doing so, the EPA is soliciting public comments on specific aspects of the proposed information collection as described below. This is a proposed extension of the ICR, which is currently approved through April 30, 2017. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Comments must be submitted on or before November 21, 2016.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–HQ–OAR–2011–0901, to the *Federal eRulemaking Portal*: <https://www.regulations.gov>. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or withdrawn. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www2.epa.gov/dockets/commenting-epa-dockets>.

FOR FURTHER INFORMATION CONTACT: Ben Garwood, Air Quality Policy Division, Office of Air Quality Planning and Standards, C504–03, U.S. Environmental Protection Agency, Research Triangle Park, NC 27709; telephone number: (919) 541–1358; fax number: (919) 541–5509; email address: garwood.ben@epa.gov.

SUPPLEMENTARY INFORMATION: Supporting document(s) which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at <https://www.regulations.gov> or in person at the

EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW., Washington, DC. The telephone number for the Docket Center is (202) 566–1744. For additional information about the EPA’s public docket, visit <https://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, the EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical or other technological collection techniques or other forms of information technology, *e.g.*, allowing electronic submission of responses. The EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, the EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: This ICR is for activities related to the implementation of the EPA’s New Source Review (NSR) program, for the time period between May 1, 2017, and April 30, 2020, and renews the previous ICR. Title I, part C of the Clean Air Act (CAA or the Act)—“Prevention of Significant Deterioration,” and part D—“Plan Requirements for Nonattainment Areas,” require all states to adopt preconstruction review programs for new or modified stationary sources of air pollution. In addition, the provisions of section 110 of the Act include a requirement for states to have a preconstruction review program to manage the emissions from the construction and modification of any stationary source of air pollution to assure that the National Ambient Air Quality Standards are achieved and maintained. Tribes may choose to develop implementation plans to address these requirements.

Implementing regulations for these three programs are promulgated at 40 CFR 49.101 through 49.105; 40 CFR 49.151 through 49.173; 40 CFR 51.160 through 51.166; 40 CFR part 51,

Appendix S; and 40 CFR 52.21 and 52.24. In order to receive a construction permit for a major new source or major modification, the applicant must conduct the necessary research, perform the appropriate analyses and prepare the permit application with documentation to demonstrate that their project meets all applicable statutory and regulatory NSR requirements. Specific activities and requirements are listed and described in the Supporting Statement for the ICR.

State, local, tribal or federal reviewing authorities review permit applications and provide for public review of proposed projects and issue permits based on their consideration of all technical factors and public input. The EPA, more broadly, reviews a fraction of the total applications and audits the state and local programs for their effectiveness. Consequently, information prepared and submitted by sources is essential for sources to receive permits, and for federal, state, and local environmental agencies to adequately review the permit applications and thereby properly administer and manage the NSR programs.

Information that is collected is handled according to EPA’s policies set forth in title 40, chapter 1, part 2, subpart B—Confidentiality of Business Information (*see* 40 CFR part 2). *See* also section 114(c) of the Act.

Form numbers: 5900–246, 5900–247, 5900–248, 5900–340, 5900–341, 5900–342, 5900–343, 5900–344, 5900–390, and 5900–391.

Respondents/affected entities: Entities potentially affected by this action are those which must apply for and obtain a preconstruction permit under part C or D or section 110(a)(2)(C) of title I of the Act. In addition, state, local and tribal reviewing authorities that must review permit applications and issue permits are affected entities.

Title: Prevention of Significant Deterioration and Nonattainment New Source Review (Renewal).

Respondent’s obligation to respond: Mandatory [*see* 40 CFR part 49, subpart C; 40 CFR part 51, subpart I; 40 CFR part 52, subpart A; 40 CFR part 124, subparts A and C].

Estimated number of respondents: 73,762 (total); 73,639 industrial facilities and 123 state, local and tribal reviewing authorities.

Frequency of response: On occasion, as necessary.

Total estimated burden: 5,516,675 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$428,760,519 (per year). This includes \$3,466,314

annually in outsourced start-up costs for preconstruction monitoring.

Changes in estimates: There is a decrease of 2,417,665 hours in the total estimated respondent burden compared with the ICR currently approved by OMB. This decrease has two primary causes: (1) A significant decrease in the estimated number of industrial facilities subject to CAA title I, part C permitting as a result of the U.S. Supreme Court ruling in *Utility Air Regulatory Group (UARG) v. EPA* (134 S.Ct. 2427 (2014)); and (2) a significant decrease in the estimated number of permits and registrations on tribal lands based on the progress in, and experience with, implementing the tribal NSR program.

Dated: September 9, 2016.

Anna Marie Wood,

Director, Air Quality Policy Division, OAQPS.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9945-98-OEI]

Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of Oregon

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's approval of the State of Oregon's request to revise/modify certain of its EPA-authorized programs to allow electronic reporting.

DATES: EPA's approval is effective September 21, 2016.

FOR FURTHER INFORMATION CONTACT:

Karen Seeh, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2823T, 1200 Pennsylvania Avenue NW., Washington, DC 20460, (202) 566-1175, seeh.karen@epa.gov.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a

revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On July 5, 2016, the Oregon Department of Environmental Quality (OR DEQ) submitted an application titled "National Network Discharge Monitoring Report System" for revisions/modifications to its EPA-approved programs under title 40 CFR to allow new electronic reporting. EPA reviewed OR DEQ's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve Oregon's request to revise/modify its following EPA-authorized programs to allow electronic reporting under 40 CFR parts 122 and 403, is being published in the **Federal Register**:

Part 123—EPA Administered Permit Programs: The National Pollutant Discharge Elimination System; and

Part 403—General Pretreatment Regulations for Existing and New Sources of Pollution.

OR DEQ was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Matthew Leopard,

Director, Office of Information Collection.
