Background

Major projects are defined in 23 U.S.C. 106(h) as projects receiving Federal financial assistance with an estimated total cost of \$500,000,000, or other projects as may be identified by the Secretary. Major projects are typically large, complex projects designed to address major highway needs and require the investment of significant financial resources. The preparation of a Project Management Plan, as required by 23 U.S.C. 106(h), ensures successful project delivery and the maintenance of public trust, support, and confidence throughout the life of the project. Project Management Plans clearly define the responsibilities of the agency leadership and management team. Further, such plans document the procedures and processes to provide timely information to project decision makers.

When finalized, the proposed Project Management Plan Guidance will replace the existing January 2009 Project Management Plan Guidance. Current guidance is over 7 years old and in need of clarification. This new, proposed guidance is less prescriptive, in light of an increased understanding of Project Management Plans by FHWA and Project Managers. Further, a recent DOT Office of Inspector General audit expressed the need for more clarity in the guidance on when Project Management Plan updates should be prepared.¹ Finally, while current guidance includes best practices for managing major projects, these practices will not be included in the new guidance. Rather, best management practices will be developed as a separate resource to be shared with project sponsors and FHWA staff.

Comments on the proposed Project Management Plan Guidance are welcome from any interested party, including Federal, State, and local agencies; industry groups; and the general public. A copy of the proposed Project Management Plan Guidance is available for download and public inspection under the docket number noted above at the Federal eRulemaking

Notice of Final Federal Agency Actions on the Interstate 64/High Rise Bridge Corridor Study in Chesapeake, Virginia

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of Limitation on Claims for Judicial Review of Actions by FHWA

SUMMARY: This notice announces actions taken by the FHWA that are final within the meaning of 23 U.S.C. 139(I)(1). The actions relate to the widening of Interstate 64 for approximately eight miles between the I-464 Interchange and the I-664/I-264 Interchange in the City of Chesapeake, Virginia. The widening project includes the replacement of the High Rise Bridge over the Elizabeth River. Those actions grant licenses, permits, and approvals for the project.

DATES: By this notice, the FHWA is advising the public of final agency actions subject to 23 U.S.C. 139(I)(1). A claim seeking judicial review of the Federal agency actions on the project will be barred unless the claim is filed on or before April 6, 2017. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: For FHWA: Mr. Mack Frost, Planning and Environmental Specialist, FHWA Virginia Division, 400 North 8th Street, Richmond, Virginia, 23219; telephone: (804) 775-3352; email: Mack.frost@dot.gov.
