Background: The 2017 annual services trade report will provide aggregate data on cross-border trade and affiliate transactions in services, and more specific data and information on trade in professional services (accounting and auditing, architecture and engineering, legal services, and business and management consulting). Under Commission investigation No. 332–345, the Commission publishes two annual reports, one on services trade (*Recent Trends in U.S. Services Trade*), and a second on merchandise trade (*Shifts in U.S. Merchandise Trade*). The Commission’s 2016 annual report in the series of reports on *Recent Trends in U.S. Services Trade* is now available online at <http://www.usitc.gov>.

The initial notice of institution of this investigation was published in the **Federal Register** on September 8, 1993 (58 FR 47287) and provided for what is now the report on merchandise trade. The Commission expanded the scope of the investigation to cover services trade in a separate report, which it announced in a notice published in the **Federal Register** on December 28, 1994 (59 FR 66974). The separate report on services trade has been published annually since 1996, except in 2005. As in past years, the report will summarize trade in services in the aggregate and provide analyses of trends and developments in selected services industries during the latest period for which data are published by the U.S. Department of Commerce, Bureau of Economic Analysis.

*Written Submissions:* Interested parties are invited to file written submissions and other information concerning the matters to be addressed by the Commission in its 2017 report. For the 2017 report, the Commission is particularly interested in receiving information relating to trade in professional services (accounting and

auditing, architecture and engineering, legal, and business and management consulting). Submissions should be addressed to the Secretary. To be assured of consideration by the Commission, written submissions related to the Commission's report should be submitted at the earliest practical date and should be received not later than 5:15 p.m., December 16, 2016. All written submissions must conform with the provisions of section 201.8 of the Commission's Rules of Practice and Procedure (19 CFR 201.8). Section 201.8 and the Commission's Handbook on Filing Procedures require that interested parties file documents electronically on or before the filing deadline and submit eight (8) true paper copies by 12:00 p.m. eastern time on the next business day. In the event that confidential treatment of a document is requested, interested parties must file, at the same time as the eight paper copies, at least four (4) additional true paper copies in which the confidential information must be deleted (see the paragraph below for further information regarding confidential business information). Persons with questions regarding electronic filing should contact the Office of the Secretary, Docket Services Division (202-205-1802).

All written submissions, except for confidential business information, will be made available for inspection by interested parties.

The Commission intends to prepare only a public report in this investigation. The report that the Commission makes available to the public will not contain confidential business information. However, all information, including confidential business information, submitted in this investigation may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the
