SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-79291; File No. SR-NYSEArca-2016-144]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the NYSE Arca Options Fee Schedule Effective November 3, 2016

November 10, 2016.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on November 3, 2016, NYSE Arca, Inc. (the "Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Arca Options Fee Schedule ("Fee Schedule"). The Exchange proposes to implement the fee change effective November 3, 2016. The proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to amend the Fee Schedule effective November 3, 2016. Specifically, the Exchange proposes to (i) modify the qualification for Tier 6 of Customer and Professional Customer Monthly Posting Credit Tiers and Qualifications in Penny Pilot Issues (the "Posting Tiers"); and (ii) modify one aspect of the Customer and Professional Customer Incentive Program.

Currently, to qualify for Tier 6 of the Posting Tiers, OTP Holders and OTP Firms ("OTPs") must execute at least 0.50% of Total Industry Customer equity and ETF option ADV ("TCADV") from Customer and Professional Customer posted orders in all issues ("the options component"), plus executed ADV of 0.70% of U.S. equity market share posted and executed on NYSE Arca Equity Market ("the equity component"). OTPs that achieve Tier 6 are eligible to receive a \$0.48 credit applied to posted electronic Customer and Professional Customer executions in Penny Pilot Issues.

In addition, the Customer and Professional Customer Incentive Program ("the Incentive Program"), which provides OTPs six alternatives to earn additional posting credits ranging from \$0.01 to \$0.05, currently affords OTPs the ability to earn an additional \$0.03 credit on Customer and Professional Customer Posting Credits by meeting the same 0.70% minimum qualification of the equity component as set forth in Tier 6.

The Exchange is proposing to modify Tier 6 of the Posting Tiers by reducing the options component from 0.50% TCADV to 0.35% TCADV, while increasing the threshold of the equity component from 0.70% to 0.80% of U.S.

equity market share posted and executed on NYSE Arca Equity Market.

In addition, to maintain parity with the Incentive Program that likewise offers a credit when an OTP meets the same 0.70% minimum qualification of the equity component as set forth in current Tier 6, the Exchange similarly proposes to increase this qualification basis. Specifically, the Exchange proposes to increase the equity threshold alternative from 0.70% to 0.80% of U.S. equity market share posted and executed on NYSE Arca Equity Market qualification in order for OTPs to qualify to earn an additional \$0.03 credit.

The Exchange believes that the proposal to modify Tier 6 of the Posting Tiers by reducing the option component, while increasing the equity component would encourage greater participation on both the options and equity exchanges. The Exchange likewise believes that the proposed change to the Incentive Program would operate to maintain parity with the similar, alternative incentives offered by the Exchange and would also encourage participation in the NYSE Arca Equity Market.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁴ in general, and furthers the objectives of Sections 6(b)(4) and (5) of the Act,⁵ in particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange believes that the proposed modifications to the qualifications for Tier 6 of the Posting Tiers, and the similar adjustment to the Incentive Program, are reasonable, equitable, and not unfairly discriminatory because the changes are designed to attract additional Customer and Professional Customer electronic equity and ETF option volume to the Exchange, which would benefit all participants by offering greater price discovery, increased transparency, and an increased opportunity to trade on the Exchange. The Exchange believes that adjusting the methods for achieving the credits available on the Exchange (*i.e.*, by reducing the qualification basis for the options component, while increasing the qualification basis for the equity component) is reasonable,

equitable and not unfairly discriminatory because it would encourage more OTPs to direct both options and equity volume to the Exchange in an effort to qualify for the credits.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁶ the Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Instead, the Exchange believes that the proposed changes would continue to encourage competition, including by attracting additional liquidity to the Exchange, which would continue to make the Exchange a more competitive venue for, among other things, order execution and price discovery. The Exchange does not believe that the proposed change would impair the ability of any market participants or competing order execution venues to maintain their competitive standing in the financial markets.

The Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and credits to remain competitive with other exchanges. Because competitors are free to modify their own fees and credits in response, and because market participants may readily adjust their order routing practices, the degree to which fee changes in this market may impose any burden on competition is extremely limited. For the reasons described above, the Exchange believes that the proposed rule change reflects this competitive environment.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁷ of the Act and

subparagraph (f)(2) of Rule 19b-4⁸ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)⁹ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

[Release No. 34–79290; File Nos. SR–BX–2016–046; SR–NASDAQ–2016–111]

Self-Regulatory Organizations; NASDAQ BX, Inc.; The Nasdaq Stock Market LLC; Order Approving Proposed Rule Changes, as Modified by Amendments No. 1, Relating to Post-Only Orders and Orders With Midpoint Pegging

November 10, 2016.

I. Introduction

On September 13, 2016, NASDAQ BX, Inc. (“BX”) and The Nasdaq Stock Market LLC (“Nasdaq”) (individually, an “Exchange,” and together, the “Exchanges”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) ¹ and Rule 19b–4 thereunder,² proposed rule changes relating to Post-Only Orders and Orders with Midpoint Pegging. The proposed rule changes were published for comment in the *Federal Register* on September 28, 2016.³ On October 5, 2016, Nasdaq filed Amendment No. 1 to its proposed rule change (“Nasdaq Amendment No. 1”) and on November 3, 2016, BX filed Amendment No. 1 to its proposed rule change (“BX

Amendment No. 1”).⁴ The Commission received one comment letter on Nasdaq’s proposed rule change⁵ and a response letter from Nasdaq.⁶ The Commission is approving the Exchanges’ proposals, as modified by their corresponding Amendment No. 1.

