Scope of the Investigation

The scope of the investigation covers truck and bus tires. Truck and bus tires are new pneumatic tires, of rubber, with a truck or bus size designation. Truck and bus tires covered by this investigation may be tube-type, tubeless, radial, or non-radial.

Subject tires have, at the time of importation, the symbol "DOT" on the sidewall, certifying that the tire conforms to applicable motor vehicle safety standards. Subject tires may also have one of the following suffixes in their tire size designation, which also appear on the sidewall of the tire:

TR—Identifies tires for service on trucks or buses to differentiate them from similarly sized passenger car and light truck tires; MH—Identifies tires for mobile homes; and HC—Identifies a 17.5 inch rim diameter code for use on low platform trailers.

All tires with a "TR," "MH," or "HC" suffix in their size designations are covered by this investigation regardless of their intended use.

In addition, all tires that lack one of the above suffix markings are included in the scope, regardless of their intended use, as long as the tire is of a size that is among the numerical size designations listed in the "Truck-Bus" section of the *Tire and Rim Association Year Book*, as updated annually, unless the tire falls within one of the specific exclusions set out below.

Truck and bus tires, whether or not mounted on wheels or rims, are included in the scope. However, if a subject tire is imported mounted on a wheel or rim, only the tire is covered by the scope. Subject merchandise includes truck and bus tires produced in the subject country whether mounted on wheels or rims in the subject country or in a third country. Truck and bus tires are covered whether or not they are accompanied by other parts, e.g., a wheel, rim, axle parts, bolts, nuts, etc. Truck and bus tires that enter attached to a vehicle are not covered by the scope.

Specifically excluded from the scope of this investigation are the following types of tires: (1) Pneumatic tires, of rubber, that are not new, including recycled and retreaded tires; and (2) non-pneumatic tires, such as solid rubber tires.

The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 4011.20.1015 and 4011.20.5020. Tires meeting the scope description may also enter under the following HTSUS subheadings: 4011.99.4520, 4011.99.4590, 4011.99.8520, 4011.99.8590, 8708.70.4530, 8708.70.6030, and 8708.70.6060. On August 26, 2016, the Department included HTSUS subheadings 4011.69.0020, 4011.69.0090, and 8716.90.5059 to the case reference files,

pursuant to requests by U.S. Customs and Border Protection and the petitioner.⁹

While HTSUS subheadings are provided for convenience and for customs purposes, the written description of the subject merchandise is dispositive.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) preliminarily determines that countervailable subsidies are being provided to producers and exporters of new pneumatic off-the-road tires (OTR Tires) from the People's Republic of China (PRC). The period of review (POR) is January 1, 2014, through December 31, 2014. Interested parties are invited to comment on these preliminary results.

DATES: Effective October 14, 2016.

FOR FURTHER INFORMATION CONTACT: Toni Page, Kathryn Wallace, or Chien-Min Yang, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-1398, (202) 482-6251, or (202) 482-5484 respectively.

Scope of the Order

The products covered by the order are new pneumatic tires designed for off-the-road (OTR) and off-highway use. For a full description of the scope of this order, see the Preliminary Decision Memorandum.

Methodology

On September 4, 2008, the Department issued a countervailing duty order on new pneumatic tires designed for OTR and off-highway use.¹ The Department is conducting this administrative review in accordance

⁹ See Memorandum to the File entitled, "Requests from Customs and Border Protection and the Petitioner to Update the ACE Case Reference File," dated August 26, 2016.

with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily find that there is a subsidy, (i.e., a financial contribution from an authority that gives rise to a benefit to the recipient) and that the subsidy is specific.² In making this preliminary determination, the Department relied, in part, on facts otherwise available, with the application of adverse inferences.³ For further information, see "Use of Facts Otherwise Available and Application of Adverse Inferences" in the accompanying Preliminary Decision Memorandum. A list of topics discussed in the Preliminary Decision Memorandum is provided at Appendix I to this notice.

The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

As a result of this review, we preliminarily determine the countervailable subsidy rates to be:

Company	Subsidy rate (percent)
Guizhou Tyre Co., Ltd	38.19
Xuzhou Xugong Tyres Co., Ltd	70.20
Non Selected Companies	54.20

Preliminary Rate for Non-Selected Companies Under Review

There are 44 companies for which a review was requested that were not selected as mandatory respondents. We preliminarily based the non-selected rate on an average of Guizhou Tyre's and Xuzhou Xugong's subsidy rates. For a list of these companies, please see Appendix II.

² See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

³ See section 776(a) of the Act.

Issues addressed at the hearing will be limited to those raised in the briefs.¹⁰ All briefs and hearing requests must be filed electronically and received successfully in their entirety through ACCESS by 5:00 p.m. Eastern Time on the due date.

Unless the deadline is extended pursuant to section 751(a)(3)(A) of the Act, the Department intends to issue the final results of this administrative review, including the results of our analysis of the issues raised by the parties in their comments, within 120 days after publication of these preliminary results.

Assessment Rates and Cash Deposit Requirement

Upon issuance of the final results, the Department shall determine, and U.S. Customs and Border Protection (CBP)

shall assess, countervailing duties on all appropriate entries covered by this review. We intend to issue instructions to CBP 15 days after publication of the final results of review.

Pursuant to section 751(a)(2)(C) of the Act, the Department also intends to instruct CBP to collect cash deposits of estimated countervailing duties, in the amounts shown above for each of the respective companies shown above, on shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this review.
