

products, establishments may voluntarily choose to use the Nutrition Facts label format that FDA recently finalized (81 FR 33742 and 81 FR 34000). As long as the information on the labels is still truthful and not misleading, FSIS will not find noncompliance if companies use the FDA format. Because FDA's new Nutrition Facts format is different than FSIS's current regulations, and the new formatted labels that FSIS's Labeling and Program Delivery Staff (LPDS) has reviewed so far contained errors and needed corrections, companies that wish to use FDA's Nutrition Facts label format will need to submit at least one label sketch in that format to LPDS. A parent company for a corporation may submit only one label application for a product produced in other establishments that are owned by the corporation. Subsequent similar labels that use FDA's Nutrition Facts format for other products can be generically approved. Submitting one label and receiving approval helps ensure the rest are applied in compliance with FDA's regulations and may prevent additional problems in the future. FSIS believes that if only one label is submitted per corporation, LPDS's review would not be a large burden to FSIS or industry and wouldn't adversely affect the label review backlog. When FSIS publishes a final rule to update the Nutrition Facts label format for meat and poultry products, companies would have to comply with that final rule by the effective date and will no longer be able to use the FDA format if it is different from the FSIS format. FSIS is requesting comments on whether there are any issues or problems with allowing companies to voluntarily use FDA's Nutrition Facts label format on meat and poultry products until FSIS issues a final rule that addresses nutrition labeling requirements.

USDA Nondiscrimination Statement

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that minorities, women, and persons with disabilities are aware of this notice, FSIS will announce it online through the FSIS Web page located at <http://www.fsis.usda.gov/wps/portal/fsis/topics/regulations/federal-register/federal-register-notices>.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and other types of information that could affect or would be of interest to constituents and stakeholders. The update is communicated via Listserv, a free electronic mail subscription service for industry, trade and farm groups, consumer interest groups, allied health professionals, and other individuals who have asked to be included. The update is available on the FSIS Web page. Through the Listserv and Web page, FSIS is able to provide information to a much broader and more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <http://www.fsis.usda.gov/subscribe>.

Options range from recalls to export information to regulations, directives and notices. Customers can add or delete subscriptions themselves and have the option to password protect their account.

Bureau of the Census

Federal Economic Statistics Advisory Committee

AGENCY: Bureau of the Census, Department of Commerce.

ACTION: Notice of Advisory Committee charter renewal.

SUMMARY: The Secretary of Commerce has determined that renewal of the charter of the Federal Economic Statistics Advisory Committee (FESAC) is necessary and in the public interest in connection with the performance of duties imposed by law on the U.S. Department of Commerce, and with the concurrence of the General Services Administration, established within the Economics and Statistics Administration (ESA), Department of Commerce. The renewed FESAC charter can be found on the Bureau of the Census' (Census Bureau's) Advisory Committee Web site at the following link: <http://www.census.gov/fesac/>.

FOR FURTHER INFORMATION CONTACT: James R. Spletzer, Designated Federal Official for the Federal Economic Statistics Advisory Committee, Principal Economist, U.S. Census Bureau, Room 5K019, Washington, DC 20233, telephone 301-763-4069, James.R.Spletzer@census.gov.

SUPPLEMENTARY INFORMATION: The Committee presents advice and makes recommendations to the Department of Labor, Bureau of Labor Statistics and the Department of Commerce's bureaus consisting of ESA, the Bureau of Economic Analysis, and the Census Bureau (the Agencies) from the perspective of the professional economics and statistics community. The Committee examines the Agencies' programs and provides advice on statistical methodology, research needed, and other technical matters related to the collection, tabulation, and analysis of Federal economic statistics.

The Committee is a technical committee that is balanced in terms of the professional expertise required. It consists of approximately 16 members, appointed by the Agencies. Its members are economists, statisticians, and behavioral scientists who are recognized for their attainments and objectivity in their respective fields.

The FESAC will function solely as an advisory body and in compliance with provisions of the Federal Advisory Committee Act. Pursuant to subsection 9(c) of the Federal Advisory Committee Act, 5 U.S.C., App., as amended, this charter was filed with the Chief

Financial Officer and Assistant Secretary for Administration, Department of Commerce, on September 30, 2016. Subsequently, a copy was furnished to the Library of Congress and filed with the following Committees of Congress:

- Senate Committee on Appropriations;
- Senate Committee on Finance;
- Senate Committee on Commerce, Science and Transportation;
- Senate Committee on Homeland Security and Governmental Affairs;
- House Committee on Appropriations; and
- House Committee on Oversight and Government Reform.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.
Title: Annual Capital Expenditures Survey.

OMB Control Number: 0607-0782.

Form Number(s): ACE-1(S), ACE-1(M), ACE-1(L), ACE-1(I), ACE-2, ACE-2(I).

Type of Request: Revision of a currently approved collection.

Number of Respondents: 75,035.

Average Hours per Response: 2.32 hours.

Burden Hours: 174,355.

Needs and Uses: A major concern of economic policymakers is the adequacy of investment in plant and equipment. Data on the amount of business expenditures for new plant and equipment and measures of the stock of existing facilities are critical to evaluating productivity growth, the ability of U.S. business to compete with foreign business, changes in industrial capacity, and overall economic performance. The ACES is the sole source of detailed comprehensive statistics on investment in buildings and other structures, machinery, and equipment by private nonfarm businesses in the United States.

Data users tell us that they need comprehensive and consistent data on investment by all private nonfarm businesses, by industry, by kind of investment, *i.e.*, whether in new or used structures or equipment. The objectives of the ACES are:

(a) To provide estimates of capital expenditures for all private nonfarm sectors of the economy by 3-digit and selected 4-digit North American Industry Classification System (NAICS) levels;

(b) to base the survey on a probability sample that yields measures of the statistical reliability of the survey estimates;

(c) to develop a base survey to benchmark more frequent surveys on capital expenditures that do not have complete industry coverage;

(d) to produce annual enterprise-level data with the level of detail, coverage, and quality which previously was only available as part of the quinquennial economic census;

(e) to provide detail on capital expenditures for estimating the national income and product accounts, estimating the productivity of U.S. industries, evaluating fiscal and monetary policy, and conducting research using capital expenditures data; and

(f) to provide industry analysts with capital expenditures data for market analysis, economic forecasting, identifying business opportunities,
