

**DATES:** The meeting will be held Thursday, October 27, 2016 from 9:00 a.m. EST to 3:00 p.m. EST. These times and the agenda topics described below are subject to change.

**ADDRESSES:** The meeting will be held at the Hall of States, Room 383/385, 444 North Capitol St. NW., Washington, DC 20001.

**FOR FURTHER INFORMATION CONTACT:** Veva Deheza, NIDIS Executive Director, David Skaggs Research Center, Room GD102, 325 Broadway, Boulder CO 80305. Email: [Veva.Deheza@noaa.gov](mailto:Veva.Deheza@noaa.gov); or visit the NIDIS Web site at [www.drought.gov](http://www.drought.gov).

**SUPPLEMENTARY INFORMATION:** The National Integrated Drought Information System (NIDIS) was established by Public Law 109–430 on December 20, 2006, and reauthorized by Public Law 113–86 on March 6, 2014, with a mandate to provide an effective drought early warning system for the United States; coordinate, and integrate as practicable, Federal research in support of a drought early warning system; and build upon existing forecasting and assessment programs and partnerships. See 15 U.S.C. 313d. The Public Law also calls for consultation with “relevant Federal, regional, State, tribal, and local government agencies, research institutions, and the private sector” in the development of NIDIS. 15 U.S.C. 313d(c). As such, the NIDIS Program Office is working to reconstitute a NIDIS Executive Council.

*Status:* This meeting will be open to public participation. Individuals interested in attending should register at <https://joss.ucar.edu/meetings/2016/nidis-executive-council>. Please refer to this Web page for the most up-to-date meeting times and agenda. Seating at the meeting will be available on a first-come, first-served basis.

*Special Accommodations:* This meeting is physically accessible to people with disabilities. Requests for special accommodations may be directed no later than 12:00 p.m. on October 24, 2016, to Elizabeth Ossowski, Program Coordinator, David Skaggs Research Center, Room GD102, 325 Broadway, Boulder CO 80305; Email: [Elizabeth.Ossowski@noaa.gov](mailto:Elizabeth.Ossowski@noaa.gov).

*Matters To Be Considered:* The meeting will include the following topics: (1) an orientation around NIDIS, including its history and evolution, (2) connections between the NIDIS program and the aims of individual organizations/agencies represented on the Council, (3) updates to the implementation of the 2006 and 2014 NIDIS Public Laws, including the role of consultation in the development of

NIDIS, (4) opportunities to strengthen the integration of information and activities that address drought and water scarcity, and (5) defining how the Executive Council will function.

Dated: October 18, 2016.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### Proposed Information Collection; Comment Request; Atlantic Mackerel, Squid, and Butterfish Amendment 14 Data Collection

**AGENCY:** National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

**DATES:** Written comments must be submitted on or before December 27, 2016.

**ADDRESSES:** Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at [JJessup@doc.gov](mailto:JJessup@doc.gov)).

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument and instructions should be directed to Daniel Luers, Greater Atlantic Region, Sustainable Fisheries Office, 55 Great Republic Drive, Gloucester, MA 01930, (978) 282–8457, or [Daniel.Luers@noaa.gov](mailto:Daniel.Luers@noaa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

This request is for extension of a current information collection. Under the Magnuson-Stevens Fishery Conservation and Management Act, the Secretary of Commerce has the responsibility for the conservation and management of marine fishery resources. Much of this responsibility has been delegated to NOAA’s National

Marine Fisheries Service (NMFS). Under this stewardship role, the Secretary was given certain regulatory authorities to ensure the most beneficial uses of these resources. One of the regulatory steps taken to carry out the conservation and management objectives is to collect information from users of the resources.

This collection requires vessel trip reports (VTRs) to be submitted weekly for all mackerel, squid, and butterfish permit holders. In addition, all limited access mackerel and longfin squid/butterfish moratorium permit holders must maintain a VMS unit on their vessels and declare intent to target Atlantic mackerel or longfin squid and submit daily catch reports via VMS. They must also submit daily catch reports via VMS. Vessels that land over 20,000 lb of mackerel must notify NMFS Office of Law Enforcement (OLE) via VMS of the time and place of offloading at least 6 hours prior to crossing the VMS demarcation line on their return trip to port, or if the vessel does not fish seaward of the VMS demarcation line, at least 6 hours prior to landing.

This collection also requires limited access mackerel and longfin squid/butterfish moratorium permit holders to bring all catch aboard the vessel and make it available for sampling by an observer. If catch is not made available to an observer before discard, that catch is defined as slippage, and the vessel operator must complete a “Released Catch Affidavit” form within 48 hours of the end of the fishing trip which details why catch was slipped, estimates the quantity and species composition of the slipped catch, and records the time and location of the slipped catch.

