

safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and

- does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this proposed rule for existing HMIWI units within the State of Maryland does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the section 111(d)/129 plan is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

Internet Posting of and Confidentiality Determinations for Hazardous Waste Export and Import Documents

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is amending existing regulations regarding the export and import of hazardous wastes from and into the United States. EPA is making these changes to improve protection of public health with respect to hazardous wastes by ensuring public accessibility and transparency of export and import documentation. Specifically, the proposed revisions of the existing regulations will require exporters of hazardous waste and receiving facilities recycling or disposing hazardous waste from foreign sources to maintain a single publicly accessible Web site ("Export/Import Web site") to which documents can be posted regarding the confirmation of receipt and confirmation of completed recovery or disposal of individual hazardous waste import and export shipments. These proposed changes will improve information on the movement and disposition of hazardous wastes, and will enable interested members of the community and the government to