II. Description of the Proposed Rule Changes

The Exchanges are proposing to amend the behavior of Post-Only Orders when they interact with resting Non-Displayed Orders, and the behavior of Orders with Midpoint Pegging in a crossed market. The Exchanges’ proposals are substantively identical in many respects. Therefore, the description below describes the proposals jointly but notes material differences where applicable.⁷

Currently, BX and Nasdaq Rules 4702(b)(4)(A) provide that, if the adjusted price⁸ of a Post-Only Order would lock or cross an Order on the respective Exchange’s Book, the Post-Only Order would be repriced, ranked, and displayed at one minimum price increment below the current best-priced Order to sell on the respective Exchange’s Book (for bids) or above the current best-priced Order to buy on the respective Exchange’s Book (for offers).

⁴ In their respective Amendment No. 1, BX and Nasdaq modified the discussion of their respective proposal to reflect that, pursuant to proposed BX and Nasdaq Rules 4702(b)(4)(A), if the adjusted price of a Post-Only Order would lock or cross a non-displayed price on the respective Exchange’s Book, the Post-Only Order would be posted in the same manner as a Price to Comply Order. BX Amendment No. 1 is available at: <https://www.sec.gov/comments/sr-bx-2016-046/bx2016046-1.pdf> and Nasdaq Amendment No. 1 is available at: <https://www.sec.gov/comments/sr-nasdaq-2016-111/nasdaq2016111-1.pdf>. Because these amendments are technical in nature and do not materially alter the substance of the proposed rule changes, they are not subject to notice and comment.

⁵ See Letter from Joseph Saluzzi and Sal Arnuk, Partners, Themis Trading LLC, to Brent J. Fields, Secretary, Commission, dated October 10, 2016 (“Themis Letter”).

⁶ See Letter from Jeffrey S. Davis, Vice President and Deputy General Counsel, The NASDAQ Stock Market LLC, to Brent J. Fields, Secretary, Commission, dated November 8, 2016 (“Response Letter”).

⁷ For more details regarding the Exchanges’ proposals, see Nasdaq Notice and BX Notice, *supra* note 3.

⁸ According to BX and Nasdaq Rules 4702(b)(4)(A), if a Post-Only Order would lock or cross a Protected Quotation, the price of the Order would first be adjusted. If the Order is Attributable, its adjusted price would be one minimum price increment lower than the current Best Offer (for bids) or higher than the current Best Bid (for offers). If the Order is not Attributable, its adjusted price would be equal to the current Best Offer (for bids) or the current Best Bid (for offers). However, the Order would not post or execute until the Order, as adjusted, is evaluated with respect to Orders on the respective Exchange’s Book.

Under the proposals,⁹ if the adjusted price of the Post-Only Order would lock or cross a non-displayed price on the respective Exchange’s Book, the Post-Only order would be posted in the same manner as a Price to Comply Order.¹⁰ However, the Post Only Order would execute:

- On Nasdaq if (i) it is priced below \$1.00 and the value of price improvement associated with executing against an Order on the Nasdaq Book (as measured against the original limit price of the Order) equals or exceeds the sum of fees charged for such execution and the value of any rebate that would be provided if the Order posted to the Nasdaq Book and subsequently provided liquidity, or (ii) it is priced at \$1.00 or more and the value of price improvement associated with executing against an Order on the Nasdaq Book (as measured against the original limit price of the Order) equals or exceeds \$0.01 per share;¹¹ and

- on BX, if (i) it is priced at \$1.00 or more,¹² or (ii) it is priced below \$1.00 and the value of price improvement associated with executing against an Order on the Exchange Book (as measured against the original limit price of the Order) equals or exceeds the sum of fees charged for such execution and the value of any rebate that would be provided if the Order posted to the Exchange Book and subsequently provided liquidity.¹³

Currently, BX and Nasdaq Rules 4702(b)(4)(A) also provide that, if the Post-Only Order would not lock or cross a Protected Quotation but would lock or cross an Order on the respective Exchange’s Book, the Post Only Order

⁹ The Exchanges are also proposing conforming changes throughout BX and Nasdaq Rules 4702(b)(4)(A) to reflect this change.

¹⁰ According to BX and Nasdaq Rules 4702(b)(1)(A), if the entered limit price of a Price to Comply Order would lock or cross a Protected Quotation and the Price to Comply Order could not execute against an Order on the respective Exchange’s Book at a price equal to or better than the price of the Protected Quotation, the Price to Comply Order will be displayed on the respective Exchange’s Book at a price one minimum price increment lower than the current Best Offer (for a Price to Comply Order to buy) or higher than the current Best Bid (for a Price to Comply Order to sell), but will also be ranked on the respective Exchange’s Book with a non-displayed price equal to the current Best Offer (for a Price to Comply Order to buy) or the current Best Bid (for a Price to Comply Order to sell).

¹¹ This behavior related to the execution of the Post-Only Order is not changed by Nasdaq’s proposal.

¹² On BX, unlike on Nasdaq, executions in securities priced at or above \$1 result in rebates for the accessor of liquidity and as such it is always in the best interest of the incoming Post-Only Order to execute in securities at or above \$1.

¹³ This behavior related to the execution of the Post-Only Order is not changed by BX’s proposal.
