of the businesses, organizations, and governmental jurisdictions subject to regulation.” To achieve this principle, agencies are required to solicit and consider flexible regulatory proposals and to explain the rationale for their actions to assure that such proposals are given serious consideration.” I certify that these regulations will not have a significant economic impact on a substantial number of small entities because they will apply only to overseas Federal employees, annuitants and their former spouses who are in same-sex domestic partnerships and are not married.

Beth F. Cobert,
Acting Director, U.S. Office of Personnel Management.

Accordingly, OPM is amending 5 CFR parts 890 and 894 as follows:

PART 890—FEDERAL EMPLOYEES HEALTH BENEFITS PROGRAM

§ 890.302 Coverage of family members.

and shall continue to refer to such child after the enrollee’s divorce from the spouse, termination of the domestic partnership, or death of the spouse or domestic partner, so long as the child continues to live with the enrollee in a regular parent-child relationship.

Coverage of children of domestic partners terminates on January 1, 2016, unless an agency requests, and OPM grants, the agency a continued coverage exception for enrollees living overseas. This continued coverage exception will be available to overseas employees and all coverage, under such an exception, will end on September 30, 2018.

PART 894—FEDERAL EMPLOYEES DENTAL AND VISION INSURANCE PROGRAM

§ 894.101 Definitions.

Stepchild means:

(1) Except as provided in paragraph (2), the child of an enrollee’s spouse or domestic partner and shall continue to refer to such child after the enrollee’s divorce from the spouse, termination of the domestic partnership, or death of the spouse or domestic partner, so long as the child continues to live with the enrollee in a regular parent-child relationship.

(2) The child of an enrollee and a domestic partner who otherwise meet the requirements of paragraphs (1) through (8) of the definition of Domestic partnership in this section, but live in a state that has authorized marriage by same-sex couples prior to the first day of Open Season, shall not be considered a stepchild who is the child of a domestic partner in the following plan year. The determination of whether a state’s marriage laws render the child ineligible for coverage as a stepchild who is the child of a domestic partner shall be made once annually, based on the law of the state where the same-sex couple lives on the last day before Open Season begins for enrollment for the following year. A child’s eligibility for coverage as a stepchild who is the child of a domestic partner in a particular plan year shall not be affected by a mid-year change to the state’s marriage law or by the couple’s relocation to a different state. For midyear enrollment changes involving the addition of a new stepchild, as defined by this regulation, outside of Open Season, the determination of whether a state’s marriage laws render the child ineligible for coverage shall be made at the time the employee notifies the employing office of his or her desire to cover the child. Coverage of children of domestic partners terminates on January 1, 2016, unless an agency requests, and OPM grants, the agency a continued coverage exception for enrollees living overseas. Continued coverage exceptions will only be granted to children of domestic partners living overseas and all coverage exceptions will end on September 30, 2018.

NRC—2016–0229

Miscellaneous Corrections

AGENCY: Nuclear Regulatory Commission.

ACTION: Final rule.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is amending its regulations to make miscellaneous corrections. The amendments include correcting a senior NRC management position title; correcting terminology for consistency in NRC regulations; and correcting contact information references, typographical errors, and misspellings. This document is necessary to inform the public of these non-substantive amendments to the NRC’s regulations.

DATES: This rule is effective December 30, 2016.

ADDRESSES: Please refer to Docket ID NRC–2016–0229 when contacting the NRC about the availability of information for this final rule. You may obtain publicly-available information related to this final rule by any of the following methods:

• Federal Rulemaking Web site: Go to http://www.regulations.gov and search for Docket ID NRC–2016–0229. Address questions about NRC dockets to Carol Gallagher; telephone: 301–415–3463; email: Carol.Gallagher@nrc.gov. For technical questions, please contact the individual listed in the FOR FURTHER
I. Introduction

The NRC is amending its regulations in parts 2, 10, 26, 30, 40, 50, 55, 61, 63, 70, 71, 72, 73, 74, and 100 of title 10 of the Code of Federal Regulations (10 CFR) to make miscellaneous corrections. The amendments include correcting a senior NRC management position title; correcting terminology for consistency in NRC regulations; and correcting contact information, references, typographical errors, and misspellings. This document is necessary to inform the public of these non-substantive amendments to the NRC’s regulations.

II. Summary of Changes

10 CFR Part 26

Correct Terminology. This final rule removes all references to “blind samples” and “blind performance specimens” and replaces them with “blind performance test samples.”

10 CFR Parts 30, 40, 61, 63, 70, 72, and 100

Correct Terminology. This final rule removes all references to “ground water” and “ground-water” and replaces them with “groundwater.”

10 CFR Part 50

Correct Reference. In § 50.23, this final rule removes the incorrect reference “§ 50.91” and replaces it with the correct reference “§ 50.92.”

