Repeat the inspections thereafter at the applicable time specified in paragraph 1.E., "Compliance," of Boeing Alert Service Bulletin 747-57A2357, dated September 12, 2016.

#### (h) Repair of Any Cracking

If any crack is found during any inspection required by paragraph (g) of this AD, before further flight, repair using a method approved in accordance with the procedures specified in paragraph (j) of this AD. Thereafter, repeat the inspections specified by paragraph (g) of this AD at all unrepaired areas.

#### (i) Service Information Exceptions

Where paragraph 1.E., "Compliance," of Boeing Alert Service Bulletin 747-57A2357, dated September 12, 2016, specifies a compliance time "after the original date of this service bulletin," this AD requires compliance within the specified compliance time after the effective date of this AD.

#### (j) Alternative Methods of Compliance (AMOCs)

(1) The Manager, Seattle Aircraft Certification Office (ACO), FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the ACO, send it to the attention of the person identified in paragraph (k)(1) of this AD. Information may be emailed to: [9-ANM-Seattle-ACO-AMOC-Requests@faa.gov](mailto:9-ANM-Seattle-ACO-AMOC-Requests@faa.gov).

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(3) An AMOC that provides an acceptable level of safety may be used for any repair, modification, or alteration required by this AD if it is approved by the Boeing Commercial Airplanes Organization Designation Authorization (ODA) that has been authorized by the Manager, Seattle ACO, to make those findings. To be approved, the repair method, modification deviation, or alteration deviation must meet the certification basis of the airplane, and the approval must specifically refer to this AD.

(4) Except as required by paragraph (i) of this AD: For service information that contains steps that are labeled as Required for Compliance (RC), the provisions of paragraphs (j)(4)(i) and (j)(4)(ii) of this AD apply.

(i) The steps labeled as RC, including substeps under an RC step and any figures identified in an RC step, must be done to comply with the AD. If a step or substep is labeled "RC Exempt," then the RC requirement is removed from that step or substep. An AMOC is required for any deviations to RC steps, including substeps and identified figures.

(ii) Steps not labeled as RC may be deviated from using accepted methods in accordance with the operator's maintenance or inspection program without obtaining approval of an AMOC, provided the RC steps, including substeps and identified figures, can still be done as specified, and the airplane can be put back in an airworthy condition.

#### SUPPLEMENTARY INFORMATION:

##### Background

In accordance with the Privacy Act (5 U.S.C. 552a) we are issuing public notice of our intent to establish a new system of records entitled, Anti-Harassment & Hostile Work Environment Case Tracking and Records System (Anti-Harassment System) (60-0380). The Equal Employment Opportunity Commission (EEOC) requires that agencies implement anti-harassment policies and procedures separate from the Equal Employment

Opportunity process. As a result of implementing those policies and procedures, we propose establishing the Anti-Harassment system to manage information regarding allegations of workplace harassment filed by SSA employees and SSA contractors alleging harassment by another SSA employee, as well as allegations of workplace harassment filed by SSA employees alleging harassment by an SSA contractor.

We propose establishing the Anti-Harassment system as part of our compliance efforts under Title VII of the Civil Rights Act of 1964; the Age Discrimination in Employment Act of 1967; the Americans with Disabilities Act of 1990 (ADA); the ADA Amendments Act of 2008; the Notification and Federal Employee Antidiscrimination and Retaliation Act of 2002 (No FEAR Act); and the Genetic Information Nondiscrimination Act of 2008 (GINA); and Executive Orders 11478, 11246, 13152, and 13087. These legal authorities prohibit discrimination, including harassment, based on sex, race, color, religion, national origin, age, disability, genetic information, or other protected basis.

The Anti-Harassment System will capture and house information regarding allegations of workplace harassment filed by SSA employees and SSA contractors alleging harassment by another SSA employee, and any investigation, or response, we take because of the allegation. Due to the investigatory nature of information that will be maintained in this system of records, this proposed rule would add the Anti-Harassment System to the list of SSA systems that are exempt from specific provisions of the Privacy Act pursuant to 5 U.S.C. 552a(k)(2).

**Rulemaking Analyses and Notices**

All comments received on or before the close of business on the comment closing date indicated above will be considered and will be available for examination in the docket at the above address. Comments received after the comment closing date will be filed in the docket and will be considered to the extent practicable. A final rule may be published at any time after close of the comment period.

**Clarity of This Rule**

Executive Order 12866, as supplemented by Executive Order 13563, requires each agency to write all rules in plain language. In addition to your substantive comments on this proposed rule, we invite your comments on how to make the rule easier to understand.

For example:

- Would more, but shorter, sections be better?
- Are the requirements in the rule clearly stated?
- Have we organized the material to suit your needs?
- Could we improve clarity by adding tables, lists, or diagrams?
- What else could we do to make the rule easier to understand?
- Does the rule contain technical language or jargon that is not clear?
- Would a different format make the rule easier to understand, e.g. grouping and order of sections, use of headings, paragraphing?

**Regulatory Procedures**

SSA will publish a final rule responding to any comments received and, if appropriate, will amend provisions of the rule.

*Executive Order 12866, as Supplemented by Executive Order 13563*

We consulted with the Office of Management and Budget (OMB) and determined that this proposed rule does not meet the criteria for a significant regulatory action under Executive Order 12866, as supplemented by Executive Order 13563. Therefore, OMB did not review it.

We also determined that this proposed rule meets the plain language requirement of Executive Order 12866.

*Executive Order 13132 (Federalism)*

This proposed rule was analyzed in accordance with the principles and criteria established by Executive Order 13132, and SSA determined that the proposed rule will not have sufficient Federalism implications to warrant the preparation of a Federalism assessment. SSA also determined that this proposed rule will not preempt any State law or State regulation or affect the States' abilities to discharge traditional State governmental functions.

*Executive Order 12372 (Intergovernmental Review)*

The regulations effectuating Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this proposed rule.

*Regulatory Flexibility Act*

We certify that this proposed rule will not have a significant economic impact on a substantial number of small entities because it affects individuals only. Therefore, the Regulatory Flexibility Act, as amended, does not require us to prepare a regulatory flexibility analysis.

*Paperwork Reduction Act*

This proposed rule does not create any new or affect any existing collections and, therefore, do not require Office of Management and Budget approval under the Paperwork Reduction Act.

**List of Subjects in 20 CFR Part 401**
