SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-79047; File No. SR-Phlx-2016-96]

Self-Regulatory Organizations; NASDAQ PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Options Floor Procedure Advice F-1, Entitled "Use of Identification Letters and Numbers."

October 5, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 23, 2016, NASDAQ PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described

in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Options Floor Procedure Advice F-1, entitled "Use of Identification Letters and Numbers."

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Options Floor Procedure Advice ("OFPA") F-1, entitled "Use of Identification Letters and Numbers" to eliminate the current fine schedule. Pursuant to this OFPA F-1, today, all Specialists, ROTs, and Floor Brokers must use the complete alpha/numeric identification assigned by the Exchange. Specifically, all Floor Brokers or their employees must indicate their complete alpha/numeric identifiers on the Options Floor Broker Management System ("FBMS") for each order they receive and represent in the trading crowd. The FBMS system is automated and requires this field to be completed before the transaction may be submitted. These numbers are important because they represent the parties to the particular transaction for purposes of audit trail, clearance and settlement of that transaction. This information is submitted to The Options Clearing Corporation at the end of the day to complete the back-office portion of the transaction. The information is available to and reviewed by both parties to the transaction. The Exchange currently has a fine schedule for violations of OFPA F-1 as follows:

FINE SCHEDULE

[Implemented on a two-year running calendar basis]

1st Occurrence	\$250.00.
2nd Occurrence	\$500.00.
3rd Occurrence	\$1,000.00.
4th Occurrence and Thereafter	Sanction is discretionary with Business Conduct Committee.

The Exchange notes that the violations of this rule today consist of inadvertent failures to include the requisite alpha/numeric identification.³ These errors are corrected post-trade, by end of day by the party in error. The Floor Brokers receive inter-day reports which allow them to review this information and determine if any errors occurred. Also, the contra-party to the transaction may alert the Floor Broker that an error occurred. The Exchange notes that where errors have been identified through surveillance, it has not witnessed any manipulative conduct, rather the error was an

inadvertent data entry error, which was subsequently corrected.

By way of background, the Exchange notes that when the floor operated with more manual procedures and inter-day reports were not available, these types of error occurred with more frequency. The Exchange at that time employed a greater number of staff employees on the Exchange floor when the population on the floor was also at greater numbers. The amount of time that staff was devoted to assisting with these types of errors placed an administrative burden on the Exchange and presented an administrative cost to the Exchange to employ staff to assist with clerical

errors. The fine at that time was justified to prevent a greater number of violations and also to support the amount of regulatory resources that were required to surveil for such violations and assist in the correction of errors.

Today, the automated processes and inter-day reports alleviate many of the issues that previously existed, including the burden on staff to correct errors. The Exchange does not believe that a single error necessitates the imposition of a \$250.00 fine, for example, where a data entry error occurred and was corrected by the firm.

The Exchange proposes to eliminate the current fine schedule and instead

³ For example in 2016, the Exchange statistically had .00004% of violations of this minor rule. In

2015, the Exchange statistically had .00003% of violations of this minor rule.
