SUPPLEMENTARY INFORMATION:

Title: Core Principles and Other
Requirements for Swap Execution
Facilities (OMB Control No. 3038-
0074). This is a request for extension of
a currently approved information
collection.

Abstract: Title VII of the Dodd-Frank
Wall Street Reform and Consumer
Protection Act (Dodd-Frank Act) added

new section 5h to the Commodity
Exchange Act (CEA) to impose
requirements concerning the registration
and operation of SEFs, which the
Commission has incorporated in part 37
of its regulations.¹ These information
collections are needed for the
Commission to ensure that SEFs
registered with the Commission (and
entities applying for SEF registration)
comply with these requirements.
Among other requirements, part 37 of
the Commission's regulations imposes
SEF registration requirements for a
trading platform or system, obligates
SEFs to provide transaction
confirmations to swap counterparties,
and requires SEFs to comply with 15
enumerated core principles.²

The Commission initially estimated
that there would be 35 SEFs registered
with the Commission, but in the 60-Day
Notice of Intent to Renew Collection
3038-0074 (60-Day Renewal Notice), the
Commission stated that 22 SEFs, rather
than 35 SEFs as initially estimated, were
registered with the Commission.³
However, since the publication of the
60-Day Renewal Notice, the
Commission has granted permanent
registration to an additional SEF, for a
total of 23 registered SEFs.⁴
Accordingly, the Commission is revising
the below burden statement from the 60-
Day Renewal Notice to account for the
increase from 22 to 23 registered SEFs.

The Commission did not receive any
relevant comments on the 60-Day
Renewal Notice.

¹ In general, this OMB Control Number covers all
information collections in part 37 of the
Commission's regulations, including Subpart A and
the SEF core principles (*i.e.*, Subparts B and C).
However, any information collections related to
§ 37.10 of the Commission's regulations are not
included under this control number and are instead
subject to a separate information collection with
OMB Control Number 3038-0099 (Process for a
Swap Execution Facility or Designated Contract
Market to Make a Swap Available to Trade).

² These 15 core principles establish standards
with respect to SEFs: Enforcing rules; listing
contracts for trading that are not readily susceptible
to manipulation; monitoring trading to prevent
market manipulation; obtaining information;
adopting position limits or position accountability
levels; adopting rules to enforce financial integrity
of swaps transactions entered on or through the
SEF; adopting rules to provide for the exercise of
emergency authority, in consultation with the
Commission; making public information regarding
prices and volume on a timely basis; maintaining
records of all activities of the business of the
contract market in a form and manner acceptable
to the Commission for five years; avoiding rules that
result in unreasonable restraints of trade or
anticompetitive burden on trading; enforcing rules
to minimize conflicts of interest in its decision-
making process; maintaining adequate financial
resources; establishing system safeguards; and
designating a chief compliance officer.

³ See 81 FR 47779, 47780 (July 22, 2016).

⁴ Commission granted permanent registration to
the additional SEF on August 23, 2016.