Finally, this collection requires any vessel with a limited access mackerel permit intending to land over 20,000 lbs of mackerel to contact NMFS at least 48 hours in advance of a fishing trip to request an observer. Vessels currently contact NMFS via phone, and selection notices or waivers are issued by NMFS via VMS. If service providers are unable to provide coverage, an owner, operator, or vessel manager may request a waiver by calling the Northeast Fisheries Observer Program.

##### II. Method of Collection

Information is submitted on paper, electronically or by telephone.

##### III. Data

*OMB Control Number:* 0648–0679.

*Form Number(s):* None.

*Type of Review:* Regular (extension of a current information collection).

*Affected Public:* Business or other for-profit organizations; individual or

households, state, local, or tribal government.

*Estimated Number of Respondents:* 426.

*Estimated Total Annual Burden Hours:* 3,751.

*Estimated Total Annual Cost to Public:* \$642,311 in recordkeeping/reporting costs.

*Estimated Time per Response:* Vessel trip reports, 5 minutes; VMS activity declarations, 5 minutes; released catch affidavit form, 5 minutes observer pre-trip notification of trip, 5 minutes; trip cancellation, 1 minute.

#### IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: October 20, 2016.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

**RIN 0648-XE938**

#### Marine Mammals; File No. 20430

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; receipt of application.

**SUMMARY:** Notice is hereby given that James Harvey, Ph.D., Moss Landing Marine Laboratories, 8272 Moss Landing Road, Moss Landing, California 95039, has applied in due form for a permit to conduct research on blue (*Balaenoptera musculus*), fin (*B. physalus*), humpback (*Megaptera*

*novaeangliae*), gray (*Eschrichtius robustus*), and sperm (*Physeter macrocephalus*) whales, and Risso's dolphins (*Grampus griseus*).

**DATES:** Written, telefaxed, or email comments must be received on or before November 25, 2016.

**ADDRESSES:** The application and related documents are available for review by selecting "Records Open for Public Comment" from the "Features" box on the Applications and Permits for Protected Species (APPS) home page, <https://apps.nmfs.noaa.gov>, and then selecting File No. 20430 from the list of available applications.

These documents are also available upon written request or by appointment in the Permits and Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13705, Silver Spring, MD 20910; phone (301) 427-8401; fax (301) 713-0376.

Written comments on this application should be submitted to the Chief, Permits and Conservation Division, at the address listed above. Comments may also be submitted by facsimile to (301) 713-0376, or by email to [NMFS.Pr1Comments@noaa.gov](mailto:NMFS.Pr1Comments@noaa.gov). Please include the File No. in the subject line of the email comment.

Those individuals requesting a public hearing should submit a written request to the Chief, Permits and Conservation Division at the address listed above. The request should set forth the specific reasons why a hearing on this application would be appropriate.

**FOR FURTHER INFORMATION CONTACT:** Shasta McClenahan or Amy Hapeman, (301) 427-8401.

**SUPPLEMENTARY INFORMATION:** The subject permit is requested under the authority of the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR 222-226).

The applicant is requesting a five-year permit to conduct research on large whales and dolphins in California waters. The primary objectives of this research project are to: (1) Relate distribution and abundance of cetaceans with environmental factors, (2) determine diet and foraging behaviors as they exploit prey resources, (3) determine types of acoustic behavior of marine mammals and how acoustic signals are affected by anthropogenic factors, and (4) determine the

movements of individuals or pods during migrations or within their home range. Research activities for large whales will include passive acoustics, behavioral observations, photography, video recording, biopsy sampling, collection of sloughed skin, attachment of suction cup or dart/barb tags, and tracking during vessel surveys. Research for Risso's dolphins will include passive acoustics, behavioral observations, and photo-identification. The number of species to be taken annually via tagging/biopsy/photo-identification are: 50/100/150 blue whales, 40/90/140 fin whales, 50/100/150 humpback whales, 160/210/260 gray whales, and 0/0/2,000 Risso's dolphins. Up to five sperm whales may be incidentally harassed and opportunistically photographed, annually. Up to 200 California sea lions (*Zalophus californianus*), 20 harbor seals (*Phoca vitulina richardii*), 50 Pacific white-sided dolphins (*Lagenorhynchus obliquidens*), 20 northern right whale dolphins (*Lissodelphis borealis*), 10 harbor porpoise (*Phocoena phocoena*), and 20 short-beaked common dolphins (*Delphinus delphis*) may be harassed incidental to research activities.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the activity proposed is categorically excluded from the requirement to prepare an environmental assessment or environmental impact statement.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: October 20, 2016.
