BILLING CODE P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Southeast Region Dealer and Interview Family of Forms.

OMB Control Number: 0648–0013.

Form Number(s): None.

Type of Request: Regular (revision and extension of a currently approved information collection).

Number of Respondents: 7,494.

Average Hours per Response: Dealer reporting for monitoring Federal fishery annual catch limits (ACLs): Coastal fisheries dealers reporting, 10 minutes; mackerel dealer reporting (non-gillnet), 10 minutes; mackerel dealer reporting (gillnet), 10 minutes; mackerel vessel reporting (gillnet), 10 minutes; wreckfish dealer reporting, 10 minutes.

Bioprofile data from Trip Interview programs (TIP): Shrimp Interviews, 10 minutes; Fin Fish interviews, 10 minutes.

Burden Hours: 5,028.

Needs and Uses: This request is for revision and extension of a current information collection.

Fishery quotas are established for many species in the fishery management plans developed by the Gulf of Mexico Reef Fish Fishery Management Council, the South Atlantic Fishery Management Council, and The Caribbean Fishery Management Council. The Southeast Fisheries Science Center has been delegated the responsibility to monitor these quotas. To do so in a timely manner, seafood dealers that handle these species are required to report the purchases (landings) of these species. The frequency of these reporting requirements varies depending on the magnitude of the quota (e.g., lower quota usually require more frequent reporting) and the intensity of fishing effort. The most common reporting frequency is twice a month; however, some fishery quotas, (e.g., the mackerel gill net) necessitate weekly or by the trip reporting.

In addition, information collection included in this family of forms includes interview with fishermen to gather information on the fishing effort, location and type of gear used on individual trips. This data collection is conducted for a subsample of the fishing trips and vessel/trips in selected commercial fisheries in the Southeast region and commercial fisheries of the US Caribbean. Fishing trips and individuals are selected at random to provide a viable statistical sample. These data are used for scientific analyses that support critical conservation and management decisions made by national and international fishery management organizations.

A revision to this collection is requested because the Caribbean Fishery Management Council has asked that commercial trip interviews be conducted for the fisheries of the Caribbean. In order to support this

request, the SEFSC has developed a sampling procedure which will require additional commercial trip interview with fishers in the Caribbean. This data collection is authorized under 50 CFR part 622.5.

Affected Public: Business or other for-profit organizations; individuals or households.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: October 18, 2016.

Sarah Brabson,

NOAA PRA Clearance Officer.

Caribbean Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of scoping meetings on Federal permits to harvest queen snapper and cardinal snapper (Snapper Unit 2) from Puerto Rico EEZ waters.

SUMMARY: The Caribbean Fishery Management Council is considering establishing federal permits to harvest queen snapper and cardinal snapper (Snapper Unit 2) from Puerto Rico EEZ waters and is conducting scoping

meetings to obtain public comments regarding this matter.

FOR FURTHER INFORMATION CONTACT: Caribbean Fishery Management Council, 270 Muñoz Rivera Avenue, Suite 401, San Juan, Puerto Rico 00918-1903, telephone: (787) 766-5926.

SUPPLEMENTARY INFORMATION: The goal of these scoping meetings is to allow the public to comment on the options listed below and to provide alternative options not yet considered by the Council and NMFS, on federal permits to harvest queen snapper and cardinal snapper (Snapper Unit 2) from Puerto Rico EEZ waters.

Actions and Alternatives

Action 1: Establish a commercial permit to harvest queen snapper and cardinal snapper (Snapper Unit 2 [SU2]) from the Puerto Rico exclusive economic zone (EEZ).

Option 1 (No Action): Do not require a commercial permit for harvest of queen snapper and cardinal snapper from the Puerto Rico EEZ.

Option 2: Require a commercial permit for harvest of queen snapper and cardinal snapper from the Puerto Rico EEZ. If Option 2 is selected, the Council must also select Option 3, 4, or 5.

Sub-option A: Establish an open access commercial permit for harvest of queen snapper and cardinal snapper from the Puerto Rico EEZ, with no limit on the number of permits that may be issued.

Sub-option B: Establish a limited entry commercial permit for harvest of queen snapper and cardinal snapper from the Puerto Rico EEZ in which, following some period of eligibility, no new permits would be issued. If this sub-option is chosen, guidelines for transferring permits would need to be established.

Option 3: Recognize the Puerto Rico Department of Natural and Environmental Resources (PRDNER) commercial queen snapper and cardinal snapper harvest permit as the required commercial permit for harvest of queen snapper and cardinal snapper in the Puerto Rico EEZ.

Option 4: Require a federal permit as the required commercial permit for harvest of queen snapper and cardinal snapper from the Puerto Rico EEZ.
