Job Corps is the nation's largest residential, educational, and career technical training program for young Americans. The Economic Opportunity Act established Job Corps in 1964 and it currently operates under the authority of the Workforce Innovation and Opportunity Act (WIOA) of 2014. For over 51 years, Job Corps has helped prepare nearly 3 million at-risk young people between the ages of 16 and 24 for success in our nation's workforce. With 126 centers in 50 states, Puerto Rico, and the District of Columbia, Job Corps assists students across the nation in attaining academic credentials, including High School Diplomas (HSD) and/or High School Equivalency (HSE), and career technical training credentials, including industry-recognized certifications, state licensures, and pre-apprenticeship credentials.

Job Corps is a national program administered by the U.S. Department of Labor (DOL) through the Office of Job Corps and six Regional Offices. DOL awards and administers contracts for the recruiting and screening of new students, center operations, and the placement and transitional support of graduates and former enrollees. Large and small corporations and nonprofit

organizations manage and operate 99 Job Corps centers under contractual agreements with DOL. These contract Center Operators are selected through a competitive procurement process that evaluates potential operators' technical expertise, proposed costs, past performance, and other factors, in accordance with the Competition in Contracting Act and the Federal Acquisition Regulations. The remaining 27 Job Corps centers, called Civilian Conservation Centers, are operated by the U.S. Department of Agriculture Forest Service, via an interagency agreement. The DOL has a direct role in the operation of Job Corps, and does not serve as a pass-through agency for this program.
