SUPPLEMENTARY INFORMATION:

OMB Control Number: 2127-0588.

Title: Air Bag Deactivation.

Type of Review: Renewal of a previously approved information collection.

Abstract: If a private individual or lessee wants to install an air bag on-off switch to turn-off either or both frontal air bags, they must complete Form OMB 2127-0588 to certify certain statements regarding use of the switch. The dealer or business must, in turn, submit the completed forms to NHTSA within seven days. The submission of the completed forms by the dealers and repair business to NHTSA, as required, will serve the agency several purposes. They will aid the agency in monitoring the number of authorization requests submitted and the pattern in claims of risk group membership. The completed forms will enable the agency to determine whether the dealers and repair business are complying with the terms of the exemption, which include

a requirement that the dealers and repair businesses accept only fully completed forms. Finally, submission of the completed forms to the agency will promote honesty and accuracy in the filling out of the forms by vehicle owners. The air bag on-off switches are installed only in vehicles in which the risk of harm needs to be minimized on a case-by-case basis.

Affected Public: Private Individuals, fleet owners and lessees, motor vehicle dealers, and repair business.

Estimated Number of Respondents: 750.

Number of Responses: 750.

Estimated Total Annual Burden: 375.

Estimated Total Annual Burden: \$345.00.

Information Collections Open for Comment

Currently, we are seeking comments on the following information collections (forms, recordkeeping requirements, or questionnaires):

Title: Usual and Customary Business Records Maintained by Brewers.

OMB Number: 1513-0058.

TTB Recordkeeping Number: REC 5130/1.

Abstract: The Internal Revenue Code (IRC) at 26 U.S.C. 5415 requires brewers to keep records in such form and containing such information as the Secretary of the Treasury may prescribe by regulation as necessary to protect the revenue. Under this authority, TTB regulations in 27 CFR part 25 require brewers to keep usual and customary business records that allow TTB to verify, for example, the quantities of raw materials received at a brewery, the quantity of beer and cereal beverages produced and removed taxpaid or without payment of tax from a brewery, and the quantity of beer previously removed subject tax that is returned to the brewery.

Current Actions: TTB is submitting this collection as a revision. The information collection remains unchanged. However, TTB is increasing the estimated number of respondents due to an increase in the number of brewers regulated by TTB. There is no increase in the estimated total annual burden hours for this information collection because the required operational and production records are usual and customary records kept by brewers during the normal course of business and would be maintained even without the TTB regulatory requirements to do so.

Type of Review: Revision of a currently approved collection.

Affected Public: Businesses and other for-profits.

Estimated Number of Respondents: 6,700.

Estimated Total Annual Burden Hours: 1 (one).

Title: Application, Permit, and Report—Wine and Beer (Puerto Rico), and Application, Permit, and Report—Distilled Spirits (Puerto Rico).

OMB Number: 1513-0123.
