III. Site Selection

Selection of potential facilities will be based on the priorities developed for OPQ staff training, the facility's current regulatory status with FDA, and on consultation with the appropriate FDA district office. All travel expenses associated with this program will be the responsibility of OPQ; therefore, selection will be based on the availability of funds and resources for the fiscal year. OPQ will not provide financial compensation to the pharmaceutical site as part of this program.

IV. Proposals for Participation

Companies interested in offering a site visit or learning more about this site visit program should respond by submitting a proposal directly to Janet Wilson (see the **DATES** and **FOR FURTHER INFORMATION CONTACT** sections of this document for more information). To aid in OPQ's site selection, your proposal should include the following information:

- A contact person
- Site visit location(s)
- Facility Establishment Identifier and DUNS numbers, as applicable
- Maximum number of OPQ staff that can be accommodated during a site visit, and
- A sample agenda outlining the proposed learning objectives and associated activities for the site visit

Proposals submitted without this minimum information will not be considered. Based on response rate and type of responses, OPQ may or may not consider alternative pathways to meeting our training goals.
