[Docket No. FAA-2016-9284]

**Applicability of National Environmental Policy Act (NEPA) to Federal Aviation Administration (FAA) Review of Airport Wildlife Hazard Management Plans**

**AGENCY:** Federal Aviation Administration (FAA), DOT

**ACTION:** Notice and request for comments.

**SUMMARY:** The Federal Aviation Administration (FAA) Office of Airports is clarifying a program guidance letter issued in 2006 concerning how federal environmental laws apply to FAA approval of a new or updated airport Wildlife Hazard Management Plan (WHMP). Recent issues and questions have arisen that make it necessary to update and clarify the guidance. The clarified policy includes circumstances where the FAA would approve WHMPs, and delineate which individual measures in a plan the airport may implement based upon a categorical exclusion without further environmental review or coordination. In contrast, other measures might be subject to a higher level of review and interagency coordination prior to approval. The FAA is publishing this for notice and comment prior to implementation.

**DATES:** Written comments must be received on or before November 18, 2016.

Title 14 CFR part 139 § 139.337 ("Wildlife hazard management") requires in part that when the FAA determines that a wildlife hazard management plan is needed, the certificate holder must formulate and implement a plan using the wildlife hazard assessment as a basis. The plan must provide measures to reduce or eliminate wildlife hazards to air carrier operations, and be submitted to (and approved by) the FAA prior to implementation.

In 2006, the FAA's Office of Airports issued Program and Policy Guidance Letter 92 ("Policy 92") to address questions about the applicability of the National Environmental Policy Act (NEPA) to FAA approval of WHMPs, and the certificate holder's implementation of those plans.<sup>1</sup> That policy referred in part to Section 209 of FAA Order 5050.4B, "National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions" (April 28, 2006), which addressed the applicability of NEPA to
