Under the charter for the advisory committees, the purpose is to provide advice and recommendations to the U.S. Commission on Civil Rights (Commission) on a broad range of civil rights matters in its respective state that pertain to alleged deprivations of voting rights or discrimination or denials of equal protection of the laws because of race, color, religion, sex, age, disability, or national origin, or the administration of justice. - study and collect information about discrimination or denials of equal protection under the law,
- appraise federal civil rights laws and policies,
- serve as a national clearinghouse on discrimination laws,
- submit reports and findings and recommendations to the President and the Congress, and
- issue public service announcements to discourage discrimination.

Shield Framework (Privacy Shield), which requires that U.S. organizations pay an annual fee to ITA in order to participate in the Privacy Shield. The cost recovery program supports the administration and supervision of the Privacy Shield program and supports the provision of Privacy Shield-related services, including education and outreach. The Privacy Shield fee schedule was effective on August 1, 2016, when ITA began accepting self-certifications under the Privacy Shield Framework.

DATES: This fee schedule was effective August 1, 2016.

FOR FURTHER INFORMATION CONTACT: Requests for additional information regarding the EU-U.S. Privacy Shield Framework should be directed to Grace Harter, Department of Commerce, International Trade Administration, Room 20001, 1401 Constitution Avenue NW, Washington, DC, tel. 202-482-4936 or 202-482-1512 or via email at privacyshield@trade.gov. Additional information on ITA fees is available at trade.gov/fees.

SUPPLEMENTARY INFORMATION:

Background

Consistent with the guidelines in OMB Circular A-25, federal agencies are responsible for implementing cost recovery program fees.

The role of ITA is to strengthen the competitiveness of U.S. industry, promote trade and investment, and ensure fair trade through the rigorous enforcement of our trade laws and agreements. ITA works to promote privacy policy frameworks to facilitate the flow of data across borders to support international trade.

The United States and the European Union (EU) share the goal of enhancing privacy protection but take different approaches to protecting personal data. Given those differences, the Department of Commerce (DOC) developed the Privacy Shield in consultation with the European Commission, as well as with industry and other stakeholders, to provide organizations in the United States with a reliable mechanism for personal data transfers to the United States from the European Union while ensuring the protection of the data as required by EU law.

In July 2016, the European Commission approved the EU-U.S. Privacy Shield Framework. The published Privacy Shield Principles are available at: [insert link]. The DOC has issued the Privacy Shield Principles under its statutory authority to foster, promote, and develop international commerce (15 U.S.C. 1512). ITA will