Correct Typographical Error. In § 50.34(a)(3)(i), this final rule capitalizes “Appendix” at the beginning of the second sentence.

Correct Misspelling. In section IV of appendix C, this final rule removes the misspelled term “Comission” and replaces it with the correct term “Commission.”

Correct Reference. In section II.A of appendix J, this final rule removes the incorrect reference “§ 50.2(v)” and replaces it with the correct reference “§ 50.2.”

10 CFR Part 55

Correct Misspelling. In § 55.59(c)(3)(i)(G)(3), this final rule removes the misspelled term “lead-rate” and replaces it with the correct term “leak-rate.”

10 CFR Part 71

Correct Typographical Error. In § 71.71(c)(1), this final rule changes the second column heading in the table from “Total insolation for a 12-hour period (g cal/cm²)” to “Total insolation for a 12-hour period (g cal/cm²).”

10 CFR Part 72

Correct Reference. In § 72.74(b), this final rule removes the incorrect reference “§ 73.21(g)(3)” and replaces it with the correct reference “§ 73.22(f)(3).”

10 CFR Part 73

Correct Misspelling. In § 73.56(o)(2)(i), this final rule removes the misspelled term “riffyng” and replaces it with the correct term “certifying.”

10 CFR Part 74

Correct Reference. In § 74.11(b), this final rule removes the incorrect reference “§ 73.21(g)(3)” and replaces it with the correct reference “§ 73.22(f)(3).”

III. Rulemaking Procedure

Under the Administrative Procedure Act (5 U.S.C. 553(b)), an agency may waive publication in the Federal Register of a notice of proposed rulemaking and opportunity for comment requirements if it finds, for good cause, that they are impracticable, unnecessary, or contrary to the public interest. As authorized by 5 U.S.C. 553(b)(3)(B), the NRC finds good cause to waive notice and opportunity for comment on these amendments, because notice and opportunity for comment are unnecessary. The amendments will have no substantive impact and are of a minor and administrative nature dealing with corrections to certain CFR sections related only to management, organization, procedure, and practice. Specifically, the revisions include correcting a senior NRC management position title; correcting terminology for consistency in NRC regulations; and correcting contact information, references, typographical errors, and misspellings. The amendments do not require action by any person or entity regulated by the NRC, and do not change the substantive responsibilities of any person or entity regulated by the NRC.

IV. Environmental Impact: Categorical Exclusion

The NRC has determined that this final rule is the type of action described in 10 CFR 51.22(c)(2), which categorically excludes from environmental review rules that are corrective or of a minor, nonpolicy nature and do not substantially modify existing regulations. Therefore, neither an environmental impact statement nor an environmental assessment has been prepared for this rule.

V. Paperwork Reduction Act Statement

This final rule does not contain a collection of information as defined in the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.) and, therefore, is not subject to the requirements of the Paperwork Reduction Act of 1995.

VI. Plain Writing

The Plain Writing Act of 2010 (Pub. L. 111–274) requires Federal agencies to write documents in a clear, concise, and well-organized manner. The NRC has...
written this document to be consistent with the Plain Writing Act as well as the Presidential Memorandum, “Plain Language in Government Writing,” published June 10, 1998 (63 FR 31883).

VII. Backfitting and Issue Finality

The NRC has determined that the amendments in this final rule do not constitute backfitting and are not inconsistent with any of the issue finality provisions in 10 CFR part 52. The amendments are non-substantive in nature, including correcting a senior NRC management position title; correcting terminology for consistency in NRC regulations; and correcting contact information, references, typographical errors, and misspellings. They impose no new requirements and make no substantive changes to the regulations. The amendments do not involve any provisions that would impose backfits as defined in 10 CFR chapter I, or would be inconsistent with the issue finality provisions in 10 CFR part 52. For these reasons, the issuance of the rule in final form would not constitute backfitting or represent a violation of any of the issue finality provisions in 10 CFR part 52. Therefore, the NRC has not prepared any additional documentation for this correction rulemaking addressing backfitting or issue finality.

14 CFR Part 25

[Docket No. FAA–2015–1495; Special Conditions No. 25–641–SC]

Special Conditions: Gulfstream Aerospace Corporation Model GVI–G500 Airplanes; Electronic Flight-Control-System Mode Annunciation

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final special conditions; request for comments.

SUMMARY: These special conditions are issued for the Gulfstream Aerospace Corporation (Gulfstream) Model GVI–G500 airplane. This airplane will have a novel or unusual design feature when compared to the state of technology envisioned in the airworthiness standards for transport-category airplanes. This design feature is electronic flight-control-system (EFCS) mode annunciation. The applicable airworthiness regulations do not contain adequate or appropriate safety standards for this design feature. These special conditions contain the additional safety standards that the Administrator considers necessary to establish a level of safety equivalent to that established by the existing airworthiness standards.
