**SUPPLEMENTARY INFORMATION:**

**Background**

The Act (16 U.S.C. 1531 *et seq.*) prohibits certain activities with endangered and threatened species unless authorized by a Federal permit. Along with our implementing regulations at 50 CFR 17, the Act provides for permits and requires that we invite public comment before issuing these permits for endangered species.

A permit granted by us under section 10(a)(1)(A) of the Act authorizes the permittees to conduct activities with U.S. endangered or threatened species for scientific purposes, enhancement of propagation or survival, or interstate commerce (the latter only in the event that it facilitates scientific purposes or enhancement of propagation or survival). Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered

wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

**Application Available for Review and Comment**

We invite local, State, and Federal agencies and the public to comment on the following application. Documents and other information the applicants have submitted with their applications are available for review, subject to the requirements of the Privacy Act (5 U.S.C. 552a) and Freedom of Information Act (5 U.S.C. 552).

**Permit Application Number TE778102**

*Applicant:* Assistant Regional Director, U.S. Fish and Wildlife Service, Anchorage, AK

The applicant requests renewal of an existing permit to purposefully take (display, photograph, harass by survey, capture, handle, weigh, measure, mark, obtain biological samples, breed in captivity, reintroduce, relocate, remove from the wild, kill, and, for plant species only, remove and reduce to possession) all threatened and endangered species listed in the State of Alaska for recovery or scientific purposes or for the enhancement of propagation or for enhancing the species' survival. This permit will allow Fish and Wildlife Service employees and volunteers to lawfully conduct threatened and endangered species activities, in conjunction with recovery activities throughout the species' range, as outlined in Fish and Wildlife Service employees' and volunteers' position descriptions.

**National Environmental Policy Act**

The proposed activities in the requested permits qualify as categorical exclusions under the National Environmental Policy Act, as provided by Department of the Interior implementing regulations in part 46 of title 43 of the Code of Federal Regulations (43 CFR 46.205, 46.210, and 46.215).
