

Fishery Conservation and Management Act (Magnuson Stevens Act) authorizes the establishment of Regional Fishery Management Councils to exercise sound judgment in the stewardship of fishery resources through the preparation, monitoring, and revision of such fishery management plans under circumstances (a) which will enable the States, the fishing industry, consumers, environmental organizations, and other interested persons to participate in the development of such plans, and (b) which take into account the social and economic needs of fishermen and dependent communities.

Section 302(j) of the Magnuson-Stevens Act requires that Council members appointed by the Secretary, Scientific and Statistical Committee (SSC) members appointed by a Council under Section 302(g)(1), or individuals nominated by the Governor of a State for possible appointment as a Council member, disclose their financial interest in any Council fishery. These interests include harvesting, processing, lobbying, advocacy, or marketing activity that is being, or will be, undertaken within any fishery over which the Council concerned has jurisdiction, or with respect to an individual or organization with a financial interest in such activity. The authority to require this information and reporting and filing requirements has not changed. Revision: NOAA Fisheries is in the process of conducting minor revisions to the form by adding clearer instructions and clarifying some of the questions asked to ensure the questions are consistent with the regulatory requirements. Revisions will also include a specific check box to indicate that a Council nominee, and not a member, is completing the form.

The Secretary is required to submit an annual report to Congress on action taken by the Secretary and the Councils to implement the disclosure of financial interest and recusal requirements, including identification of any conflict of interest problems with respect to the Councils and SSCs and recommendations for addressing any such problems.

The Act further provides that a member shall not vote on a Council decision that would have a significant and predictable effect on a financial interest if there is a close causal link between the Council decision and an expected and substantially disproportionate benefit to the financial interest of the affected individual relative to the financial interest of other participants in the same gear type or sector of the fishery. However, an affected individual who is declared

ineligible to vote on a Council action may participate in Council deliberations relating to the decision after notifying the Council of his/her recusal and identifying the financial interest that would be affected.

II. Method of Collection

Respondents submit paper forms. The forms and related instructions are available to the public on the Internet and can be completed online and printed. Seated Council members appointed by the Secretary, including the Tribal Government appointee and SSC members, must file a financial interest form within 45 days of taking office and must provide updates of their statements at any time any such financial interest is acquired, or substantially changed.
