39 CFR Part 111

Enterprise Payment System and Enterprise PO Boxes Online

AGENCY: Postal Service™.

ACTION: Final rule.

SUMMARY: The Postal Service is revising *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) to provide an enhanced method for commercial customers to pay for and manage their services online using a single account.

DATES: *Effective Date:* September 30, 2016.

FOR FURTHER INFORMATION CONTACT: Ingrid Molinary at (202) 268-4138, or Jacqueline Erwin at (202) 268-2158.

SUPPLEMENTARY INFORMATION: The Postal Service published an interim final rule (81 FR 48711) on July 26, 2016, to enhance online payment options for commercial customers, with a comment period which ended August 26, 2016. The Postal Service did not receive any customer comments.

The U.S. Postal Service is upgrading its payment architecture for business customers. The new Enterprise Payment System (EPS) will replace the current product-centric payment system with a centralized account management system enabling commercial customers to pay for and manage their services online using a single account.

EPS has been designed to be part of USPS products and services offered through the existing Business Customer Gateway (BCG) portal. Commercial customers who want to use EPS will need to be a registered BCG user,

request access to EPS and open an Enterprise Payment Account (EPA) to pay for their products and services. EPA requires that the customers fund the account via Electronic Funds Transfer—either Automated Clearing House (ACH) Debit or ACH Credit.

The first feature of EPS will allow business customers to open, close, and pay for their PO Boxes and Caller Service numbers (including reserved numbers) online using the new Enterprise PO Boxes Online (EPOBOL). EPS customers are required to have an EPA to pay for EPOBOL service. Future phases of EPS will provide commercial customers functionality to pay for additional services.
