Foreign-Trade Zones Board

[B–80–2016]

Foreign-Trade Zone (FTZ) 148—Knoxville, Tennessee; Notification of Proposed Production Activity; CoLinx, LLC; (Bearing Units) Crossville, Tennessee

CoLinx, LLC (CoLinx) submitted a notification of proposed production activity to the FTZ Board for its facilities in Crossville, Tennessee within FTZ 148. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on November 17, 2016. CoLinx already has authority to produce kits of bearing products within Sites 2, 6, 8 and 9 of FTZ 148. The current request would add foreign status materials/components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials/components described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt CoLinx from customs duty payments on the foreign-status materials/components used in export production. On its domestic sales, CoLinx would be able to choose the duty rates during customs entry procedures that apply to mounted unit roller assemblies (housed, spherical roller bearing units) and mounted unit ball assemblies (housed ball bearing units) (duty rate 4.5%) for the foreign-status materials/components noted below. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials/components sourced from abroad include: Single-row, radial ball bearings (Y-bearings); bearings housings for ball bearings; and, corrugated paperboard boxes (duty rate ranges from duty-free to 5.8%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is January 4, 2017.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Elizabeth Whiteman at Elizabeth.Whiteman@trade.gov or (202) 482–0473.

Dated: November 18, 2016.

Foreign-Trade Zone (FTZ) 126—Reno, Nevada; Authorization of Production Activity; Tesla Motors, Inc.; Subzone 126D (Lithium-Ion Batteries, Electric Motors and Stationary Energy Storage Systems); Sparks, Nevada

On July 20, 2016, the Economic Development Authority of Western Nevada, grantee of FTZ 126, submitted a notification of proposed production activity to the FTZ Board on behalf of Tesla Motors, Inc., operator of Subzone 126D, for its facility located in Sparks, Nevada.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the Federal Register inviting public comment (81 FR 52824, August 10, 2016). The FTZ Board has determined that no further review of the activity is warranted at this time. The production activity described in the notification is authorized, subject to the FTZ Act and the Board’s regulations, including Section 400.14.

Dated: November 17, 2016.

Monosodium Glutamate from Indonesia: Preliminary Results of Antidumping Duty Administrative Review; 2014–2015

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the antidumping duty order on monosodium glutamate (MSG) from Indonesia. The period of review (POR) is May 8, 2014 through October 31, 2015. This review covers a single mandatory respondent, PT Cheil Jedang Indonesia (CJI). The Department preliminarily determines that the respondent has not made sales of subject merchandise below normal value (NV). We invite interested parties to comment on these preliminary results.

DATES: Effective November 25, 2016.

FOR FURTHER INFORMATION CONTACT: David Lindgren or Joseph Traw, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–3870 or (202) 482–6079, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 7, 2016, the Department initiated this administrative review on MSG from Indonesia covering one company, CJI. The events that have occurred between initiation and these preliminary results are discussed in the Preliminary Decision Memorandum.¹

Scope of the Order

The merchandise covered by this order is monosodium glutamate (MSG), whether or not blended or in solution with other products. The product is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheading 2922.42.10.00. Merchandise covered by this order may

also enter under HTSUS subheadings 2922.42.50.00, 2103.90.72.00, 2103.90.74.00, 2103.90.78.00, 2103.90.80.00, and 2103.90.90.91. These tariff classifications are provided for convenience and customs purposes; however, the written product description, available in the Preliminary Decision Memorandum, remains dispositive.

Methodology

The Department is conducting this review in accordance with section 772 of the Act. Export price is calculated in accordance with section 773 of the Act. NV is calculated in accordance with section 773 of the Act. If CJI’s weighted-average dumping margin is not zero or de minimis (i.e., less than 0.5 percent) in the final results of this review, we will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer’s examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). We will instruct CBP to assess antidumping duties on all appropriate entries in accordance with 19 CFR 351.212(b)(1). If CJI’s weighted-average dumping margin is not zero or de minimis (i.e., less than 0.5 percent) in the final results of this review, we will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer’s examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above de minimis. Where the respondent’s weighted-average dumping margin is zero or de minimis, or an importer-specific assessment rate is zero or de minimis, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

For entries of subject merchandise during the POR produced by the respondent for which it did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act:

1. The cash deposit rate for the company under review will be the rate established in the final results of this review, except, if the rate is zero or de minimis (i.e., less than 0.5 percent), no cash deposit will be required; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters is 6.19 percent, the all-others rate established in the investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Interested Parties

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that

Emulsion Styrene-Butadiene Rubber From Brazil, the Republic of Korea, Mexico, and Poland: Postponement of Preliminary Determination of Sales at Less Than Fair Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Effective November 25, 2016.

Drew Jackson at (202) 482–4406 (Brazil); Carrie Bethea at (202) 482–1491 (the Republic of Korea (Korea)); Julia Hancock at (202) 482–1394 (Mexico); and Stephen Bailey at (202) 482–0193 (Poland), Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Postponement of Preliminary Determinations

On August 10, 2016, the Department of Commerce (the Department) initiated the antidumping duty investigations of imports of emulsion styrene-butadiene rubber (ESB Rubber) from Brazil, Korea, Mexico, and Poland.¹ The notice of initiation stated that, in accordance with section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.205(b)(1), we would issue our preliminary determinations no later than 140 days after the date of initiation, unless postponed. Currently, the preliminary determinations in these investigations are due no later than December 28, 2016.

On November 7, 2016, Lion Elastomers and East West Copolymer (Petitioners), made a timely request, pursuant to 19 CFR 351.205(e), for postponement of the preliminary determinations, in order to facilitate the Department’s analysis of respondents’ questionnaire responses in each investigation. Because there are no compelling reasons to deny the request, pursuant to section 733(c)(1)[A] of the Act, the Department is postponing the deadline for the preliminary determinations by 50 days.²

For the reasons stated above, the Department, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations to no later than 190 days after the date on which the Department initiated these investigations. Therefore, the new deadline for the preliminary determinations is February 16, 2017. In accordance with section 735(a)(1) of the Act, the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(j)(1).

Dated: November 16, 2016.

Assistant Secretary for Enforcement and Compliance.
