

the contractor should consider in evaluating these candidates. Once the public comments on the interim list of candidates have been reviewed and considered, the contractor will select the final list of peer reviewers.

Responsibilities of Peer Reviewers

Peer reviewers will be charged with evaluating and preparing written comments on the draft BBDR model and draft report. Versar, Inc., will provide reviewers with a summary of public comments on the draft BBDR model and report submitted to EPA's docket (ID number EPA-HQ-OW-2016-0438) during the 45-day public comment period, for their consideration. Reviewers will participate in the meeting expected to be held in the Washington, DC metro area in early 2017 (exact date to be determined) to discuss the scientific basis supporting these materials. Following the meeting, Versar, Inc., will provide a report to EPA summarizing the peer reviewer's evaluation of the scientific and technical merit of the draft model and draft report and their responses to the charge questions. EPA will make the final report available to the public (exact date to be determined). In preparing the final BBDR model and report, EPA will consider Versar's report as well as the written public comments submitted to the docket.

II. Interim List of Peer Reviewers

Versar, Inc., is considering the following candidates for the peer review panel. Biosketches are available through the docket at <http://www.regulations.gov> (Docket ID No. EPA-HQ-OW-2016-0439). After review and consideration of public comments, Versar, Inc., will select the final peer reviewers from this list, who will, collectively, best provide expertise spanning the previously mentioned areas of knowledge and experience and, to the extent feasible, best provide a balance of perspectives. EPA will announce the peer review panel meeting date, location and registration details along with the final list of peer reviewers selected by Versar, Inc., at least 30 days prior to the meeting.
