Animal and Plant Health Inspection Service

Title: Importation of Papaya from Colombia and Ecuador.

OMB Control Number: 0579-0358.

Summary of Collection: Under the Plant Protection Act (7 U.S.C. 7701 *et seq.*), the Secretary of Agriculture is authorized to carry out operations or measures to detect, eradicate, suppress, control, prevent, or retard the spread of plant pests new to the United States or not known to be widely distributed throughout the United States. The regulations in "Subpart-Fruits and Vegetables" (7 CFR 319.56), prohibits or restrict the importation of fruits and vegetables into the United States from certain parts of the world to prevent the introduction and dissemination of plant pests that are new to or not widely distributed within the United States.

Need and Use of the Information: The Animal and Plant Health Inspection Service (APHIS) regulations allow, under certain conditions, the importation of commercial shipments of fresh papaya from Colombia and Ecuador into the continental United States. These conditions for importation of papaya from Colombia and Ecuador include, but are not limited to, phytosanitary certificates, fruit fly trapping, trapping recordkeeping, grower registration and reinstatement of growers. Failing to collect this information would cripple APHIS' ability to ensure that papaya from Colombia and Ecuador are not carrying fruit flies.

Description of Respondents: Federal Government; Business or other for-profit.

Number of Respondents: 158.

Frequency of Responses: Recordkeeping; Reporting: On occasion.

Total Burden Hours: 371.

Departmental Information Collection Clearance Officer.
