SUPPLEMENTARY INFORMATION: The Equal Employment Opportunity Commission last published its Privacy Act systems notices in 2002. The Commission proposes one new system of records to cover Freedom of Information Act and Privacy Act records. EEOC previously covered these records in its general correspondence system of records. The Commission is deleting EEOC-6 Employee Assistance Program records and EEOC-14 Employee Parking records because it no longer collects and keeps those records and is replacing EEOC-6 with the new Freedom of Information Act and Privacy Act Records system. The Employee Assistance Program records are now maintained by the Department of Health and Human Services, and Employee Parking records are maintained by a private building management company. In addition, the Commission is amending a number of its systems to recognize more widespread electronic storage, and remove requirements that persons submit social security numbers when

requesting records. The Commission is adding a statement of general routine uses to include two new routine uses permitting disclosure of records from all of its systems of records for suspected or confirmed breach notification and response. The Commission is removing three obsolete routine uses from its Claims Collection Records notice and one routine use from its Internal Harassment Inquiries Records notice. EEOC is adding a new routine use to its two Discrimination Case Files systems of records, a new routine use to its Internal Harassment Inquiries system of records, and one new routine use to its Office of Inspector General system of records. Finally, the Commission has amended several system notices to reflect current office names and has amended Appendix A to reflect current addresses of Commission offices. To ensure that users will have a copy of the current text of each of its system notices, the Commission is publishing the complete text of all of its systems notices.

A brief description of the major changes follows:

Universal Routine Uses: EEOC proposes to add two routine uses applicable to all systems of records. One would permit EEOC to disclose records reasonably necessary to respond to a suspected or confirmed breach of the system of records where EEOC determines there may be a risk of harm to individuals, EEOC, or the Federal government. The second proposed routine use would allow EEOC to disclose records to other Federal agencies to assist in their efforts to respond to a suspected or confirmed breach.

EEOC-1 Age and Equal Pay Act Discrimination Case Files and EEOC-3 Title VII, Americans with Disabilities Act, and Genetic Information Nondiscrimination Act Discrimination Case Files: A routine use that permits disclosure to other federal agencies in accordance with Memoranda of Understanding or similar agreements between EEOC and other agencies that provide for coordination and cooperation in EEOC’s employment discrimination enforcement efforts is proposed. The retention and disposal sections are updated.

EEOC-3 Title VII, Americans with Disabilities Act, and Genetic Information Nondiscrimination Act Discrimination Case Files: The system was updated to add Genetic Information Nondiscrimination Act (GINA) files. A routine use that permits disclosure to other federal agencies in accordance with Memoranda of Understanding or similar agreements between EEOC and

other agencies that provide for coordination and cooperation in EEOC’s employment discrimination enforcement efforts is proposed.

EEOC-6 Freedom of Information Act and Privacy Act Records: This new system of records replaces the obsolete Employee Assistance Program Records system and covers all Freedom of Information Act (FOIA) and Privacy Act requests, administrative appeals, responses, and related records. These records were previously included in EEOC-5 Correspondence and Communications. Nine routine uses are proposed for the system.

EEOC-9 Claims Collection Records: Three obsolete routine uses are removed, as is an obsolete reference to consumer reporting agencies.

EEOC-14 Reserved: We have removed the Employee Parking Records system because those records are no longer collected by EEOC, but are collected by the private building management company at EEOC’s headquarters building.

EEOC-15 Internal Harassment Inquiries: We have removed routine use (h) as unnecessary since disclosures could be made under the “need to know” exception. We propose to add a new routine use (h) to permit disclosures to the alleged harasser in the event of a disciplinary proceeding.

EEOC-16 Office of Inspector General Investigative Files: We propose a new routine use permitting disclosures during peer reviews.

EEOC-17 Defensive Litigation Files: The system is updated to reflect that internal defensive litigation files are maintained in the Office of General Counsel and external defensive litigation files are maintained in the Office of Legal Counsel.

EEOC-18 Reasonable Accommodation Records: We added notification procedures, record access procedures, contesting records procedures, and record source categories.

The proposed universal routine uses, the routine uses in the one new system of records noted above and the proposed new routine uses in two existing systems meet the compatibility criteria since the information involved is collected for the purpose of the applicable routine uses. We anticipate that any disclosure pursuant to these routine uses will not result in any unwarranted adverse effects on personal privacy.

A complete list of all EEOC systems of records is published below. The complete text of the notices follows.

Mission and Functions

The mission of the Committee is to make recommendations to the Commission regarding consumer issues within the jurisdiction of the Commission and to facilitate the participation of consumers (including underserved populations, such as Native Americans, persons living in rural areas, older persons, people with disabilities, and persons for whom English is not their primary language) in proceedings before the Commission. The duties of the Committee will include providing guidance to the Commission, to gather data and information, and to perform those analyses that are necessary to respond to the questions or matters before it.

Background

In November 2000, the Committee was initially established for a period of two (2) years from the original charter date. Following expiration of the original charter, the Committee was subsequently renewed several times. On October 14, 2016, the Committee held the final meeting of its most recent term, and thereafter, the Committee's charter, and all member appointments, terminated. The charter was renewed on October 21, 2016, for another two-year term, the ninth such renewal. This renewal is necessary and in the public interest. The Committee will operate in accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. App. 2 (1988). Each meeting of the Committee will be open to the public. A notice of each meeting will be published in the **Federal Register** at least fifteen (15) days in advance of the meeting. Records will be maintained of each meeting and made available for public inspection.

During the Committee's ninth term, it is anticipated that the Committee will meet in Washington, DC for a minimum of three (3) one-day plenary meetings per year. In addition, as needed, working groups or subcommittees will be established to facilitate the Committee's work between meetings of the full Committee. Meetings will be fully accessible to individuals with disabilities.

Members must be willing to commit to a two (2) year term of service, and should be willing and able to attend a minimum of three (3) one-day plenary committee meetings per year in Washington, DC. Committee members are also expected to participate in deliberations of at least one (1) working group or subcommittee.

Appointment of Members and Chairperson

In anticipation of the renewal of the Committee's charter, by a Public Notice (DA 16-657) released June 14, 2016, the
